(2) Flooding or other inclement weather as defined in subsection 1 of section 171.033 prevents students from attending the public school facility.

Such reduction shall not extend beyond two calendar years in duration."; and

Further amend said bill, Page 4, Section 160.545, Line 119, by inserting immediately after said line the

following:

"171.031. 1. Each school board shall prepare annually a calendar for the school term, specifying the opening date**, days of planned attendance,** and providing a minimum term of at least one hundred seventy-four days for schools with a five-day school week or one hundred forty-two days for schools with a four-day school week, and one thousand forty-four hours of actual pupil attendance. **In the school year 2017-18 and subsequent years, one thousand forty-four hours of actual pupil attendance shall be required for the school term with no minimum number of school days.** In addition, such calendar shall include six make-up days for possible loss of attendance due to inclement weather as defined in subsection 1 of section 171.033. **In the school year 2017-18 and subsequent years, such calendar shall include thirty-six make-up hours for possible loss of attendance due to inclement weather, as defined under subsection 1 of section 171.033, with no minimum number of make-up days.**

2. Each local school district may set its opening date each year, which date shall be no earlier than ten calendar days prior to the first Monday in September. No public school district shall select an earlier start date unless the district follows the procedure set forth in subsection 3 of this section.

3. A district may set an opening date that is more than ten calendar days prior to the first Monday in September only if the local school board first gives public notice of a public meeting to discuss the proposal of opening school on a date more than ten days prior to the first Monday in September, and the local school board holds said meeting and, at the same public meeting, a majority of the board votes to allow an earlier opening date. If all of the previous conditions are met, the district may set its opening date more than ten calendar days prior to the first Monday in September. The condition provided in this subsection must be satisfied by the local school board each year that the board proposes an opening date more than ten days before the first Monday in September.

4. If any local district violates the provisions of this section, the department of elementary and secondary education shall withhold an amount equal to one quarter of the state funding the district generated under section 163.031 for each date the district was in violation of this section.

5. The provisions of subsections 2 to 4 of this section shall not apply to school districts in which school is in session for twelve months of each calendar year.

6. The state board of education may grant an exemption from this section to a school district that demonstrates highly unusual and extenuating circumstances justifying exemption from the provisions of subsections 2 to 4 of this section. Any exemption granted by the state board of education shall be valid for one academic year only.

7. **[**No school day for schools with a five-day school week shall be longer than seven hours except for vocational schools which may adopt an eight-hour day in a metropolitan school district and a school district in a first class county adjacent to a city not within a county, and any school that adopts a four-day school week in accordance with section 171.029.**] No cap on the number of hours in a school day shall be imposed on school districts.**

171.033. 1. "Inclement weather", for purposes of this section, shall be defined as ice, snow, extreme cold, flooding, or a tornado, but such term shall not include excessive heat.

2. A district shall be required to make up the first six days of school lost or cancelled due to inclement weather and half the number of days lost or cancelled in excess of six days if the makeup of the days is

necessary to ensure that the district's students will attend a minimum of one hundred forty-two days and a minimum of one thousand forty-four hours for the school year except as otherwise provided in this section. Schools with a four-day school week may schedule such make-up days on Fridays. **Notwithstanding the above, in the school year 2017-18 and subsequent years, a district shall be required to make up the first thirty-six hours of school lost or cancelled due to inclement weather and half the number of hours lost or cancelled in excess of thirty-six if the makeup of the hours is necessary to ensure that the district's students attend a minimum of one thousand forty-four hours for the school year.**

3. In the 2009-10 school year and **all** subsequent years **through the 2016-17 school year**, a school district may be exempt from the requirement to make up days of school lost or cancelled due to inclement weather in the school district when the school district has made up the six days required under subsection 2 of this section and half the number of additional lost or cancelled days up to eight days, resulting in no more than ten total make-up days required by this section.

4. The commissioner of education may provide, for any school district **[**in which schools are in session for twelve months of each calendar year**]** that cannot meet the minimum school calendar requirement of at least one hundred seventy-four days for schools with a five-day school week or one hundred forty-two days for schools with a four-day school week and one thousand forty-four hours of actual pupil attendance **or, in the school year 2017-18 and subsequent years, one thousand forty-four hours of actual pupil attendance**, upon request, a waiver to be excused from such requirement. This waiver shall be requested from the commissioner of education and may be granted if the school was closed due to circumstances beyond school district control, including inclement weather, flooding or fire."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

6. A school district or charter school shall make all curriculum materials used in the district's or school's human sexuality instruction available for public inspection pursuant to chapter 610 prior to the use of such materials in actual instruction.

7. No school district or charter school, or its personnel or agents, shall provide abortion services, or permit a person or entity to offer, sponsor, or furnish in any manner any course materials or instruction relating to human sexuality or sexually transmitted diseases to its students if such person or entity is a provider of abortion services.

Journal of the Senate

SECOND REGULAR SESSION

SIXTY-SECOND DAY—TUESDAY, MAY 3, 2016

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

"All progress has resulted from people who took unpopular positions." (Adlai E. Stevenson)

Heavenly Father, we thank You for being with us for we realize that many times what we consider to be the right thing to do puts us at odds with others. Grant us the strength and wisdom as we seek to do what You desire for us allowing us to do what is effective and right for us. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

Senator Kehoe announced photographers from The Missouri Times, KRCG-TV and Missourinet were given permission to take pictures in the Senate Chamber.

The President requested the Journal be read.

The Journal for Monday, May 2, 2016 was read in part.

Senator Kehoe moved that further reading of the Journal be dispensed with and the same be approved as though having been fully read.

Senator Chappelle-Nadal rose to object.

The President indicated that there was a motion before the body, rather than a unanimous consent request, and therefore the objection was not recognized.

The motion to dispense with further reading of the Journal and approve it as though having been fully read was adopted.

The following Senators were present during the day's proceedings:

(2) "Competitive service", a wholesale or retail offering of a specific communication service that is provided by one or more service providers within the boundaries of the local government. "Competitive service" shall not mean:

(a) Any service that a local government is prohibited from offering by law;

(b) The provision of free wireless communication services to the public;

(c) Any communication service that a local government uses for its own internal purposes;

(d) Any dark fiber that a local government may provide without including transmission of information in its offering if such dark fiber is made available to all service providers under the same terms and conditions;

(e) Any communication service to be provided by a local government if the proposed communication service meets the following requirements on the date of initial offering to the public:

a. The service is substantially similar to a service being offered by one or more service providers within such local government;

b. The service is offered to at least fifty percent of the addresses within the boundaries of such local government; and

c. The service is offered at speeds that are fifty percent greater than any maximum retail service speeds offered by a service provider within such local government; or

(5) "Local government", any city, town, village, or entity under the ownership or control of any city, town, or village;

(6) "Service provider", a wireless service provider, broadband or other internet protocol enabled service provider, video service provider, telecommunications company, or other communications-related service provider;

(7) "Wireless service provider", a provider of commercial mobile service under Section 332(d) of the Federal Telecommunications Act of 1996 (47 U.S.C. Section 151, et seq).

2. On or after August 28, 2016, no local government may offer to provide a competitive service unless:

(1) The local government offered such competitive service for purchase before August 28, 2016. Such local government may continue to provide such competitive service and may continue to use necessary infrastructure to provide such service. It may upgrade, improve, or enhance such infrastructure to continue to provide such service to its customers and prospective customers, including any modification or expansion to provide additional features or quality through products or technology not previously utilized;

(2) The competitive service is not being offered to fifty percent of the addresses by any combination of service providers within the boundaries of such local government;

(3) The fiscal impact to the local government of providing such competitive service is less than one million dollars over the initial five-year period such service will be offered, with such figure adjusted annually according to the applicable consumer price index utilized by the department of economic development;

(4) A single actual or potential business or a local government, on behalf of such business, makes a request for a communication service of a specific speed in excess of one gigabit per second download speed at a specific location that all service providers are unable or unwilling to provide. If such is the case, such local government may offer such service to such single business at a cost not below market price; or

(5) Such competitive service offering is approved by a majority of the voters of the local government voting thereon, as provided in this section. Once a local government receives approval by a majority of voters, it may upgrade, improve, or enhance such infrastructure to continue to provide such service to its customers and prospective customers, including any modification or expansion to provide additional features or quality through products or technology not previously utilized.

3. To place the question of providing a competitive service on the ballot, the local government shall complete a study concerning the feasibility of offering the service including, but not limited to, the financial implications to the local government, including for the initial five-year period such service will be offered; the access to the service being provided by private business; and other relevant factors; and shall release the results of the study to the public at least ninety days prior to the question being placed before the voters.

4. Nothing in this section shall be construed to require multiple votes to obtain authorization to provide a competitive service and authorization regarding fiscal issues. A local government may name the individual service providers necessary to meet the definition of a competitive service under this section. Depending on the question to be asked, the question shall be submitted in substantially one of the following forms:

(1) "Shall ..... (name of local government) offer ..... (name and description of competitive service) in competition with current private business at an estimated cost of ..... (estimated cost of the project determined under subsection 3 of this section) over the initial five-year period of operation?";

(2) "Shall ..... (name of local government) offer ..... (name and description of competitive service) in competition with current private business at an estimated cost of ..... (estimated cost

of the project determined under subsection 3 of this section) over the initial five-year period of operation, and shall such competitive service be financed from ..... (description of where and by what means revenue shall be obtained)?"; or

(3) "After previously approving the question of whether ..... (name of local government) offer ..... (name and description of competitive service) in competition with current private business, shall such competitive service be financed from ..... (description of where and by what means revenue shall be obtained)?".

5. If a local government offers a communications service where a private business also offers such service:

(1) No financial subsidization to support the service shall be allowed from revenue collected from other services offered by the local government, unless such usage of funds for the competitive service is specifically approved by voters. The provisions of this subdivision shall become void if such practice is determined by a court of competent jurisdiction to be unlawful. The use of assets owned by the local government, which are provided under an agreement requiring the payment of fair market value for use of such assets, shall not be considered financial subsidization under this subdivision. The issuance of a loan by the local government, which is provided under an agreement requiring the payment of principal and interest, shall not be considered financial subsidization under this subdivision;

(2) Except as provided under subdivisions (3) and (6) of this subsection, no assets or funds of the local government shall support such service, unless the voters of the local government approve a specific usage or revenue stream for the service;

(3) The local government may provide infrastructure owned by the local government, or any subdivision thereof, for the purpose of providing a competitive service under this section, if the subdivision of the local government offering such competitive service enters into an agreement to pay the local government, or subdivision thereof, the fair market value of such infrastructure or portion thereof used in the competitive service, unless the voters of the local government approve the use of such infrastructure without such payment. Further, notwithstanding subsection 2 of this section to the contrary, if the local government provides wholesale communication services to other political subdivisions for retail offerings or other communication service providers, it shall offer those wholesale communication services to any service provider under the same terms and conditions;

(4) The competitive service offered by a local government shall not receive any preferential access to public right-of-way and shall be subject to the same zoning and land use requirements as competitive services offered by other service providers;

(5) The competitive service offered by a local government shall not be provided under exclusive service arrangements that prohibit other service providers from offering competitive services; and

(6) A local government may issue a loan to the subdivision of the local government wishing to provide competitive service; provided that:

(a) Such loan is of a duration of no more than five years;

(b) The total of all loans issued to such subdivision by the local government does not exceed one million dollars; and

(c) The interest rate on such loan shall be no more than one percent above the prime interest rate as determined by the federal reserve system on the date the loan is approved, and the payback on such

loan shall include evenly divided principal payments over the term of the payback period.

This subsection shall not apply to any local government that provides competitive service under subdivision (1) of subsection 2 of this section.

6. If any resident or representative of a private business providing a competitive service, within the boundaries of such local government, has belief or knowledge that such local government has violated this section, he or she may file suit in a court of competent jurisdiction against the local government, or any such person may file an affidavit with the attorney general stating such belief or knowledge. Upon receiving such affidavit or on his or her own motion, the attorney general shall investigate the subdivision of the local government offering or seeking to offer the competitive service and, if the attorney general believes that the local government has violated this section, shall file suit against the local government on behalf of the state.

7. If the court finds that the local government has violated subsection 2 of this section, the court shall order the local government to cease providing the competitive service until such time that the local government obtains voter approval under subsections 3 and 4 of this section. If the court finds that the local government has violated subsection 5 of this section, the court shall order the local government to:

(1) Cease any action resulting in a violation of this section; and

(2) Refund the account or accounts, which originally had the funds that were improperly used under this section from revenues of the municipal service in question, in an amount equal to the amount that was improperly used under this section.

8. If the court finds that the local government has violated this section multiple times, the court may order:

(1) An audit performed by a third party of the municipal service in question. The court may order the local government to refund and remedy any audit findings; and

(2) Any other remedy the court deems appropriate."; and

HOUSE AMENDMENT NO. 7

Amend House Committee Substitute for Senate Committee Substitute for Senate Bill No. 765, Page 1, Section A, Line 5, by inserting after all of said section and line the following:

"**67.1790. 1. The governing body of any county of the first classification with more than two hundred sixty thousand but fewer than three hundred thousand inhabitants or any city within such county may impose by order or ordinance a sales tax on all retail sales made within the county or city that are subject to sales tax under chapter 144 for the purpose of funding early childhood education programs in the county or city. The tax shall not exceed one quarter of one percent and shall be imposed solely for the purpose of funding early childhood education programs in the county or city. The tax authorized in this section shall be in addition to all other sales taxes imposed by law and shall be stated separately from all other charges and taxes. The order or ordinance imposing a sales tax under this section shall not become effective unless the governing body of the county or city submits to the voters residing within the county or city, at a general election, a proposal to authorize the governing body of the county or city to impose a tax under this section.**

2. The question of whether the tax authorized by this section shall be imposed shall be submitted

in substantially the following form:

OFFICIAL BALLOT

Shall ..... (name of county/city) impose a (countywide/citywide) sales tax at a rate of (insert rate) percent for the purpose of funding early childhood education in the county or city?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, the order or ordinance shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of the adoption of the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, the county or city may not impose the sales tax authorized under this section unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. On or after the effective date of any tax authorized under this section, the county or city that imposed the tax shall enter into an agreement with the director of the department of revenue for the purpose of collecting the tax authorized in this section. On or after the effective date of the tax the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 and 32.087 shall apply. All revenue collected under this section by the director of the department of revenue on behalf of any county or city, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Early Childhood Education Sales Tax Trust Fund" and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the trust fund and credited to the county or city for erroneous payments and overpayments made and may redeem dishonored checks and drafts deposited to the credit of such county or city. Any funds in the special trust fund that are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing body of the county or city may authorize the use of a bracket system similar to that authorized under section 144.285, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions. Beginning with the effective date of the tax, every retailer in the county or city shall add the sales tax to the sale price, and this tax shall be a debt of the purchaser to the retailer until paid and shall be recoverable at law in the same manner as the purchase price. For purposes of this section, all retail sales shall be deemed to be consummated at the place of business of the retailer.

5. All applicable provisions under sections 144.010 to 144.525 governing the state sales tax, and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax, and all

exemptions granted to agencies of government, organizations, and persons under sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax. The same sales tax permit, exemption certificate, and retail certificate required under sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer under the state sales tax for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided under section 32.057 and sections 144.010 to 144.525 are hereby made applicable to violations of this section. If any person is delinquent in the payment of the amount required to be paid under this section, or in the event a determination has been made against the person for taxes and penalty under this section, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided under sections 144.010 to 144.525.

6. The governing body of any county or city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters at a general election. The ballot of submission shall be in substantially the following form:

Shall ..... (insert the name of the county or city) repeal the sales tax imposed at a rate of ..... (insert rate) percent for the purpose of funding early childhood education in the county or city?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. Whenever the governing body of any county or city that has adopted the sales tax authorized in this section receives a petition, signed by ten percent of the registered voters of the county or city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the county or city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

8. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the county or city shall notify the director of the department of revenue of the action at least thirty days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the

tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county or city, the director shall remit the balance in the account to the county or city and close the account of that county or city. The director shall notify each county or city of each instance of any amount refunded or any check redeemed from receipts due the county or city.

9. The governing body of each county or city imposing the tax authorized under this section shall select an existing community task force to administer the revenue from the tax received by the county or city. Such revenue shall be expended only upon approval of an existing community task force selected by the governing body of the county or city to administer the funds and only in accordance with a budget approved by the county or city governing body.

10. Notwithstanding any other provision of law, any tax authorized under the provisions of this section shall be submitted to the voters of the taxing jurisdiction for retention or repeal every five years using the same procedure by which the imposition of the tax was voted. If a majority of the votes cast on the proposal by the qualified voters of the taxing jurisdiction voting thereon are in favor of retention, the tax shall continue in effect. If a majority of the votes cast on the proposal by the qualified voters of the taxing jurisdiction voting thereon are not in favor of retention, the tax shall be repealed and that repeal shall become effective December thirty-first of the calendar year in which such repeal was approved."; and

HOUSE CONCURRENT RESOLUTION NO. 66

WHEREAS, meningococcal disease is any infection caused by the bacterium Neisseria meningitidis, or meningococcus. Although 1 in 10 people are carriers for this bacteria with no signs or symptoms of disease, sometimes Neisseria meningitidis bacteria can cause illness; and

WHEREAS, meningococcal disease is spread from person to person via the exchange of the bacteria through respiratory and throat secretion during close or lengthy contact; and

WHEREAS, in the U.S. there are approximately 1,000 to 1,200 cases of meningococcal disease that occur each year; and

WHEREAS, 10 to 15 percent of infected individuals will die, while 11 to 19 percent of those who live will suffer from serious morbidity, including loss of limbs and impacts to the nervous system; and

WHEREAS, infants under one year of age as well as young adults between the ages of 16 and 21 are most commonly impacted by this disease; and

WHEREAS, there are different strains or serogroups of Neisseria meningitidis, with serogroups B, C, and Y accounting for most meningococcal diseases in the U.S.; and

WHEREAS, there have been several recent outbreaks of serogroup B meningococcal disease on college campuses, with some cases resulting in death; and

WHEREAS, vaccines are available to prevent meningococcal disease, and different vaccines provide coverage against certain specific serogroups of the disease; and

WHEREAS, while there are vaccines that help provide protection against all three serogroups (B, C, and Y) commonly seen in the U.S., only vaccination for serogroups A, C, W, and Y is routinely recommended by the Centers for Disease Control and Prevention; and

WHEREAS, the Centers for Disease Control and Prevention's Advisory Committee on Immunization Practices recommends that decisions to vaccinate adolescents and young adults 16 through 23 years of age against serogroup B meningococcal disease should be made at the individual level with health care providers; and

WHEREAS, it is critical that students, parents, educators, and health care providers understand the dangers of meningitis B and are aware that a vaccine is available to prevent disease resulting from this serogroup:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-eighth General Assembly, Second Regular Session, the Senate concurring therein, hereby find that the recent incidence of meningococcal disease has served as a reminder of the critical role vaccinations play in helping to prevent this devastating illness; and

BE IT FURTHER RESOLVED that the Department of Health and Senior Services take all reasonable steps to urge all private and public high schools, colleges, and universities in Missouri to provide information to all students and parents about meningococcal disease, explaining the different disease serogroups, symptoms, risks, and treatment; and

BE IT FURTHER RESOLVED that such information shall also include a notice of availability, benefits, risks, and limitations of all meningococcal vaccines receiving a recommendation from the Advisory Committee on Immunization Practices, including Category A and Category B recommendations, with specific information as to those persons at higher risk for the disease; and

BE IT FURTHER RESOLVED that each private and public high school, college, and university shall recommend that current and entering students receive meningococcal vaccines in accordance with current Advisory Committee on Immunization Practices guidelines; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for every private and public high school, college, and university in Missouri.

The provision and receipt of such benefits shall not make the recipient an employee of the district. Directors who are also volunteer members may receive such benefits while serving as a director of the district.

HOUSE AMENDMENT NO. 5

Amend Senate Bill No. 988, Page 1, In the Title, Lines 2 and 3, by deleting the words "medical helicopters" and inserting in lieu thereof the words "emergency services"; and

Further amend said bill and page, Section A, Line 2, by inserting after all of said section and line the following:

"190.241. 1. The department shall designate a hospital as an adult, pediatric or adult and pediatric trauma center when a hospital, upon proper application submitted by the hospital and site review, has been found by the department to meet the applicable level of trauma center criteria for designation in accordance with rules adopted by the department as prescribed by section 190.185.

2. **Except as provided in subsection 4 of this section,** the department shall designate a hospital as a STEMI or stroke center when such hospital, upon proper application and site review, has been found by the department to meet the applicable level of STEMI or stroke center criteria for designation in accordance with rules adopted by the department as prescribed by section 190.185. In developing STEMI center and stroke center designation criteria, the department shall use, as it deems practicable, appropriate peer-reviewed or evidence-based research on such topics including, but not limited to, the most recent guidelines of the American College of Cardiology and American Heart Association for STEMI centers, or the Joint Commission's Primary Stroke Center Certification program criteria for stroke centers, or Primary and Comprehensive Stroke Center Recommendations as published by the American Stroke Association.

3. The department of health and senior services shall, not less than once every five years, conduct an on-site review of every trauma, STEMI, and stroke center through appropriate department personnel or a qualified contractor**, with the exception of stroke centers designated under subsection 4 of this section; however, this provision shall not limit the department's ability to conduct a complaint investigation under subdivision (3) of subsection 2 of section 197.080 of any trauma, STEMI, or stroke center**. On-site reviews shall be coordinated for the different types of centers to the extent practicable with hospital licensure inspections conducted under chapter 197. No person shall be a qualified contractor for purposes of this subsection who has a substantial conflict of interest in the operation of any trauma, STEMI, or stroke center under review. The department may deny, place on probation, suspend or revoke such designation in any case in which it has reasonable cause to believe that there has been a substantial failure to comply with the provisions of this chapter or any rules or regulations promulgated pursuant to this chapter. If the department of health and senior services has reasonable cause to believe that a hospital is not in compliance with such provisions or regulations, it may conduct additional announced or unannounced site reviews of the hospital to verify compliance. If a trauma, STEMI, or stroke center fails two consecutive on-site reviews because of substantial noncompliance with standards prescribed by sections 190.001 to 190.245 or rules adopted by the department pursuant to sections 190.001 to 190.245, its center designation shall be revoked.

4. **Instead of applying for stroke center designation under the provisions of subsection 2 of this section, a hospital may apply for stroke center designation under the provisions of this subsection.**

Upon receipt of an application from a hospital on a form prescribed by the department, the department shall designate such hospital:

(1) A level I stroke center if such hospital has been certified as a comprehensive stroke center by the Joint Commission or any other certifying organization designated by the department if such certification is in accordance with the American Heart Association and American Stroke Association guidelines;

(2) A level II stroke center if such hospital has been certified as a primary stroke center by the Joint Commission or any other certifying organization designated by the department if such certification is in accordance with the American Heart Association and American Stroke Association guidelines; or

(3) A level III stroke center if such hospital has been certified as an acute stroke-ready hospital by the Joint Commission or any other certifying organization designated by the department if such certification is in accordance with the American Heart Association and American Stroke Association guidelines.

Except as provided under subsection 5 of this section, the department shall not require compliance with any additional standards for establishing or renewing stroke designations. The designation shall continue if such hospital remains certified. The department may remove a hospital's designation as a stroke center if the hospital requests removal of the designation or the department determines that the certificate recognizing the hospital as a stroke center has been suspended or revoked. Because the department may not have access to the records of the certifying organization, any decision made by the department to withdraw its designation of a stroke center under this subsection that is based on the revocation or suspension of a certification by a certifying organization shall not be subject to judicial review. The department shall report to the certifying organization any complaint it receives related to the certification of a stroke center designated under this subsection. The department shall also advise the complainant of which organization certified the stroke center and provide the necessary contact information should the complainant wish to pursue a complaint with the certifying organization.

5. Any hospital receiving designation as a stroke center under subsection 4 of this section shall:

(1) Annually and within thirty days of any changes submit to the department proof of stroke certification and the names and contact information of the medical director and the program manager of the stroke center;

(2) Submit to the department a copy of the certifying organization's final stroke certification survey results within thirty days of receiving such results;

(3) Submit every four years an application on a form prescribed by the department for stroke center review and designation;

(4) Participate in the emergency medical services regional system of stroke care in its respective emergency medical services region as defined in 19 CSR 30-40.302; and

(5) Participate in local and regional emergency medical services systems by reviewing and sharing outcome data and providing training and clinical educational resources.

Any hospital receiving designation as a level III stroke center under subsection 4 of this section shall have a formal agreement with a level I or level II stroke center for physician consultative services for evaluation of stroke patients for thrombolytic therapy and the care of the patient post-thrombolytic therapy.

6. Hospitals designated as a STEMI or stroke center by the department, including those designated under subsection 4 of this section, shall submit data to meet the data submission requirements specified by rules promulgated by the department. Such submission of data may be done by the following methods:

(1) Entering hospital data directly into a state registry by direct data entry;

(2) Downloading hospital data from a nationally recognized registry or data bank and importing the data files into a state registry; or

(3) Authorizing a nationally recognized registry or data bank to disclose or grant access to the department to facility-specific data held by the registry or data bank.

A hospital submitting data under subdivision (2) or (3) of this subsection shall not be required to collect and submit any additional STEMI or stroke center data elements.

7. When collecting and analyzing data under the provisions of this section, the department shall comply with the following requirements:

(1) The names of any health care professionals as defined in section 376.1350 shall not be subject to disclosure;

(2) The data shall not be disclosed in a manner that permits the identification of an individual patient or encounter;

(3) The data shall be used for the evaluation and improvement of hospital and emergency medical services trauma, stroke, and STEMI care;

(4) The data collection system shall be capable of accepting file transfers of data entered into any nationally recognized trauma, stroke, or STEMI registry or data bank to fulfill trauma, stroke, or STEMI certification reporting requirements;

(5) STEMI and stroke center data elements shall conform to nationally recognized performance measures, such as the American Heart Association's Get With the Guidelines, and include published, detailed measure specifications, data coding instructions, and patient population inclusion and exclusion criteria to ensure data reliability and validity; and

(6) Generate from the trauma, stroke, and STEMI registries quarterly regional and state outcome data reports for trauma, stroke, and STEMI designated centers for the state advisory council on emergency medical services and regional emergency medical services committees to review for performance improvement and patient safety.

8. The board of registration for the healing arts shall have sole authority to establish education requirements for physicians who practice in an emergency department of a facility designated as a trauma, STEMI, or stroke center by the department under this section. The department shall deem such education requirements promulgated by the board of registration for the healing arts sufficient

to meet the standards for designations under this section.

9. The department of health and senior services may establish appropriate fees to offset the costs of trauma, STEMI, and stroke center reviews.

[5.**] 10.** No hospital shall hold itself out to the public as a STEMI center, stroke center, adult trauma center, pediatric trauma center, or an adult and pediatric trauma center unless it is designated as such by the department of health and senior services.

[6.**] 11.** Any person aggrieved by an action of the department of health and senior services affecting the trauma, STEMI, or stroke center designation pursuant to this chapter, including the revocation, the suspension, or the granting of, refusal to grant, or failure to renew a designation, may seek a determination thereon by the administrative hearing commission under chapter 621. It shall not be a condition to such determination that the person aggrieved seek a reconsideration, a rehearing, or exhaust any other procedure within the department."; and

Further amend said bill, Page 2, Section B, Line 2, by deleting the words "section A" and inserting in lieu thereof the words "the enactment of section 190.265 of section A"; and

Further amend said bill, page, and section, Line 5, by deleting the words "section A" and inserting in lieu thereof the words "the enactment of section 190.265 of section A"; and

HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Bill No. 864, Page 1, In the Title, Lines 2-3, by deleting the words "the dispensing of medication" and inserting in lieu thereof the words "health care"; and

Further amend said bill, Page 2, Section 338.202, Line 13, by inserting after all of said section and line the following:

"**376.685. 1. No agreement between a health carrier or other insurer that writes vision insurance and an optometrist for the provision of vision services on a preferred or in-network basis to plan members or insurance subscribers in connection with coverage under a stand-alone vision plan, medical plan, health benefit plan, or health insurance policy shall require that an optometrist provide optometric or ophthalmic services or materials at a fee limited or set by the plan or health carrier unless the services or materials are reimbursed as covered services under the contract.**

2. No provider shall charge more for services or materials that are not covered under a health benefit or vision plan than his or her usual and customary rate for those services or materials.

3. Reimbursement paid by the health benefit or vision plan for covered services or materials

shall be reasonable and shall not provide nominal reimbursement in order to claim that services or materials are covered services. No health carrier shall provide de minimis reimbursement or coverage in an effort to avoid the requirements of this section.

4. No vision care insurance policy or vision care discount plan that provides covered services for materials shall have the effect, directly or indirectly, of limiting the choice of sources and suppliers of materials by a patient of a vision care provider.

5. Notwithstanding any other provisions in this section, nothing shall prohibit an optometrist from contractually opting in to an optometric services discount plan sponsored by a stand-alone vision plan, medical plan, health benefit plan, or health insurance policy.

6. For the purposes of this section, the following terms mean:

(1) "Covered services", optometric or ophthalmic services or materials for which reimbursement from the health benefit or vision plan is provided for by an enrollee's plan contract, or for which a reimbursement would be available but for the application of the enrollee's contractual limitations of deductibles, copayments, coinsurance, waiting periods, annual or lifetime maximums, alternative benefit payments, or frequency limitations;

(2) "Health benefit plan", the same meaning as such term is defined in section 376.1350;

(3) "Health carrier", the same meaning as such term is defined in section 376.1350;

(4) "Materials", includes, but is not limited to, lenses, frames, devices containing lenses, prisms, lens treatment and coatings, contact lenses, orthoptics, vision training devices, and prosthetic devices to correct, relieve, or treat defects or abnormal conditions of the human eye or its adnexa;

(5) "Optometric services", any services within the scope of optometric practice under chapter 336;

(6) "Vision plan", any policy, contract of insurance, or discount plan issued by a health carrier, health benefit plan, or company that provides coverage or a discount for optometric or ophthalmic services or materials."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 2

Amend House Committee Substitute for Senate Bill No. 864, Page 1, In the Title, Lines 2 and 3, by deleting the words "the dispensing of medication" and inserting in lieu thereof the words "health care"; and

Further amend said bill and page, Section A, Line 2, by inserting after all of said section and line the following:

"**192.380. 1. For purposes of this section, the following terms shall mean:**

(1) "Birthing facility", any hospital as defined under section 197.020 with more than one licensed obstetric bed or a neonatal intensive care unit, a hospital operated by a state university, or a birthing center licensed under sections 197.200 to 197.240;

(2) "Department", the department of health and senior services.

2. After holding multiple public hearings in diverse geographic regions of the state and seeking broad public and stakeholder input, the department shall establish criteria for levels of maternal care designations and levels of neonatal care designations for birthing facilities. (1) The most current published version of the "Levels of Neonatal Care" developed by the American Academy of Pediatrics;

4. Nothing in this section shall be construed in any way to require a patient be transferred to a different facility.

5. The department shall promulgate rules to implement the provisions of this section no later than January 1, 2017. Such rules shall be limited to those necessary for the establishment of levels of neonatal care designations and levels of maternal care designations for birthing facilities under subsection 2 of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

6. Beginning January 1, 2018, any hospital with a birthing facility shall report to the department its appropriate level of maternal care designation and neonatal care designation as determined by the criteria outlined under subsection 2 of this section.

7. Beginning January 1, 2018, any hospital with a birthing facility operated by a state university shall report to the department its appropriate level of maternal care designation and neonatal care designation as determined by the criteria outlined under subsection 2 of this section.

8. The department may partner with appropriate nationally recognized professional organizations with demonstrated expertise in maternal and neonatal standards of care to administer the provisions of this section.

9. The criteria for levels of maternal and neonatal care developed under subsection 2 of this section shall not include pregnancy termination or counseling or referral for pregnancy termination.";
and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 3

Amend House Committee Substitute for Senate Bill No. 864, Page 1, In the Title, Lines 2-3, by deleting the phrase "the dispensing of medication" and inserting in lieu thereof the phrase "health care"; and

Further amend said bill and page, Section A, Line 2, by inserting after all of said section and line the following:

"191.227. 1. All physicians, chiropractors, hospitals, dentists, and other duly licensed practitioners in this state, herein called "providers", shall, upon written request of a patient, or guardian or legally authorized representative of a patient, furnish a copy of his or her record of that patient's health history and treatment rendered to the person submitting a written request, except that such right shall be limited to access consistent with the patient's condition and sound therapeutic treatment as determined by the provider. Beginning August 28, 1994, such record shall be furnished within a reasonable time of the receipt of the request therefor and upon payment of a fee as provided in this section.

2. Health care providers may condition the furnishing of the patient's health care records to the patient, the patient's authorized representative or any other person or entity authorized by law to obtain or reproduce such records upon payment of a fee for:

(1) (a) Search and retrieval, in an amount not more than **[**twenty-two**] twenty-four** dollars and **[**eighty-two**] fifty-seven** cents plus copying in the amount of **[**fifty-three**] fifty-six** cents per page for the cost of supplies and labor plus, if the health care provider has contracted for off-site records storage and management, any additional labor costs of outside storage retrieval, not to exceed **[**twenty-one dollars and thirty-six cents,**] twenty-three dollars** as adjusted annually pursuant to subsection 5 of this section; or

(b) The records shall be furnished electronically upon payment of the search, retrieval, and copying fees set under this section at the time of the request or one hundred **seven** dollars **and sixty-seven cents** total, whichever is less, if such person:

a. Requests health records to be delivered electronically in a format of the health care provider's choice;

b. The health care provider stores such records completely in an electronic health record; and

c. The health care provider is capable of providing the requested records and affidavit, if requested, in an electronic format;

(2) Postage, to include packaging and delivery cost; and

(3) Notary fee, not to exceed two dollars, if requested.

3. Notwithstanding provisions of this section to the contrary, providers may charge for the reasonable cost of all duplications of health care record material or information which cannot routinely be copied or duplicated on a standard commercial photocopy machine.

4. The transfer of the patient's record done in good faith shall not render the provider liable to the patient or any other person for any consequences which resulted or may result from disclosure of the patient's record as required by this section.

5. Effective February first of each year, the fees listed in subsection 2 of this section shall be

increased or decreased annually based on the annual percentage change in the unadjusted, U.S. city average, annual average inflation rate of the medical care component of the Consumer Price Index for All Urban Consumers (CPI-U). The current reference base of the index, as published by the Bureau of Labor Statistics of the United States Department of Labor, shall be used as the reference base. For purposes of this subsection, the annual average inflation rate shall be based on a twelve-month calendar year beginning in January and ending in December of each preceding calendar year. The department of health and senior services shall report the annual adjustment and the adjusted fees authorized in this section on the department's internet website by February first of each year.

6. A health care provider may disclose a deceased patient's health care records or payment records to the executor or administrator of the deceased person's estate, or pursuant to a valid, unrevoked power of attorney for health care that specifically directs that the deceased person's health care records be released to the agent after death. If an executor, administrator, or agent has not been appointed, the deceased prior to death did not specifically object to disclosure of his or her records in writing, and such disclosure is not inconsistent with any prior expressed preference of the deceased that is known to the health care provider, a deceased patient's health care records shall be released upon written request of a person who is deemed as the personal representative of the deceased person under this subsection. Priority shall be given to the deceased patient's spouse and the records shall be released on the affidavit of the surviving spouse that he or she is the surviving spouse. If there is no surviving spouse, the health care records shall be released to the following persons:

(1) The acting trustee of a trust created by the deceased patient either alone or with the deceased patient's spouse;

(2) An adult child of the deceased patient on the affidavit of the adult child that he or she is the adult child of the deceased;

(3) A parent of the deceased patient on the affidavit of the parent that he or she is the parent of the deceased;

(4) An adult brother or sister of the deceased patient on the affidavit of the adult brother or sister that he or she is the adult brother or sister of the deceased;

(5) A guardian or conservator of the deceased patient at the time of the patient's death on the affidavit of the guardian or conservator that he or she is the guardian or conservator of the deceased; or

(6) A guardian ad litem of the deceased's minor child based on the affidavit of the guardian that he or she is the guardian ad litem of the minor child of the deceased."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

(2) "Best interests":

(a) Promoting the incapacitated person's right to enjoy the highest attainable standard of health for that person;

(3) "Designated health care decision-maker", the person designated to make health care decisions for a patient under section 404.1104, not including a person acting as a guardian or an agent under a durable power of attorney for health care or any other person legally authorized to consent for the patient under any other law to make health care decisions for an incapacitated patient;

(4) "Disability" or "disabled" shall have the same meaning as defined in 42 U.S.C. Section 12102, the Americans with Disabilities Act of 1990, as amended; provided that the term "this chapter" in that definition shall be deemed to refer to the Missouri health care decision-maker act;

404.1102. The determination that a patient is incapacitated shall be made as set forth in section 404.825. A health care provider or health care facility may rely in the exercise of good faith and in accordance with reasonable medical judgment upon the health care decisions made for a patient by a designated health care decision-maker selected in accordance with section 404.1104, provided two licensed physicians determine, after reasonable inquiry and in accordance with reasonable medical judgment, that such patient is incapacitated and has neither a guardian with medical decision-making authority appointed in accordance with chapter 475, an attorney in fact appointed in a durable power of attorney for health care in accordance with sections 404.800 to 404.865, is not a child under the jurisdiction of the juvenile court under section 211.031, nor any other known person who has the legal authority to make health care decisions.

404.1103. Upon a determination that a patient is incapacitated, the physician or another health care provider acting at the direction of the physician shall make reasonable efforts to inform potential designated health care decision-makers set forth in section 404.1104 of whom the physician or physician's designee is aware, of the need to appoint a designated health care decision-maker. Reasonable efforts include, without limitation, identifying potential designated health care decision makers as set forth in subsection 1 of section 404.1104, a guardian with medical decision-making authority appointed in accordance with chapter 475, an attorney in fact appointed in a durable power of attorney for health care in accordance with sections 404.800 to 404.865, the juvenile court under section 211.031, or any other known person who has the legal authority to make health care decisions, by examining the patient's personal effects and medical records. If a family member, attorney in fact for health care or guardian with health care decision-making authority is identified, a documented attempt to contact that person by telephone, with all known telephone numbers and other contact information used, shall be made within twenty-four hours after a determination of incapacity is made as provided in section 404.1102.

404.1104. 1. If a patient is incapacitated under the circumstances described in section 404.1102 and is unable to provide consent regarding his or her own health care, and does not have a legally appointed guardian, an agent under a health care durable power of attorney, is not under the jurisdiction of the juvenile court, or does not have any other person who has legal authority to consent for the patient, decisions concerning the patient's health care may be made by the following competent persons in the following order of priority, with the exception of persons excluded under subsection 4 of section 404.1104:

(1) The spouse of the patient, unless the spouse and patient are separated under one of the

following:

(a) A current dissolution of marriage or separation action;

(b) A signed written property or marital settlement agreement;

(c) A permanent order of separate maintenance or support or a permanent order approving a property or marital settlement agreement between the parties;

(2) An adult child of the patient;

(3) A parent of the patient;

(4) An adult sibling of the patient;

(5) A person who is a member of the same community of persons as the patient who is bound by vows to a religious life and who conducts or assists in the conducting of religious services and actually and regularly engages in religious, benevolent, charitable, or educational ministry, or performance of health care services;

(6) An adult who can demonstrate that he or she has a close personal relationship with the patient and is familiar with the patient's personal values; or

(7) Any other person designated by the unanimous mutual agreement of the persons listed above who is involved in the patient's care.

2. If a person who is a member of the classes listed in subsection 1 of this section, regardless of priority, or a health care provider or a health care facility involved in the care of the patient, disagrees on whether certain health care should be provided to or withheld or withdrawn from a patient, any such person, provider, or facility, or any other person interested in the welfare of the patient may petition the probate court for an order for the appointment of a temporary or permanent guardian in accordance with subsection 8 of this section to act in the best interest of the patient.

3. A person who is a member of the classes listed in subsection 1 of this section shall not be denied priority under this section based solely upon that person's support for, or direction to provide, withhold or withdraw health care to the patient, subject to the rights of other classes of potential designated decision-makers, a healthcare provider, or healthcare facility to petition the probate court for an order for the appointment of a temporary or permanent guardian under subsection 8 of this section to act in the best interests of the patient.

4. Priority under this section shall not be given to persons in any of the following circumstances:

(1) If a report of abuse or neglect of the patient has been made under section 192.2475, 198.070, 208.912, 210.115, 565.188, 630.163 or any other mandatory reporting statutes, and if the health care provider knows of such a report of abuse or neglect, then unless the report has been determined to be unsubstantiated or unfounded, or a determination of abuse was finally reversed after administrative or judicial review, the person reported as the alleged perpetrator of the abuse or neglect shall not be given priority or authority to make health care decisions under subsection 1 of this section, provided that such a report shall not be based on the person's support for, or direction to provide, health care to the patient;

(2) If the patient's physician or the physician's designee reasonably determines, after making a diligent effort to contact the designated health care decision-maker using known telephone numbers and other contact information and receiving no response, that such person is not reasonably available to make medical decisions as needed or is not willing to make health care decisions for the patient; or

(3) If a probate court in a proceeding under subsection 8 of this section finds that the involvement of the person in decisions concerning the patient's health care is contrary to instructions that the patient had unambiguously, and without subsequent contradiction or change, expressed before he or she became incapacitated. Such a statement to the patient's physician or other health care provider contemporaneously recorded in the patient's medical record and signed by the patient's physician or other health care provider shall be deemed such an instruction, subject to the ability of a party to a proceeding under subsection 8 of this section to dispute its accuracy, weight, or interpretation.

5. (1) The designated health care decision-maker shall make reasonable efforts to obtain information regarding the patient's health care preferences from health care providers, family, friends, or others who may have credible information.

(2) The designated health care decision-maker, and the probate court in any proceeding under subsection 8 of this section, shall always make health care decisions in the patient's best interests, and if the patient's religious and moral beliefs and health care preferences are known, in accordance with those beliefs and preferences.

6. This section does not authorize the provision or withholding of health care services that the patient has unambiguously, without subsequent contradiction or change of instruction, expressed that he or she would or would not want at a time when such patient had capacity. Such a statement to the patient's physician or other health care provider, contemporaneously recorded in the patient's medical record and signed by the patient's physician or other health care provider, shall be deemed such evidence, subject to the ability of a party to a proceeding under subsection 8 of this section to dispute its accuracy, weight, or interpretation.

7. A designated health care decision-maker shall be deemed a personal representative for the purposes of access to and disclosure of private medical information under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), 42 U.S.C. Section 1320d and 45 CFR 160-164.

8. Nothing in sections 404.1100 to 404.1110 shall preclude any person interested in the welfare of a patient including, but not limited to, a designated health care decision-maker, a member of the classes listed in subsection 1 of this section regardless of priority, or a health care provider or health care facility involved in the care of the patient, from petitioning the probate court for the appointment of a temporary or permanent guardian for the patient including expedited adjudication under chapter 475.

9. Pending the final outcome of proceedings initiated under subsection 8 of this section, the designated health care decision-maker, health care provider, or health care facility shall not withhold or withdraw, or direct the withholding or withdrawal, of health care, nutrition, or hydration whose withholding or withdrawal, in reasonable medical judgment, would result in or hasten the death of the patient, would jeopardize the health or limb of the patient, or would result in disfigurement or

impairment of the patient's faculties. If a health care provider or a health care facility objects to the provision of such health care, nutrition, or hydration on the basis of religious beliefs or sincerely held moral convictions, the provider or facility shall not impede the transfer of the patient to another health care provider or health care facility willing to provide it, and shall provide such health care, nutrition, or hydration to the patient pending the completion of the transfer. For purposes of this section, artificially supplied nutrition and hydration may be withheld or withdrawn during the pendency of the guardianship proceeding only if, based on reasonable medical judgment, the patient's physician and a second licensed physician certify that the patient meets the standard set forth in subdivision (2) of subsection 1 of section 404.1105. If tolerated by the patient and adequate to supply the patient's needs for nutrition or hydration, natural feeding should be the preferred method.

404.1105. 1. No designated health care decision-maker may, with the intent of hastening or causing the death of the patient, authorize the withdrawal or withholding of nutrition or hydration supplied through either natural or artificial means. A designated health care decision-maker may authorize the withdrawal or withholding of artificially supplied nutrition and hydration only when the physician and a second licensed physician certify in the patient's medical record based on reasonable medical judgment that:

(1) Artificially supplied nutrition or hydration are not necessary for comfort care or the relief of pain and would serve only to prolong artificially the dying process and where death will occur within a short period of time whether or not such artificially supplied nutrition or hydration is withheld or withdrawn; or

(2) Artificially supplied nutrition or hydration cannot be physiologically assimilated or tolerated by the patient.

2. When tolerated by the patient and adequate to supply the patient's need for nutrition or hydration, natural feeding should be the preferred method.

3. The provisions of this section shall not apply to subsection 3 of section 459.010.

404.1106. If any of the individuals specified in section 404.1104 or the designated health care decision-maker or physician believes the patient is no longer incapacitated, the patient's physician shall reexamine the patient and determine in accordance with reasonable medical judgment whether the patient is no longer incapacitated, shall certify the decision and the basis therefor in the patient's medical record, and shall notify the patient, the designated health care decision-maker, and the person who initiated the redetermination of capacity. Rights of the designated health care decision-maker shall end upon the physician's certification that the patient is no longer incapacitated.

404.1107. No health care provider or health care facility that makes good faith and reasonable attempts to identify, locate, and communicate with potential designated health care decision-makers in accordance with sections 404.1100 to 404.1110 shall be subject to civil or criminal liability or regulatory sanction for any act or omission related to his or her or its effort to identify, locate, and communicate with or act upon any decision by or for such actual or potential designated health care decision-makers.

404.1108. 1. A health care provider or a health care facility may decline to comply with the health care decision of a patient or a designated health care decision-maker if such decision is

contrary to the religious beliefs or sincerely held moral convictions of a health care provider or health care facility.

2. If at any time, a health care facility or health care provider determines that any known or anticipated health care preferences expressed by the patient to the health care provider or health care facility, or as expressed through the patient's designated health care decision-maker, are contrary to the religious beliefs or sincerely held moral convictions of the health care provider or health care facility, such provider or facility shall promptly inform the patient or the patient's designated health care decision-maker.

3. If a health care provider declines to comply with such health care decision, no health care provider or health care facility shall impede the transfer of the patient to another health care provider or health care facility willing to comply with the health care decision.

4. Nothing in this section shall relieve or exonerate a health care provider or a health care facility from the duty to provide for the health care, care, and comfort of a patient pending transfer under this section. If withholding or withdrawing certain health care would, in reasonable medical judgment, result in or hasten the death of the patient, such health care shall be provided pending completion of the transfer. Notwithstanding any other provision of this section, no such health care shall be denied on the basis of a view that treats extending the life of an elderly, disabled, or terminally ill individual as of lower value than extending the life of an individual who is younger, nondisabled, or not terminally ill, or on the basis of the health care provider's or facility's disagreement with how the patient or individual authorized to act on the patient's behalf values the tradeoff between extending the length of the patient's life and the risk of disability.

404.1109. No health care decision-maker shall withhold or withdraw health care from a pregnant patient, consistent with existing law, as set forth in section 459.025.

404.1110. Nothing in sections 404.1100 to 404.1110 is intended to:

(1) Be construed as condoning, authorizing, or approving euthanasia or mercy killing; or

No person shall engage in the practice of pharmacy unless he is licensed under the provisions of this chapter. This chapter shall not be construed to prohibit the use of auxiliary personnel under the direct supervision of a pharmacist from assisting the pharmacist in any of his or her duties. This assistance in no way is intended to relieve the pharmacist from his or her responsibilities for compliance with this chapter and he or she will be responsible for the actions of the auxiliary personnel acting in his or her assistance. This chapter shall also not be construed to prohibit or interfere with any legally registered practitioner of medicine, dentistry, or podiatry, or veterinary medicine only for use in animals, or the practice of optometry in accordance with and as provided in sections 195.070 and 336.220 in the compounding, administering, prescribing, or dispensing of his or her own prescriptions.

2. Any pharmacist who accepts a prescription order for a medication therapeutic plan shall have a written protocol from the physician who refers the patient for medication therapy services. The written protocol and the prescription order for a medication therapeutic plan shall come from the physician only, and shall not come from a nurse engaged in a collaborative practice arrangement under section 334.104, or from a physician assistant engaged in a supervision agreement under section 334.735.

3. Nothing in this section shall be construed as to prevent any person, firm or corporation from owning a pharmacy regulated by sections 338.210 to 338.315, provided that a licensed pharmacist is in charge of such pharmacy.

4. Nothing in this section shall be construed to apply to or interfere with the sale of nonprescription drugs and the ordinary household remedies and such drugs or medicines as are normally sold by those engaged in the sale of general merchandise.

5. No health carrier as defined in chapter 376 shall require any physician with which they contract to enter into a written protocol with a pharmacist for medication therapeutic services.

6. This section shall not be construed to allow a pharmacist to diagnose or independently prescribe pharmaceuticals.

7. The state board of registration for the healing arts, under section 334.125, and the state board of pharmacy, under section 338.140, shall jointly promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Such rules shall require protocols to include provisions allowing for timely communication between the pharmacist and the referring physician, and any other patient protection provisions deemed appropriate by both boards. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither board shall separately promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Any rule or portion of a rule,

as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

8. The state board of pharmacy may grant a certificate of medication therapeutic plan authority to a licensed pharmacist who submits proof of successful completion of a board-approved course of academic clinical study beyond a bachelor of science in pharmacy, including but not limited to clinical assessment skills, from a nationally accredited college or university, or a certification of equivalence issued by a nationally recognized professional organization and approved by the board of pharmacy.

9. Any pharmacist who has received a certificate of medication therapeutic plan authority may engage in the designing, initiating, implementing, and monitoring of a medication therapeutic plan as defined by a prescription order from a physician that is specific to each patient for care by a pharmacist.

10. Nothing in this section shall be construed to allow a pharmacist to make a therapeutic substitution of a pharmaceutical prescribed by a physician unless authorized by the written protocol or the physician's prescription order.

11. "Veterinarian", "doctor of veterinary medicine", "practitioner of veterinary medicine", "DVM", "VMD", "BVSe", "BVMS", "BSe (Vet Science)", "VMB", "MRCVS", or an equivalent title means a person who has received a doctor's degree in veterinary medicine from an accredited school of veterinary medicine or holds an Educational Commission for Foreign Veterinary Graduates (EDFVG) certificate issued by the American Veterinary Medical Association (AVMA).

(1) A pharmacist shall administer vaccines in accordance with treatment guidelines established by the Centers for Disease Control and Prevention (CDC);

(2) A pharmacist who is administering a vaccine shall request a patient to remain in the pharmacy a safe amount of time after administering the vaccine to observe any adverse reactions. Such pharmacist shall have adopted emergency treatment protocols;

(3) In addition to other requirements by the board, a pharmacist shall receive additional training as required by the board and evidenced by receiving a certificate from the board upon completion, and shall display the certification in his or her pharmacy where vaccines are delivered.

2. A pharmacist may prescribe and dispense self-administered oral hormonal contraceptives to a person who is:

(1) Eighteen years of age or older, regardless of whether the person has evidence of a previous prescription from a primary care practitioner or women's health care practitioner for a self-administered oral hormonal contraceptive; or

(2) Under eighteen years of age, if the person has evidence of a previous prescription from a primary care practitioner or women's health care practitioner for a self-administered oral hormonal contraceptive.

3. The board of pharmacy shall adopt rules, in consultation with the board of registration for the healing arts, board of nursing, and department of health and senior services, and in consideration of guidelines established by the American Congress of Obstetricians and Gynecologists, to establish standard procedures for the prescribing of self-administered oral hormonal contraceptives by pharmacists. The board of pharmacy shall adopt rules and regulations to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

4. The rules adopted under this section shall require a pharmacist to:

(1) Complete a training program approved by the board of pharmacy that is related to prescribing self-administered oral hormonal contraceptives;

(2) Provide a self-screening risk assessment tool that the patient shall use prior to the pharmacist's prescribing the self-administered oral hormonal contraceptive;

(4) Provide the patient with a written record of the self-administered oral hormonal contraceptive prescribed and dispensed and advise the patient to consult with a primary care practitioner or women's health care practitioner; and

(5) Dispense the self-administered oral hormonal contraceptive to the patient as soon as practicable after the pharmacist issues the prescription.

5. The rules adopted under this section shall prohibit a pharmacist from:

(1) Requiring a patient to schedule an appointment with the pharmacist for the prescribing or dispensing of a self-administered oral hormonal contraceptive; and

(2) Prescribing and dispensing a self-administered oral hormonal contraceptive to a patient who does not have evidence of a clinical visit for women's health within the three years immediately following the initial prescription and dispensation of a self-administered oral hormonal contraceptive by a pharmacist to the patient.

6. All state and federal laws governing insurance coverage of contraceptive drugs, devices, products, and services shall apply to self-administered oral hormonal contraceptives prescribed by a pharmacist under this section.

376.1240. 1. For purposes of this section, the terms "health carrier" and "health benefit plan" shall have the same meaning as defined in section 376.1350. The term "prescription contraceptive" shall mean a drug or device that requires a prescription and is approved by the Food and Drug Administration to prevent pregnancy.

2. Each health carrier or health benefit plan that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2017, and that provides coverage for prescription contraceptives shall provide coverage to reimburse a health care provider or dispensing entity for a dispensation of a ninety-day supply of prescription contraceptives to an insured.

3. The department may waive enforcement of the standards for licensed hospitals imposed by this section if the department determines that:

For the purposes of this section, "transient housing" means all rooms available for rent or lease for which the receipts from the rent or lease of such rooms are subject to state sales tax pursuant to subdivision (6) of subsection 1 of section 144.020;

(2) "Agricultural and horticultural property", all real property used for agricultural purposes and devoted primarily to the raising and harvesting of crops; to the feeding, breeding and management of livestock which shall include breeding, showing, and boarding of horses; to dairying, or to any other combination thereof; and buildings and structures customarily associated with farming, agricultural, and horticultural uses. 2. Pursuant to article X of the state constitution, any taxing district may adjust its operating levy to recoup any loss of property tax revenue, except revenues from the surtax imposed pursuant to article X, subsection 2 of section 6 of the constitution, as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units if such adjustment of the levy does not exceed the highest tax rate in effect subsequent to the 1980 tax year. For purposes of this section, loss in revenue shall include the difference between the revenue that would have been collected on such property under its classification prior to enactment of this section and the amount to be collected under its classification under this section. The county assessor of each county or city not within a county shall provide information to each taxing district within its boundaries regarding the difference in assessed valuation of such property as the result of such change in classification.

(5) Availability of water, electricity, gas, sewers, street lighting, and other public services for such property;

(6) Size of such property;

(7) Access of such property to public thoroughfares; and

(8) Any other factors relevant to a determination of the immediate most suitable economic use of such property.

6. All lands classified as forest croplands shall not, for taxation purposes, be classified as subclass (1), subclass (2), or subclass (3) real property, as such classes are prescribed in section 4(b) of article X of the Missouri Constitution and defined in this section, but shall be taxed in accordance with the laws enacted to implement section 7 of article X of the Missouri Constitution."; and

MESSAGES FROM THE GOVERNOR

The following message was received from the Governor, reading of which was waived:

May 4, 2016

TO THE SECRETARY OF THE SENATE
98TH GENERAL ASSEMBLY
SECOND REGULAR SESSION
STATE OF MISSOURI

Herewith I return to you Senate Committee Substitute for Senate Bills Nos. 586 & 651, entitled:

AN ACT

To repeal sections 163.011 and 163.018, RSMo, and to enact in lieu thereof two new sections relating to elementary and secondary education, with an emergency clause.

I disapprove of Senate Committee Substitute for Senate Bills Nos. 586 & 651. My reasons for disapproval are as follows:

Senate Bills Nos. 586 & 651 would dramatically reduce the amount of funding called for under Missouri's public school foundation formula. This would be accomplished by re-imposition of a 5% cap on increases in current operating expenses when calculating the state adequacy target for per student state funding. This cheapening of the foundation formula would result in a broken promise to our local schools and the students they educate and cannot receive my approval.

Senate Bills Nos. 586 & 651's primary purpose is to reduce the amount of state funding the legislature had previously concluded was necessary to provide an equitable, high-quality education to Missouri's students. Under existing Missouri law, fully funding the formula would require approximately $3.764 billion. Senate Bills Nos. 586 & 651 would slash this goal by more than $400 million. With Senate Bills Nos. 586 & 651, the legislature would be turning its back on a funding formula it has long embraced, reneging on its existing fiscal obligation to our local schools and shifting more of the financial burden to educate our students to local taxpayers.

In Missouri, support for local public schools is a fundamental value. And reflecting this value, the state has persevered during my years as Governor to provide greater educational opportunities for our children during both good and bad economic times. However, Senate Bills Nos. 586 & 651 would abandon this value at precisely the time the state has been raising its standards for student learning, using more rigorous metrics to measure annual school performance and increasing expectations for teacher training.

By giving future governors and legislators a passing grade for a lower score, Senate Bills Nos. 586 & 651 would provide cover for legislators to turn their backs on our local schools by passing even more reckless tax breaks that will further erode state funding for education and require local taxpayers to shoulder more of the financial burden to provide our children a quality education. After already diverting state revenues from education to special interests, legislators are now trying to mask the results of their misguided actions by lowering the bar for state funding for public schools.

Rather than placing a priority on public education, Senate Bills Nos. 586 & 651 would instead decrease the benchmark for state funding and shortchange Missouri's students. And while the funding obligation contained in this legislation might be easier to meet, the General Assembly has already failed an initial test, missed this new, lower target and, in so doing, revealed its lack of sincere commitment to our public schools. The fiscal year 2017 budget recently passed by the General Assembly does not fully fund the lowered financial obligation to our schools contained in Senate Bills Nos. 586 & 651 and, in fact, fails to meet the funding level recommended in the budget I submitted in January.

In accordance with the above stated reasons for disapproval, I am returning Senate Committee Substitute for Senate Bill Nos. 586 & 651 without my approval.

Respectfully submitted,
Jeremiah W. (Jay) Nixon
Governor

"169.070. 1. The retirement allowance of a member whose age at retirement is sixty years or more and whose creditable service is five years or more, or whose sum of age and creditable service equals eighty years or more, or who has attained age fifty-five and whose creditable service is twenty-five years or more or whose creditable service is thirty years or more regardless of age, may be the sum of the following items, not to exceed one hundred percent of the member's final average salary:

(7) Two and two-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-five years or more but less than twenty-six years, and the member has not attained age fifty-five;

(8) **[**Between July 1, 2001, and July 1, 2014,**]** Two and fifty-five hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is thirty-one years or more regardless of age.

2. In lieu of the retirement allowance provided in subsection 1 of this section, a member whose age is sixty years or more on September 28, 1975, may elect to have the member's retirement allowance calculated as a sum of the following items:

(1) Sixty cents plus one and five-tenths percent of the member's final average salary for each year of membership service;

(2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years;

(3) Three-fourths of one percent of the sum of subdivisions (1) and (2) of this subsection for each month of attained age in excess of sixty years but not in excess of age sixty-five.

3. (1) In lieu of the retirement allowance provided either in subsection 1 or 2 of this section, collectively called "option 1", a member whose creditable service is twenty-five years or more or who has attained the age of fifty-five with five or more years of creditable service may elect in the member's application for retirement to receive the actuarial equivalent of the member's retirement allowance in reduced monthly payments for life during retirement with the provision that:

Option 2. Upon the member's death the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member as the member shall have nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the retired member elected option 1;

OR

Option 3. Upon the death of the member three-fourths of the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1;

OR

Option 4. Upon the death of the member one-half of the reduced retirement allowance shall be continued throughout the life of, and paid to, such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance shall be increased to the amount the

retired member would be receiving had the member elected option 1;

OR

Option 5. Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the one hundred twenty monthly payments, the total of the remainder of such one hundred twenty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the one hundred twenty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum;

OR

Option 6. Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the total of the remainder of such sixty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the sixty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated to receive the survivorship payments dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after acquiring twenty-five or more years of creditable service or after attaining the age of fifty-five years and acquiring five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship benefits under option 2 or a payment of the accumulated contributions of the member. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section;

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either a payment of the member's accumulated contributions, or survivorship benefits under

option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the member's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section.

4. If the total of the retirement or disability allowance paid to an individual before the death of the individual is less than the accumulated contributions at the time of retirement, the difference shall be paid to the beneficiary of the individual, or to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the individual in that order of precedence. If an optional benefit as provided in option 2, 3 or 4 in subsection 3 of this section had been elected, and the beneficiary dies after receiving the optional benefit, and if the total retirement allowance paid to the retired individual and the beneficiary of the retired individual is less than the total of the contributions, the difference shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence, unless the retired individual designates a different recipient with the board at or after retirement.

5. If a member dies and his or her financial institution is unable to accept the final payment or payments due to the member, the final payment or payments shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated. If the beneficiary of a deceased member dies and his or her financial institution is unable to accept the final payment or payments, the final payment or payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated.

6. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the death of the member shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or to the estate of the member, in that order of precedence; except that, no such payment shall be made if the beneficiary elects option 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence.

7. If a member ceases to be a public school employee as herein defined and certifies to the board of trustees that such cessation is permanent, or if the membership of the person is otherwise terminated, the member shall be paid the member's accumulated contributions with interest.

8. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, if a member ceases to be a public school employee after acquiring five or more years of membership service in Missouri, the member may at the option of the member leave the member's contributions with the retirement system and claim a retirement allowance any time after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.010 to 169.141 on the basis of the member's age, years of service, and the provisions of the law in effect at the time the member requests the member's retirement to become effective.

9. The retirement allowance of a member retired because of disability shall be nine-tenths of the

allowance to which the member's creditable service would entitle the member if the member's age were sixty, or fifty percent of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

10. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be multiplied by the factor of two-thirds for any member of the system for whom federal Old Age and Survivors Insurance tax is paid from state or local tax funds on account of the member's employment entitling the person to membership in the system. The monetary benefits for a member who elected not to exercise an option to pay into the system a retroactive contribution of four percent on that part of the member's annual salary rate which was in excess of four thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each year of employment in a position covered by this system between July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in RSMo, 1969, shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section as it appears in RSMo, 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;

(4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

11. The monetary benefits for each other member for whom federal Old Age and Survivors Insurance tax is or was paid at any time from state or local funds on account of the member's employment entitling the member to membership in the system shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

12. Any retired member of the system who was retired prior to September 1, 1972, or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 1, 1972, will be eligible to receive an increase in the retirement allowance of the member of two percent for each year, or major fraction of more than one-half of a year, which the retired member has been retired prior to July 1, 1975. This increased amount shall be payable commencing with January, 1976,

and shall thereafter be referred to as the member's retirement allowance. The increase provided for in this subsection shall not affect the retired member's eligibility for compensation provided for in section 169.580 or 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any increases provided for in this section.

13. If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases two percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by two percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board with the provision that the increases provided for in this subsection shall not become effective until the fourth January first following the member's retirement or January 1, 1977, whichever later occurs, or in the case of any member retiring on or after July 1, 2000, the increase provided for in this subsection shall not become effective until the third January first following the member's retirement, or in the case of any member retiring on or after July 1, 2001, the increase provided for in this subsection shall not become effective until the second January first following the member's retirement. Commencing with January 1, 1992, if the board of trustees determines that the cost of living has increased five percent or more in the preceding fiscal year, the board shall increase the retirement allowances by five percent. The total of the increases granted to a retired member or the beneficiary after December 31, 1976, may not exceed eighty percent of the retirement allowance established at retirement or as previously adjusted by other subsections. If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

14. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 13 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1976.

15. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

16. Notwithstanding any other provision of law, any person retired prior to September 28, 1983, who is receiving a reduced retirement allowance under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 28, 1983, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have his or her retirement allowance increased to the amount he or she would have been receiving had the option not been elected, actuarially adjusted to recognize any excessive benefits which would have been paid to him or her up to the time of application.

17. Benefits paid pursuant to the provisions of the public school retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code except as provided pursuant to this subsection. Notwithstanding any other law to the contrary, the board of trustees may establish a benefit plan pursuant to Section 415(m) of Title 26 of the United States Code. Such plan shall be created solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees

may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.

18. Notwithstanding any other provision of law to the contrary, any person retired before, on, or after May 26, 1994, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. HOUSE AMENDMENT NO. 1

Amend Senate Committee Substitute for Senate Bill No. 638, Page 1, In the Title, Line 3, by deleting the phrase "civics education" and inserting in lieu thereof the phrase "elementary and secondary education"; and

Further amend said bill and page, Section A, Line 3, by inserting after all of said section and line the following:

"**167.903. 1. Each student prior to his or her ninth grade year at a public school, including a charter school, may develop with help from the school's guidance counselors a personal plan of study, which shall be reviewed regularly, as needed by school personnel and the student's parent or guardian and updated based upon the needs of the student. Each plan shall present a sequence of courses and experiences that conclude with the student reaching his or her postsecondary goals, with implementation of the plan of study transferring to the program of postsecondary education or training upon the student's high school graduation. The plan shall include, but not be limited to:**

(1) Requirements for graduation from the school district or charter school;

(2) Career or postsecondary goals;

(3) Coursework or program of study related to career and postsecondary goals, which shall include, if relevant, opportunities that the district or school may not directly offer;

(4) Grade-appropriate and career-related experiences, as outlined in the grade-level expectations of the Missouri comprehensive guidance program; and

(5) Student assessments, interest inventories, or academic results needed to develop, review, and revise the personal plan of study, which shall include, if relevant, assessments, inventories, or academic results that the school district or charter school may not offer.

2. Each school district shall adopt a policy to permit the waiver of the requirements of this section for any student with a disability if recommended by the student's IEP committee. For purposes of this subsection, "IEP" means individualized education program.

167.905. 1. By July 1, 2018, each school district shall develop a policy and implement a measurable system for identifying students in their ninth grade year, or students who transfer into the school

subsequent to their ninth grade year, who are at risk of not being ready for college-level work or for entry-level career positions. Districts shall include, but are not limited to, the following sources of information:

(1) A student's performance on the Missouri assessment program test in eighth grade in English language arts and mathematics;

(2) A student's comparable statewide assessment performance if such student transferred from another state;

(3) The district's overall reported remediation rate under section 173.750; and

(4) A student's attendance rate.

2. The district policy shall require academic and career counseling to take place prior to graduation so that the school may attempt to provide sufficient opportunities to the student to graduate college-ready or career-ready and on time.

3. Each school district shall adopt a policy to permit the waiver of the requirements of this section for any student with a disability if recommended by the student's IEP committee. For purposes of this subsection, "IEP" means individualized education program.

167.950. 1. (1) By December 31, 2017, the department of elementary and secondary education shall develop guidelines for the appropriate screening of students for dyslexia and related disorders and the necessary classroom support for students with dyslexia and related disorders. Such guidelines shall be consistent with the findings and recommendations of the task force created under section 633.420.

(2) In the 2018-19 school year and subsequent years, each public school, including each charter school, shall conduct dyslexia screenings for students in the appropriate year consistent with the guidelines developed by the Department of Elementary and Secondary Education.

(3) In the 2018-19 school year and subsequent years, the school board of each district and the governing board of each charter school shall provide reasonable classroom support consistent with the guidelines developed by the Department of Elementary and Secondary Education.

2. In the 2018-19 school year and subsequent years, the practicing teacher assistance programs established under section 168.400 shall include two hours of in-service training provided by each local school district for all practicing teachers in such district regarding dyslexia and related disorders. Each charter school shall also offer all of its teachers two hours of training on dyslexia and related disorders. Districts and charter schools may seek assistance from the department of elementary and secondary education in developing and providing such training. Completion of such training shall count as two contact hours of professional development under section 168.021.

3. For purposes of this section, the following terms mean:

(1) "Dyslexia", a disorder that is neurological in origin, characterized by difficulties with accurate and fluent word recognition and poor spelling and decoding abilities that typically result from a deficit in the phonological component of language, often unexpected in relation to other cognitive abilities and the provision of effective classroom instruction, and of which secondary consequences

may include problems in reading comprehension and reduced reading experience that can impede growth of vocabulary and background knowledge. Nothing in this definition shall require a student with dyslexia to obtain an individualized education program (IEP) unless the student has otherwise met the federal conditions necessary;

(2) "Dyslexia screening", a short test conducted by a teacher or school counselor to determine whether a student likely has dyslexia or a related disorder in which a positive result does not represent a medical diagnosis but indicates that the student could benefit from approved support;

(3) "Related disorders", disorders similar to or related to dyslexia, such as developmental auditory imperception, dysphasia, specific developmental dyslexia, developmental dysgraphia, and developmental spelling disability;

(4) "Support", low-cost and effective best practices, such as oral examinations and extended test-taking periods, used to support students who have dyslexia or any related disorder.

4. The state board of education shall promulgate rules and regulations for each public school to screen students for dyslexia and related disorders. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

5. Nothing in this section shall require the MO HealthNet program to expand the services that it provides."; and

"173.750. 1. By July 1, 1995, the coordinating board for higher education, within existing resources provided to the department of higher education and by rule and regulation, shall have established and implemented a procedure for annually reporting the performance of graduates of public high schools in the state during the student's initial year in the public colleges and universities of the state. The purpose of such reports shall be to assist in determining how high schools are preparing students for successful college and university performance. The report produced pursuant to this subsection shall annually be furnished to the state board of education for reporting pursuant to subsection 4 of section 161.610 and shall not be used for any other purpose **until such time that a standard process and consistent, specific criteria for determining a student's need for remedial coursework is agreed upon by the coordinating board for higher education, higher education institutions, and the state board of education**.

2. The procedures shall be designed so that the reporting is made by the name of each high school in the state, with individual student data to be grouped according to the high school from which the students graduated. The data in the reports shall be disaggregated by race and sex. The procedures shall not be designed so that the reporting contains the name of any student. No grade point average shall be disclosed under subsection 3 of this section in any case where three or fewer students from a particular high school

attend a particular college or university.

3. The data reported shall include grade point averages after the initial college year, calculated on, or adjusted to, a four point grade scale; the percentage of students returning to college after the first and second half of the initial college year, or after each trimester of the initial college year; the percentage of students taking noncollege level classes in basic academic courses during the first college year, or remedial courses in basic academic subjects of English, mathematics, or reading; and other such data as determined by rule and regulation of the coordinating board for higher education.

4. The department of elementary and secondary education shall conduct a review of its policies and procedures relating to remedial education in light of the best practices in remediation identified as required by subdivision (6) of subsection 2 of section 173.005 to ensure that school districts are informed about best practices to reduce the need for remediation. The department shall present its results to the joint committee on education by October 31, 2017."; and

Nothing in this section shall prohibit a district from assessing students for dyslexia and offering students specialized reading instruction if a determination is made that a student suffers from dyslexia. Unless required by federal law, nothing in this definition shall require a student with dyslexia to be automatically determined eligible as a student with a disability.**

10. A charter school may affiliate with a four-year college or university, including a private college or university, or a community college as otherwise specified in subsection 3 of this section when its charter is granted by a sponsor other than such college, university or community college. Affiliation status recognizes a relationship between the charter school and the college or university for purposes of teacher training and staff development, curriculum and assessment development, use of physical facilities owned by or rented on behalf of the college or university, and other similar purposes. A university, college or community college may not charge or accept a fee for affiliation status.

11. 14. No sponsor shall grant a charter under sections 160.400 to 160.425 and 167.349 without ensuring that a criminal background check and family care safety registry check are conducted for all members of the governing board of the charter schools or the incorporators of the charter school if initial directors are not named in the articles of incorporation, nor shall a sponsor renew a charter without ensuring a criminal background check and family care **safety** registry check are conducted for each member of the governing board of the charter school.

15. No board member shall be an employee of a company that provides substantial services to the charter school. All members of the governing board of the charter school shall be considered decision-making public servants as defined in section 105.450 for the purposes of the financial disclosure requirements contained in sections 105.483, 105.485, 105.487, and 105.489.

16. A sponsor shall develop the policies and procedures for:

(1) The review of a charter school proposal including an application that provides sufficient information for rigorous evaluation of the proposed charter and provides clear documentation that the education program and academic program are aligned with the state standards and grade-level expectations, and provides clear documentation of effective governance and management structures, and a sustainable operational plan;

(5) Additional criteria that the sponsor will use for ongoing oversight of the charter; and

(6) Procedures to be implemented if a charter school should close, consistent with the provisions of subdivision (15) of subsection 1 of section 160.405.

The department shall provide guidance to sponsors in developing such policies and procedures.

17. The evaluation shall include a sponsor's policies and procedures in the areas of charter application approval; required charter agreement terms and content; sponsor performance evaluation and compliance monitoring; and charter renewal, intervention, and revocation decisions. Nothing shall preclude the department from undertaking an evaluation at any time for cause.

(2) If the department determines that a sponsor is in material noncompliance with its sponsorship duties, the sponsor shall be notified and given reasonable time for remediation. If remediation does not address the compliance issues identified by the department, the commissioner of education shall conduct a public hearing and thereafter provide notice to the charter sponsor of corrective action that will be recommended to the state board of education. Corrective action by the department may include withholding the sponsor's funding and suspending the sponsor's authority to sponsor a school that it currently sponsors or to sponsor any additional school until the sponsor is reauthorized by the state board of education under section 160.403.

(3) The charter sponsor may, within thirty days of receipt of the notice of the commissioner's recommendation, provide a written statement and other documentation to show cause as to why that action should not be taken. Final determination of corrective action shall be determined by the state board of education based upon a review of the documentation submitted to the department and the charter sponsor.

(4) If the state board removes the authority to sponsor a currently operating charter school under any provision of law, the Missouri charter public school commission shall become the sponsor of the school.

18. If a sponsor notifies a charter school of closure under subsection 8 of section 160.405, the department of elementary and secondary education shall exercise its financial withholding authority under subsection 12 of section 160.415 to assure all obligations of the charter school shall be met. The state, charter sponsor, or resident district shall not be liable for any outstanding liability or obligations of the charter school.

160.403. 1. The department of elementary and secondary education shall establish an annual application

and approval process for all entities eligible to sponsor charters as set forth in section 160.400 which are not sponsoring a charter school as of August 28, 2012**, except that the Missouri charter public school commission shall not be required to undergo the application and approval process** . No later than November 1, 2012, the department shall make available information and guidelines for all eligible sponsors concerning the opportunity to apply for sponsoring authority under this section.

2. The application process for sponsorship shall require each interested eligible sponsor**, except for the Missouri charter public school commission,** to submit an application by February first that includes the following:

This decision shall be made based on the applicant [charter's] **sponsor's** compliance with sections 160.400 to 160.425 **and section 167.349** and properly promulgated rules of the department.

4. Within thirty days of the department's decision, the department shall execute a renewable sponsoring contract with each entity it has approved as a sponsor. The term of each authorizing contract shall be six years and renewable. [No eligible sponsor which is not currently sponsoring a charter school as of August 28, 2012, shall commence charter sponsorship without approval from the state board of education and a sponsor contract with the state board of education in effect.]

160.405. 1. A person, group or organization seeking to establish a charter school shall submit the proposed charter, as provided in this section, to a sponsor. If the sponsor is not a school board, the applicant shall give a copy of its application to the school board of the district in which the charter school is to be located and to the state board of education, within five business days of the date the application is filed with the proposed sponsor. The school board may file objections with the proposed sponsor, and, if a charter is granted, the school board may file objections with the state board of education. 2. Proposed charters shall be subject to the following requirements:

(1) A charter shall be submitted to the sponsor, and follow the sponsor's policies and procedures for review and granting of a charter approval, and be approved by the state board of education by [December first of the year] **January thirty-first** prior to **the school year of** the proposed opening date of the charter school;

(2) A charter may be approved when the sponsor determines that the requirements of this section are met, determines that the applicant is sufficiently qualified to operate a charter school, and that the proposed charter is consistent with the sponsor's charter sponsorship goals and capacity. The state board shall review the proposed charter and make a determination of whether to deny or grant the proposed charter within sixty days of receipt of the proposed charter, provided that any charter to be considered by the state board of education under this subdivision shall be submitted no later than March first prior to the school year in which the charter school intends to begin operations. The state board of education shall notify the applicant in writing as the reasons for its denial, if applicable; and

(5) The sponsor of a charter school shall give priority to charter school applicants that propose a school oriented to high-risk students and to the reentry of dropouts into the school system. students through their proposed mission, curriculum, teaching methods, and services. For purposes of this subsection, a "high-risk" student is one who is at least one year behind in satisfactory completion of course work or obtaining high school credits for graduation, has dropped out of school, is at risk of dropping out of school, needs drug and alcohol treatment, has severe behavioral problems, has been suspended from school three or more times, has a history of severe truancy, is a pregnant or parenting teen, has been referred for enrollment by the judicial system, is exiting incarceration, is a refugee, is homeless or has been homeless sometime within the preceding six months, has been referred by an area school district for enrollment in an alternative program, or qualifies as high risk under department of elementary and secondary education guidelines. The state board of education [may, within sixty days, disapprove the granting of the charter] **shall approve or deny a charter application within sixty days of receipt of the application** . The state board of education may [disapprove] **deny** a charter on grounds that the application fails to meet the requirements of sections 160.400 to 160.425 and section 167.349 or that a charter sponsor previously failed to meet the statutory responsibilities of a charter sponsor. **Any denial of a charter application made by the state board of education shall be in writing and shall identify the specific failures of the application to meet the requirements of sections 160.400 to 160.425 and section 167.349, and the written denial shall be provided within ten business days to the sponsor.**

A charter school that receives local educational agency status under subsection 6 of this section shall meet the requirements imposed by the Elementary and Secondary Education Act for audits of such agencies and comply with all federal audit requirements for charters with local [education] **educational**

agency status. For purposes of an audit by petition under section 29.230, a charter school shall be treated as a political subdivision on the same terms and conditions as the school district in which it is located. A charter school that incurs debt shall include a repayment plan in its financial plan;

No charter school shall be considered in the Missouri school improvement program review of the district in which it is located for the resource or process standards of the program.

(b) For proposed [high risk] **high-risk** or alternative charter schools, sponsors shall approve performance measures based on mission, curriculum, teaching methods, and services. Sponsors shall also approve comprehensive academic and behavioral measures to determine whether students are meeting performance standards on a different time frame as specified in that school's charter. Student performance shall be assessed comprehensively to determine whether a [high risk] **high-risk** or alternative charter school has documented adequate student progress. Student performance shall be based on sponsor-approved comprehensive measures as well as standardized public school measures. Annual presentation of charter school report card data to the department of elementary and secondary education, the state board, and the public shall include comprehensive measures of student progress.

(c) Nothing in this subdivision shall be construed as permitting a charter school to be held to lower performance standards than other public schools within a district; however, the charter of a charter school may permit students to meet performance standards on a different time frame as specified in its charter. The performance standards for alternative and special purpose charter schools that target high-risk students as defined in subdivision (5) of subsection 2 of this section shall be based on measures defined in the school's performance contract with its sponsors;

(7) Comply with all applicable federal and state laws and regulations regarding students with disabilities, including sections 162.670 to 162.710, the Individuals with Disabilities Education Act (20 U.S.C. Section 1400) and Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. Section 794) or successor legislation;

(8) Provide along with any request for review by the state board of education the following:

(a) Documentation that the applicant has provided a copy of the application to the school board of the district in which the charter school is to be located, except in those circumstances where the school district is the sponsor of the charter school; and

(b) A statement outlining the reasons for approval or [disapproval] **denial** by the sponsor, specifically addressing the requirements of sections 160.400 to 160.425 and 167.349.

5. (1) Proposed or existing high-risk or alternative charter schools may include alternative arrangements for students to obtain credit for satisfying graduation requirements in the school's charter application and charter. Alternative arrangements may include, but not be limited to, credit for off-campus instruction, embedded credit, work experience through an internship arranged through the school, and independent studies. When the state board of education approves the charter, any such alternative arrangements shall be approved at such time.

(2) The department of elementary and secondary education shall conduct a study of any charter school granted alternative arrangements for students to obtain credit under this subsection after three years of operation to assess student performance, graduation rates, educational outcomes, and entry into the workforce or higher education.

6. The charter of a charter school may be amended at the request of the governing body of the charter school and on the approval of the sponsor. The sponsor and the governing board and staff of the charter school shall jointly review the school's performance, management and operations during the first year of operation and then every other year after the most recent review or at any point where the operation or management of the charter school is changed or transferred to another entity, either public or private. The governing board of a charter school may amend the charter, if the sponsor approves such amendment, or the sponsor and the governing board may reach an agreement in writing to reflect the charter school's decision to become a local educational agency. In such case the sponsor shall give the department of elementary and secondary education written notice no later than March first of any year, with the agreement to become effective July first. The department may waive the March first notice date in its discretion. The department shall identify and furnish a list of its regulations that pertain to local educational agencies to such schools within thirty days of receiving such notice.

7. Sponsors shall annually review the charter school's compliance with statutory standards including:

(1) Participation in the statewide system of assessments, as designated by the state board of education under section 160.518;

(2) Assurances for the completion and distribution of an annual report card as prescribed in section 160.522;

(3) The collection of baseline data during the first three years of operation to determine the longitudinal success of the charter school;

(4) A method to measure pupil progress toward the pupil academic standards adopted by the state board of education under section 160.514; and

(5) Publication of each charter school's annual performance report.

8. (1) (a) A sponsor's [intervention] policies shall give schools clear, adequate, evidence-based, and timely notice of contract violations or performance deficiencies and mandate intervention based upon findings of the state board of education of the following:

a. The charter school provides a high school program which fails to maintain a graduation rate of at least seventy percent in three of the last four school years unless the school has dropout recovery as its mission;

b. The charter school's annual performance report results are below the district's annual performance report results based on the performance standards that are applicable to the grade level configuration of both the charter school and the district in which the charter school is located in three of the last four school years; and

c. The charter school is identified as a persistently lowest achieving school by the department of elementary and secondary education.

(b) A sponsor shall have a policy to revoke a charter during the charter term if there is:

a. Clear evidence of underperformance as demonstrated in the charter school's annual performance report in three of the last four school years; or

b. A violation of the law or the public trust that imperils students or public funds.

(c) A sponsor shall revoke a charter or take other appropriate remedial action, which may include placing the charter school on probationary status for no more than [twelve] **twenty-four** months, provided that no more than one designation of probationary status shall be allowed for the duration of the charter contract, at any time if the charter school commits a serious breach of one or more provisions of its charter or on any of the following grounds: failure to meet the performance contract as set forth in its charter, failure to meet generally accepted standards of fiscal management, failure to provide information necessary to confirm compliance with all provisions of the charter and sections 160.400 to 160.425 and 167.349 within forty-five days following receipt of written notice requesting such information, or violation of law.

(2) The sponsor may place the charter school on probationary status to allow the implementation of a remedial plan, which may require a change of methodology, a change in leadership, or both, after which, if such plan is unsuccessful, the charter may be revoked.

(3) At least sixty days before acting to revoke a charter, the sponsor shall notify the governing board of the charter school of the proposed action in writing. The notice shall state the grounds for the proposed action. The school's governing board may request in writing a hearing before the sponsor within two weeks of receiving the notice.

(4) The sponsor of a charter school shall establish procedures to conduct administrative hearings upon determination by the sponsor that grounds exist to revoke a charter. Final decisions of a sponsor from hearings conducted pursuant to this subsection are subject to an appeal to the state board of education, which shall determine whether the charter shall be revoked.

(5) A termination shall be effective only at the conclusion of the school year, unless the sponsor determines that continued operation of the school presents a clear and immediate threat to the health and safety of the children.

(6) A charter sponsor shall make available the school accountability report card information as provided

under section 160.522 and the results of the academic monitoring required under subsection 3 of this section.

9. (1) A sponsor shall take all reasonable steps necessary to confirm that each charter school sponsored by such sponsor is in material compliance and remains in material compliance with all material provisions of the charter and sections 160.400 to 160.425 and 167.349. Every charter school shall provide all information necessary to confirm ongoing compliance with all provisions of its charter and sections 160.400 to 160.425 and 167.349 in a timely manner to its sponsor.

(2) The sponsor's renewal process of the charter school shall be based on the thorough analysis of a comprehensive body of objective evidence and consider if:

(a) The charter school has maintained results on its annual performance report that meet or exceed the district in which the charter school is located based on the performance standards that are applicable to the grade-level configuration of both the charter school and the district in which the charter school is located in three of the last four school years;

(b) The charter school is organizationally and fiscally viable determining at a minimum that the school does not have:

a. A negative balance in its operating funds;

b. A combined balance of less than three percent of the amount expended for such funds during the previous fiscal year; or

c. Expenditures that exceed receipts for the most recently completed fiscal year;

(c) The charter is in compliance with its legally binding performance contract and sections 160.400 to 160.425 and section 167.349**; and**

(d) The charter school has an annual performance report consistent with a classification of accredited for three of the last four years and is fiscally viable as described in paragraph (b) of this subdivision. If such is the case, the charter school may have an expedited renewal process as defined by rule of the department of elementary and secondary education .

(3) (a) Beginning August first during the year in which a charter is considered for renewal, a charter school sponsor shall demonstrate to the state board of education that the charter school is in compliance with federal and state law as provided in sections 160.400 to 160.425 and section 167.349 and the school's performance contract including but not limited to those requirements specific to academic performance.

(b) Along with data reflecting the academic performance standards indicated in paragraph (a) of this subdivision, the sponsor shall submit a revised charter application to the state board of education for review.

(c) Using the data requested and the revised charter application under paragraphs (a) and (b) of this subdivision, the state board of education shall determine if compliance with all standards enumerated in this subdivision has been achieved. The state board of education at its next regularly scheduled meeting shall vote on the revised charter application.

(d) If a charter school sponsor demonstrates the objectives identified in this subdivision, the state board of education shall renew the school's charter.

10. A school district may enter into a lease with a charter school for physical facilities.

11. A governing board or a school district employee who has control over personnel actions shall not take unlawful reprisal against another employee at the school district because the employee is directly or indirectly involved in an application to establish a charter school. A governing board or a school district employee shall not take unlawful reprisal against an educational program of the school or the school district because an application to establish a charter school proposes the conversion of all or a portion of the educational program to a charter school. As used in this subsection, "unlawful reprisal" means an action that is taken by a governing board or a school district employee as a direct result of a lawful application to establish a charter school and that is adverse to another employee or an educational program.

12. Charter school board members shall be subject to the same liability for acts while in office as if they were regularly and duly elected members of school boards in any other public school district in this state. The governing board of a charter school may participate, to the same extent as a school board, in the Missouri public entity risk management fund in the manner provided under sections 537.700 to 537.756.

13. Any entity, either public or private, operating, administering, or otherwise managing a charter school shall be considered a quasi-public governmental body and subject to the provisions of sections 610.010 to 610.035.

14. The chief financial officer of a charter school shall maintain:

(1) A surety bond in an amount determined by the sponsor to be adequate based on the cash flow of the school; or

(2) An insurance policy issued by an insurance company licensed to do business in Missouri on all employees in the amount of five hundred thousand dollars or more that provides coverage in the event of employee theft.

15. The department of elementary and secondary education shall calculate an annual performance report for each charter school and shall publish it in the same manner as annual performance reports are calculated and published for districts and attendance centers.

16. The joint committee on education shall create a committee to investigate facility access and affordability for charter schools. The committee shall be comprised of equal numbers of the charter school sector and the public school sector and shall report its findings to the general assembly by December 31, 2016.

160.408. 1. For purposes of this section, "high-quality charter school" means a charter school operating in the state of Missouri that meets the following requirements:

(1) Receives eighty-five percent or more of the total points on the annual performance report for three out of the last four school years by comparing points earned to the points possible on the annual performance report for three of the last four school years;

(2) Maintains a graduation rate of at least eighty percent for three of the last four school years, if the charter school provides a high school program;

(3) Is in material compliance with its legally binding performance contract and sections 160.400 to 160.425 and section 167.349; and

(4) Is organizationally and fiscally viable as described in paragraph (b) of subdivision (2) of subsection 9 of section 160.405.

2. Notwithstanding any other provision of law, high-quality charter schools shall be provided expedited opportunities to replicate and expand into unaccredited districts, a metropolitan district, or an urban school district containing most or all of a home rule city with more than four hundred thousand inhabitants and located in more than one county. Such replication and expansion shall be subject to the following:

(1) The school seeking to replicate or expand shall submit its proposed charter to a proposed sponsor. The charter shall include a legally binding performance contract that meets the requirements of sections 160.400 to 160.425 and section 167.349;

(2) The sponsor's decision to approve or deny shall be made within sixty days of the filing of the proposed charter with the proposed sponsor;

(3) If a charter is approved by a sponsor, the charter application shall be filed with the state board of education with a statement of finding from the sponsor that the application meets the requirements of sections 160.400 to 160.425 and section 167.349 and a monitoring plan under which the sponsor shall evaluate the academic performance of students enrolled in the charter school. Such filing shall be made by January thirty-first prior to the school year in which the charter school intends to begin operations.

3. The term of the charter for schools operating under this section shall be five years, and the charter may be renewed for terms of up to ten years. Renewal shall be subject to the provisions of paragraphs (a) to (d) of subdivision (3) of subsection 9 of section 160.405.

160.410. 1. A charter school shall enroll:

(1) All pupils resident in the district in which it operates;

(2) Nonresident pupils eligible to attend a district's school under an urban voluntary transfer program;

(3) **Nonresident pupils who transfer from an unaccredited district under section 167.131, provided that the charter school is an approved charter school, as defined in section 167.131, and subject to all other provisions of section 167.131;**

(4) In the case of a charter school whose mission includes student drop-out prevention or recovery, any nonresident pupil from the same or an adjacent county who resides in a residential care facility, a transitional living group home, or an independent living program whose last school of enrollment is in the school district where the charter school is established, who submits a timely application; and

[(4)] **(5)** In the case of a workplace charter school, any student eligible to attend under subdivision (1) or (2) of this subsection whose parent is employed in the business district, who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level or building. The configuration of a business district shall be set forth in the charter and shall not be construed to create an undue advantage for a single employer or small number of employers.

2. If capacity is insufficient to enroll all pupils who submit a timely application, the charter school shall

have an admissions process that assures all applicants of an equal chance of gaining admission **and does not discriminate based on parents' ability to pay fees or tuition** except that:

(1) A charter school may establish a geographical area around the school whose residents will receive a preference for enrolling in the school, provided that such preferences do not result in the establishment of racially or socioeconomically isolated schools and provided such preferences conform to policies and guidelines established by the state board of education;

(2) A charter school may also give a preference for admission of children whose siblings attend the school or whose parents are employed at the school or in the case of a workplace charter school, a child whose parent is employed in the business district or at the business site of such school; and

(3) Charter alternative and special purpose schools may also give a preference for admission to high-risk students, as defined in subdivision (5) of subsection 2 of section 160.405, when the school targets these students through its proposed mission, curriculum, teaching methods, and services.

3. A charter school shall not limit admission based on race, ethnicity, national origin, disability, income level, proficiency in the English language or athletic ability, but may limit admission to pupils within a given age group or grade level. Charter schools may limit admission based on gender only when the school is a single-gender school. Students of a charter school [that are present for the January membership count as defined in section 163.011] **who have been enrolled for a full academic year** shall be counted in the performance of the charter school on the statewide assessments in that calendar year, unless otherwise exempted as English language learners. **For purposes of this subsection, "full academic year" means the last Wednesday in September through the administration of the Missouri assessment program test without transferring out of the school and re-enrolling.**

[4. The department of elementary and secondary education shall commission a study of the performance of students at each charter school in comparison with an equivalent group of district students representing an equivalent demographic and geographic population and a study of the impact of charter schools upon the constituents they serve in the districts in which they are located, to be conducted by the joint committee on education. The charter school study shall include analysis of the administrative and instructional practices of each charter school and shall include findings on innovative programs that illustrate best practices and lend themselves to replication or incorporation in other schools. The joint committee on education shall coordinate with individuals representing charter schools and the districts in which charter schools are located in conducting the study. The study of a charter school's student performance in relation to a comparable group shall be designed to provide information that would allow parents and educators to make valid comparisons of academic performance between the charter school's students and an equivalent group of district students representing an equivalent demographic and geographic population. The student performance assessment and comparison shall include, but may not be limited to:

(1) Missouri assessment program test performance and aggregate growth over several years;

(2) Student reenrollment rates;

(3) Educator, parent, and student satisfaction data;

(4) Graduation rates in secondary programs; and

(5) Performance of students enrolled in the same public school for three or more consecutive years. The impact study shall be undertaken every two years to determine the impact of charter schools on the

constituents they serve in the districts where charter schools are operated. The impact study shall include, but is not limited to, determining if changes have been made in district policy or procedures attributable to the charter school and to perceived changes in attitudes and expectations on the part of district personnel, school board members, parents, students, the business community and other education stakeholders. The department of elementary and secondary education shall make the results of the studies public and shall deliver copies to the governing boards of the charter schools, the sponsors of the charter schools, the school board and superintendent of the districts in which the charter schools are operated.**]**

[5.**] 4.** A charter school shall make available for public inspection, and provide upon request, to the parent, guardian, or other custodian of any school-age pupil resident in the district in which the school is located the following information:

(1) The school's charter;

(2) The school's most recent annual report card published according to section 160.522;

(3) The results of background checks on the charter school's board members; and

(4) If a charter school is operated by a management company, a copy of the written contract between the governing board of the charter school and the educational management organization or the charter management organization for services. The charter school may charge reasonable fees, not to exceed the rate specified in section 610.026 for furnishing copies of documents under this subsection.

[6.**] 5.** When a student attending a charter school who is a resident of the school district in which the charter school is located moves out of the boundaries of such school district, the student may complete the current semester and shall be considered a resident student. The student's parent or legal guardian shall be responsible for the student's transportation to and from the charter school.

[7.**] 6.** If a change in school district boundary lines occurs under section 162.223, 162.431, 162.441, or 162.451, or by action of the state board of education under section 162.081, including attachment of a school district's territory to another district or dissolution, such that a student attending a charter school prior to such change no longer resides in a school district in which the charter school is located, then the student may complete the current academic year at the charter school. The student shall be considered a resident student. The student's parent or legal guardian shall be responsible for the student's transportation to and from the charter school.

[8.**] 7.** The provisions of sections 167.018 and 167.019 concerning foster children's educational rights are applicable to charter schools.

160.415. 1. For the purposes of calculation and distribution of state school aid under section 163.031, pupils enrolled in a charter school shall be included in the pupil enrollment of the school district within which each pupil resides. Each charter school shall report the names, addresses, and eligibility for free and reduced **price** lunch, special education, or limited English proficiency status, as well as eligibility for categorical aid, of pupils resident in a school district who are enrolled in the charter school to the school district in which those pupils reside. The charter school shall report the average daily attendance data, free and reduced **price** lunch count, special education pupil count, and limited English proficiency pupil count to the state department of elementary and secondary education. Each charter school shall promptly notify the state department of elementary and secondary education and the pupil's school district when a student discontinues enrollment at a charter school.

2. Except as provided in subsections 3 and 4 of this section, the aid payments for charter schools shall be as described in this subsection.

(1) A school district having one or more resident pupils attending a charter school shall pay to the charter school an annual amount equal to the product of the charter school's weighted average daily attendance and the state adequacy target, multiplied by the dollar value modifier for the district, plus local tax revenues per weighted average daily attendance from the incidental and teachers' funds in excess of the performance levy as defined in section 163.011 plus all other state aid attributable to such pupils.

(2) The district of residence of a pupil attending a charter school shall also pay to the charter school any other federal or state aid that the district receives on account of such child.

(3) If the department overpays or underpays the amount due to the charter school, such overpayment or underpayment shall be repaid by the public charter school or credited to the public charter school in twelve equal payments in the next fiscal year.

(4) The amounts provided pursuant to this subsection shall be prorated for partial year enrollment for a pupil.

(5) A school district shall pay the amounts due pursuant to this subsection as the disbursal agent and no later than twenty days following the receipt of any such funds. The department of elementary and secondary education shall pay the amounts due when it acts as the disbursal agent within five days of the required due date.

3. A workplace charter school shall receive payment for each eligible pupil as provided under subsection 2 of this section, except that if the student is not a resident of the district and is participating in a voluntary interdistrict transfer program, the payment for such pupils shall be the same as provided under section 162.1060.

4. A charter school that has declared itself as a local educational agency shall receive from the department of elementary and secondary education an annual amount equal to the product of the charter school's weighted average daily attendance and the state adequacy target, multiplied by the dollar value modifier for the district, plus local tax revenues per weighted average daily attendance from the incidental and teachers funds in excess of the performance levy as defined in section 163.011 plus all other state aid attributable to such pupils. If a charter school declares itself as a local [education] **educational** agency, the department of elementary and secondary education shall, upon notice of the declaration, reduce the payment made to the school district by the amount specified in this subsection and pay directly to the charter school the annual amount reduced from the school district's payment.

5. If a school district fails to make timely payments of any amount for which it is the disbursal agent, the state department of elementary and secondary education shall authorize payment to the charter school of the amount due pursuant to subsection 2 of this section and shall deduct the same amount from the next state school aid apportionment to the owing school district. If a charter school is paid more or less than the amounts due pursuant to this section, the amount of overpayment or underpayment shall be adjusted equally in the next twelve payments by the school district or the department of elementary and secondary education, as appropriate. Any dispute between the school district and a charter school as to the amount owing to the charter school shall be resolved by the department of elementary and secondary education, and the department's decision shall be the final administrative action for the purposes of review pursuant to chapter

536. During the period of dispute, the department of elementary and secondary education shall make every administrative and statutory effort to allow the continued education of children in their current public charter school setting.

6. The charter school and a local school board may agree by contract for services to be provided by the school district to the charter school. The charter school may contract with any other entity for services. Such services may include but are not limited to food service, custodial service, maintenance, management assistance, curriculum assistance, media services and libraries and shall be subject to negotiation between the charter school and the local school board or other entity. Documented actual costs of such services shall be paid for by the charter school.

7. In the case of a proposed charter school that intends to contract with an education service provider for substantial educational services[,] **or** management services, the request for proposals shall additionally require the charter school applicant to:

(1) Provide evidence of the education service provider's success in serving student populations similar to the targeted population, including demonstrated academic achievement as well as successful management of nonacademic school functions, if applicable;

(2) Provide a term sheet setting forth the proposed duration of the service contract; roles and responsibilities of the governing board, the school staff, and the service provider; scope of services and resources to be provided by the service provider; performance evaluation measures and time lines; compensation structure, including clear identification of all fees to be paid to the service provider; methods of contract oversight and enforcement; investment disclosure; and conditions for renewal and termination of the contract;

(3) Disclose any known conflicts of interest between the school governing board and proposed service provider or any affiliated business entities;

(4) Disclose and explain any termination or nonrenewal of contracts for equivalent services for any other charter school in the United States within the past five years;

(5) Ensure that the legal counsel for the charter school shall report directly to the charter school's governing board; and

(6) Provide a process to ensure that the expenditures that the [educational] **education** service provider intends to bill to the charter school shall receive prior approval of the governing board or its designee.

8. A charter school may enter into contracts with community partnerships and state agencies acting in collaboration with such partnerships that provide services to children and their families linked to the school.

9. A charter school shall be eligible for transportation state aid pursuant to section 163.161 and shall be free to contract with the local district, or any other entity, for the provision of transportation to the students of the charter school.

10. (1) The proportionate share of state and federal resources generated by students with disabilities or staff serving them shall be paid in full to charter schools enrolling those students by their school district where such enrollment is through a contract for services described in this section. The proportionate share of money generated under other federal or state categorical aid programs shall be directed to charter schools serving such students eligible for that aid.

(2) A charter school shall provide the special services provided pursuant to section 162.705 and may provide the special services pursuant to a contract with a school district or any provider of such services.

11. A charter school may not charge tuition[, nor may it] **or** impose fees that a school district is prohibited from **charging or** imposing **except that a charter school may receive tuition payments from districts in the same or an adjoining county for nonresident students who transfer to an approved charter school, as defined in section 167.131, from an unaccredited district** .

12. A charter school is authorized to incur debt in anticipation of receipt of funds. A charter school may also borrow to finance facilities and other capital items. A school district may incur bonded indebtedness or take other measures to provide for physical facilities and other capital items for charter schools that it sponsors or contracts with. **Except as otherwise specifically provided in sections 160.400 to 160.425,** upon the dissolution of a charter school, any liabilities of the corporation will be satisfied through the procedures of chapter 355. **A charter school shall satisfy all its financial obligations within twelve months of notice from the sponsor of the charter school's closure under subsection 8 of section 160.405. After satisfaction of all its financial obligations, a charter school shall return any remaining state and federal funds to the department of elementary and secondary education for disposition as stated in subdivision (17) of subsection 1 of section 160.405.** The department of elementary and secondary education may withhold funding at a level the department determines to be adequate during a school's last year of operation until the department determines that school records, liabilities, and reporting requirements, including a full audit, are satisfied.

13. Charter schools shall not have the power to acquire property by eminent domain.

14. The governing body of a charter school is authorized to accept grants, gifts or donations of any kind and to expend or use such grants, gifts or donations. A grant, gift or donation may not be accepted by the governing body if it is subject to any condition contrary to law applicable to the charter school or other public schools, or contrary to the terms of the charter.

160.417. 1. By October 1, 2012, and by each October first thereafter, the sponsor of each charter school shall review the information submitted on the report required by section 162.821 to identify charter schools experiencing financial stress. The department of elementary and secondary education shall be authorized to obtain such additional information from a charter school as may be necessary to determine the financial condition of the charter school. Annually, a listing of charter schools identified as experiencing financial stress according to the provisions of this section shall be provided to the governor, speaker of the house of representatives, and president pro tempore of the senate by the department of elementary and secondary education.

2. For the purposes of this section, a charter school shall be identified as experiencing financial stress if it:

(1) At the end of its most recently completed fiscal year:

Upon receiving the notification, the governing board shall develop, or cause to have developed, and shall approve a budget and education plan on forms provided by the sponsor. The budget and education plan shall be submitted to the sponsor, signed by the officers of the charter school, within forty-five calendar days of notification that the charter school has been identified as experiencing financial stress. Minimally, the budget and education plan shall:

(1) Give assurances that adequate educational services to students of the charter school shall continue uninterrupted for the remainder of the current school year and that the charter school can provide the minimum [number of school days and hours] **amount of school time** required by section [160.041] **171.031** ;

Nothing in sections 160.400 to 160.425 or section 167.349 shall exempt a charter school from submitting a budget and education plan to the sponsor according to the provisions of this section following each such notification that a charter school has been identified as experiencing financial stress, except that the sponsor may permit a charter school's governing board to make amendments to or update a budget and education plan previously submitted to the sponsor.

5. The department may withhold any payment of financial aid otherwise due to the charter school until such time as the sponsor and the charter school have fully complied with this section.

163.018. 1. Notwithstanding the definition of "average daily attendance" in subdivision (2) of section 163.011 to the contrary, pupils between the ages of three and five who are eligible for free and reduced **price** lunch and attend an early childhood education program**:**

The provisions of this subdivision shall apply to districts entitled to receive state aid payments under both subsections 1 and 2 of this section but shall not apply to any school district with an average daily attendance of three hundred fifty or less.

7. 404.1104. 1. If a patient is incapacitated under the circumstances described in section 404.1102 and is unable to provide consent regarding his or her own health care, and does not have a legally appointed guardian, an agent under a health care durable power of attorney, is not under the jurisdiction of the juvenile court, or does not have any other person who has legal authority to consent for the patient, decisions concerning the patient's health care may be made by the following competent persons in the following order of priority, with the exception of persons excluded under subsection 4 of section 404.1104:

(1) The spouse of the patient, unless the spouse and patient are separated under one of the following:

(a) A current dissolution of marriage or separation action;

(b) A signed written property or marital settlement agreement;

(c) A permanent order of separate maintenance or support or a permanent order approving a property or marital settlement agreement between the parties;

(2) An adult child of the patient;

(3) A parent of the patient;

(4) An adult sibling of the patient;

(5) A person who is a member of the same community of persons as the patient who is bound by vows to a religious life and who conducts or assists in the conducting of religious services and actually and regularly engages in religious, benevolent, charitable, or educational ministry, or performance of health care services;

(6) An adult who can demonstrate that he or she has a close personal relationship with the patient and is familiar with the patient's personal values; or

(7) Any other person designated by the unanimous mutual agreement of the persons listed above who is involved in the patient's care.

2. If a person who is a member of the classes listed in subsection 1 of this section, regardless of priority, or a health care provider or a health care facility involved in the care of the patient, disagrees on whether certain health care should be provided to or withheld or withdrawn from a patient, any such person, provider, or facility, or any other person interested in the welfare of the patient may petition the probate court for an order for the appointment of a temporary or permanent guardian in accordance with subsection 8 of this section to act in the best interest of the patient.

3. A person who is a member of the classes listed in subsection 1 of this section shall not be denied priority under this section based solely upon that person's support for, or direction to provide, withhold or withdraw health care to the patient, subject to the rights of other classes of potential designated decision-makers, a healthcare provider, or healthcare facility to petition the probate court for an order for the appointment of a temporary or permanent guardian under subsection 8 of this section to act in the best interests of the patient.

4. Priority under this section shall not be given to persons in any of the following circumstances:

(1) If a report of abuse or neglect of the patient has been made under section 192.2475, 198.070, 208.912, 210.115, 565.188, 630.163 or any other mandatory reporting statutes, and if the health care provider knows of such a report of abuse or neglect, then unless the report has been determined to be unsubstantiated or unfounded, or a determination of abuse was finally reversed after administrative or judicial review, the person reported as the alleged perpetrator of the abuse or neglect shall not be given priority or authority to make health care decisions under subsection 1 of this section, provided that such a report shall not be based on the person's support for, or direction to provide, health care to the patient;

(2) If the patient's physician or the physician's designee reasonably determines, after making a diligent effort to contact the designated health care decision-maker using known telephone numbers and other contact information and receiving no response, that such person is not reasonably available to make medical decisions as needed or is not willing to make health care decisions for the patient; or

(3) If a probate court in a proceeding under subsection 8 of this section finds that the involvement of the person in decisions concerning the patient's health care is contrary to instructions that the patient had unambiguously, and without subsequent contradiction or change, expressed before he or she became incapacitated. Such a statement to the patient's physician or other health care provider contemporaneously recorded in the patient's medical record and signed by the patient's physician or other health care provider shall be deemed such an instruction, subject to the ability of a party to a proceeding under subsection 8 of this section to dispute its accuracy, weight, or interpretation.

5. (1) The designated health care decision-maker shall make reasonable efforts to obtain information regarding the patient's health care preferences from health care providers, family, friends, or others who may have credible information.

(2) The designated health care decision-maker, and the probate court in any proceeding under subsection 8 of this section, shall always make health care decisions in the patient's best interests, and if the patient's religious and moral beliefs and health care preferences are known, in accordance with those beliefs and preferences.

6. This section does not authorize the provision or withholding of health care services that the patient has unambiguously, without subsequent contradiction or change of instruction, expressed that he or she would or would not want at a time when such patient had capacity. Such a statement to the patient's physician or other health care provider, contemporaneously recorded in the patient's medical record and signed by the patient's physician or other health care provider, shall be deemed such evidence, subject to the ability of a party to a proceeding under subsection 8 of this section to dispute its accuracy, weight, or interpretation.

7. A designated health care decision-maker shall be deemed a personal representative for the purposes of access to and disclosure of private medical information under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), 42 U.S.C. Section 1320d and 45 CFR 160-164.

8. Nothing in sections 404.1100 to 404.1110 shall preclude any person interested in the welfare of a patient including, but not limited to, a designated health care decision-maker, a member of the classes listed in subsection 1 of this section regardless of priority, or a health care provider or health care facility involved in the care of the patient, from petitioning the probate court for the appointment of a temporary or permanent guardian for the patient including expedited adjudication under chapter 475.

9. Pending the final outcome of proceedings initiated under subsection 8 of this section, the designated health care decision-maker, health care provider, or health care facility shall not withhold or withdraw, or direct the withholding or withdrawal, of health care, nutrition, or hydration whose withholding or withdrawal, in reasonable medical judgment, would result in or hasten the death of the patient, would jeopardize the health or limb of the patient, or would result in disfigurement or impairment of the patient's faculties. If a health care provider or a health care facility objects to the provision of such health care, nutrition, or hydration on the basis of religious beliefs or sincerely held moral convictions, the provider or facility shall not impede the transfer of the patient to another health care provider or health care facility willing to provide it, and shall provide such health care, nutrition, or hydration to the patient pending the completion of the transfer. For purposes of this section, artificially supplied nutrition and hydration may be withheld or withdrawn during the

pendency of the guardianship proceeding only if, based on reasonable medical judgment, the patient's physician and a second licensed physician certify that the patient meets the standard set forth in subdivision (2) of subsection 1 of section 404.1105. If tolerated by the patient and adequate to supply the patient's needs for nutrition or hydration, natural feeding should be the preferred method.

404.1105. 1. No designated health care decision-maker may, with the intent of hastening or causing the death of the patient, authorize the withdrawal or withholding of nutrition or hydration supplied through either natural or artificial means. A designated health care decision-maker may authorize the withdrawal or withholding of artificially supplied nutrition and hydration only when the physician and a second licensed physician certify in the patient's medical record based on reasonable medical judgment that:

(1) Artificially supplied nutrition or hydration are not necessary for comfort care or the relief of pain and would serve only to prolong artificially the dying process and where death will occur within a short period of time whether or not such artificially supplied nutrition or hydration is withheld or withdrawn; or

(2) Artificially supplied nutrition or hydration cannot be physiologically assimilated or tolerated by the patient.

2. When tolerated by the patient and adequate to supply the patient's need for nutrition or hydration, natural feeding should be the preferred method.

3. The provisions of this section shall not apply to subsection 3 of section 459.010.

404.1106. If any of the individuals specified in section 404.1104 or the designated health care decision-maker or physician believes the patient is no longer incapacitated, the patient's physician shall reexamine the patient and determine in accordance with reasonable medical judgment whether the patient is no longer incapacitated, shall certify the decision and the basis therefor in the patient's medical record, and shall notify the patient, the designated health care decision-maker, and the person who initiated the redetermination of capacity. Rights of the designated health care decision-maker shall end upon the physician's certification that the patient is no longer incapacitated.

404.1107. No health care provider or health care facility that makes good faith and reasonable attempts to identify, locate, and communicate with potential designated health care decision-makers in accordance with sections 404.1100 to 404.1110 shall be subject to civil or criminal liability or regulatory sanction for any act or omission related to his or her or its effort to identify, locate, and communicate with or act upon any decision by or for such actual or potential designated health care decision-makers.

404.1108. 1. A health care provider or a health care facility may decline to comply with the health care decision of a patient or a designated health care decision-maker if such decision is contrary to the religious beliefs or sincerely held moral convictions of a health care provider or health care facility.

2. If at any time, a health care facility or health care provider determines that any known or anticipated health care preferences expressed by the patient to the health care provider or health care facility, or as expressed through the patient's designated health care decision-maker, are contrary to the religious beliefs or sincerely held moral convictions of the health care provider or health care

facility, such provider or facility shall promptly inform the patient or the patient's designated health care decision-maker.

3. If a health care provider declines to comply with such health care decision, no health care provider or health care facility shall impede the transfer of the patient to another health care provider or health care facility willing to comply with the health care decision.

4. Nothing in this section shall relieve or exonerate a health care provider or a health care facility from the duty to provide for the health care, care, and comfort of a patient pending transfer under this section. If withholding or withdrawing certain health care would, in reasonable medical judgment, result in or hasten the death of the patient, such health care shall be provided pending completion of the transfer. Notwithstanding any other provision of this section, no such health care shall be denied on the basis of a view that treats extending the life of an elderly, disabled, or terminally ill individual as of lower value than extending the life of an individual who is younger, nondisabled, or not terminally ill, or on the basis of the health care provider's or facility's disagreement with how the patient or individual authorized to act on the patient's behalf values the tradeoff between extending the length of the patient's life and the risk of disability.

404.1109. No health care decision-maker shall withhold or withdraw health care from a pregnant patient, consistent with existing law, as set forth in section 459.025.

404.1110. Nothing in sections 404.1100 to 404.1110 is intended to:

(1) Be construed as condoning, authorizing, or approving euthanasia or mercy killing; or

(2) Be construed as permitting any affirmative or deliberate act to end a person's life, except to permit natural death as provided by sections 404.1100 to 404.1110."; and

HOUSE AMENDMENT NO. 4

Amend House Committee Substitute for Senate Committee Substitute for Senate Bill No. 973, Page 1, Section 338.202, Line 13, by inserting immediately after all of said lines the following:

"**376.2029. The legislature declares it a matter of public interest:**

(1) That patients be exempt from step therapy protocols if inappropriate or otherwise not in the best interest of the patient;

(2) That patients, through their health care providers, have access to a fair, transparent, and independent process for requesting an exception to a step therapy protocol if the patient's health care provider deems such exception appropriate; and

(3) That patients and health care providers receive a timely determination from health carriers and health benefit plans on requests for an exception to a step therapy protocol.

376.2030. As used in sections 376.2030 to 376.2036, the following terms mean:

(1) "Emergency medical condition", the same meaning as such term is defined in section 376.1350;

(2) "Health benefit plan", the same meaning as such term is defined in section 376.1350;

(3) "Health care provider", the same meaning as such term is defined in section 376.1350;

(4) "Health carrier", the same meaning as such term is defined in section 376.1350;

(5) "Step therapy override exception determination", a determination as to whether a step therapy protocol should apply in a particular situation, or whether the step therapy protocol should be overridden in favor of immediate coverage of the health care provider's preferred prescription drug. Such determination shall be based on a review of the patient's or health care provider's request for an override, along with supporting rationale and documentation;

(6) "Step therapy override exception request", a written or electronic request from a patient's health care provider for the step therapy protocol to be overridden in favor of immediate coverage of the health care provider's preferred prescription drug. The manner and form of the request shall be disclosed to the patient and health care provider as provided under section 376.2034;

(7) "Step therapy protocol", a protocol or program that establishes a specific sequence in which prescription drugs for a specified medical condition and medically appropriate for a particular patient are to be prescribed and covered by a health carrier or health benefit plan;

(8) "Utilization review organization", an entity that conducts utilization review other than an insurer or health carrier performing utilization review for its own health benefit plans.

376.2034. 1. If coverage of a prescription drug for the treatment of any medical condition is restricted for use by a health carrier, health benefit plan, or utilization review organization via a step therapy protocol, a patient and his or her health care provider shall have access to a readily accessible process to request a step therapy override exception determination. A health carrier, health benefit plan, or utilization review organization may use its existing medical exceptions process to satisfy this requirement. The process shall be disclosed to the patient and health care provider, which shall include the necessary documentation needed to process such request and be made available on the health carrier plan or health benefit plan website.

2. A step therapy override exception request shall be expeditiously granted if:

(1) The required prescription drug is contraindicated or will likely cause an adverse reaction by or physical or mental harm to the patient;

(2) The required prescription drug is expected to be ineffective based on the known clinical characteristics of the patient and the known characteristics of the prescription drug regimen;

(3) The patient has tried the step therapy required prescription drug while under his or her current or previous health insurance or health benefit plan, and the use of such prescription drug was discontinued due to lack of efficacy or effectiveness, diminished effect, or an adverse event;

(4) The patient has tried a prescription drug in the same therapeutic class as the step therapy required prescription drug or with a similar mechanism of action that would generally possess a comparable potency. Pharmacy drug samples shall not be considered trial and failure of a preferred prescription drug in lieu of trying the step therapy required prescription drug; or

(5) The step therapy required prescription drug is not in the best interest of the patient based on

medical necessity.

3. The health carrier, health benefit plan, or utilization review organization may request relevant documentation from the health care provider to support the override exception request, including the results of any clinical evaluation or evidence that the patient has tried the step therapy required prescription drug and the use of such prescription drug was discontinued due to lack of efficacy or effectiveness, diminished effect, or an adverse event.

4. Upon granting a step therapy override exception request, the health carrier, health benefit plan, or utilization review organization shall authorize dispensation of and coverage for the prescription drug prescribed by the patient's treating health care provider, provided such drug is a covered drug under such policy or plan.

5. (1) The health carrier, health benefit plan, or utilization review organization shall:

(a) Acknowledge receipt of a step therapy override exception request and indicate if relevant supporting documentation is needed within one business day of receipt of the request;

(b) If supporting documentation is not needed, grant or deny the step therapy override exception request within three business days of receipt of the request; and

(c) If supporting documentation is needed, grant or deny the step therapy override exception request within three business days of receipt of the supporting documentation.

(2) If an emergency medical condition exists, a health carrier, health benefit plan, or utilization review organization shall:

(a) Acknowledge receipt of a step therapy override exception request and indicate if relevant supporting documentation is needed within one business day of receipt of the request;

(b) If supporting documentation is not needed, grant or deny the step therapy override exception request within one business day of receipt of the request; and

(c) If supporting documentation is needed, grant or deny the step therapy override exception request within one business day of receipt of the supporting documentation.

(3) If an insurer, health plan, or utilization review organization does not grant or deny the step therapy override exception request within the time allotted under this subsection, the step therapy override exception request shall be deemed granted.

(4) If an insurer, health plan, or utilization review organization denies a step therapy override exception request, the insurer, health benefit plan, or utilization review organization shall provide notification of the denial and a detailed explanation of the reason for the denial to the patient and health care provider. Such detailed explanation shall include the clinical rationale that supports the denial of the step therapy override exception request, if applicable. Upon denial of a step therapy override exception request, the requesting health care provider, on behalf of the patient, shall be given an opportunity to request a reconsideration of the denial as provided under section 376.1365.

6. This section shall not be construed to prevent:

(1) A health carrier, health benefit plan, or utilization review organization from requiring a

patient to try an A/B rated generic equivalent or other branded prescription drug prior to providing coverage for the requested branded prescription drug; or

(2) A health care provider from prescribing a prescription drug he or she determines is medically appropriate.

376.2036. 1. The director of the department of insurance, financial institutions and professional registration shall grant a health carrier, health benefit plan, or utilization review organization a waiver from the provisions of sections 376.2030 to 376.2036 if the health carrier, health benefit plan, or utilization review organization demonstrates to the director by actual experience, which is certified by an independent member of the American Academy of Actuaries, over any consecutive twenty-four-month period that compliance with sections 376.2030 to 376.2036 has independently increased the cost of its health insurance policies or health benefit plans by an amount that results in an increase in premium costs to the health carrier, health benefit plan, or utilization review organization greater than the medical inflation rate for such twenty-four-month period. The data provided in support of the waiver and certified by the independent actuary shall demonstrate that the increased costs are attributable to the provisions of sections 376.2030 to 376.2036.

2. The provisions of sections 376.2030 to 376.2036 shall apply only to health insurance policies and health benefit plans delivered, issued for delivery, or renewed on or after January 1, 2018.

3.Notwithstanding any law to the contrary, the department of insurance, financial institutions and professional registration shall promulgate any regulations necessary to enforce sections 376.2030 to 376.2036. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 1 TO
HOUSE AMENDMENT NO. 5

Amend House Amendment No. 5 to House Committee Substitute for Senate Committee Substitute for Senate Bill No. 973, Page 2, Line 39, by deleting said line and inserting in lieu thereof the following:

" **a durable power of health care pursuant to sections 404.800 to 404.872.**

197.315. 1. Any person who proposes to develop or offer a new institutional health service within the state must obtain a certificate of need from the committee prior to the time such services are offered.

2. Only those new institutional health services which are found by the committee to be needed shall be granted a certificate of need. Only those new institutional health services which are granted certificates of need shall be offered or developed within the state. No expenditures for new institutional health services in excess of the applicable expenditure minimum shall be made by any person unless a certificate of need has been granted.

3. After October 1, 1980, no state agency charged by statute to license or certify health care facilities shall issue a license to or certify any such facility, or distinct part of such facility, that is developed without obtaining a certificate of need.

4. If any person proposes to develop any new institutional health care service without a certificate of need as required by sections 197.300 to 197.366, the committee shall notify the attorney general, and he shall apply for an injunction or other appropriate legal action in any court of this state against that person.

The applicant may request an extension from the committee of not more than six additional months based upon substantial expenditure made.

10. Each application for a certificate of need must be accompanied by an application fee. The time of filing commences with the receipt of the application and the application fee. The application fee is one thousand dollars, or one-tenth of one percent of the total cost of the proposed project, whichever is greater. All application fees shall be deposited in the state treasury. Because of the loss of federal funds, the general assembly will appropriate funds to the Missouri health facilities review committee.

16. The provisions of this section shall not apply to facilities operated by the state, and appropriation

17. Notwithstanding other provisions of this section, a certificate of need may be issued after July 1, 1983, for an intermediate care facility operated exclusively for the intellectually disabled.

18. To assure the safe, appropriate, and cost-effective transfer of new medical technology throughout the state, a certificate of need shall not be required for the purchase and operation of**:**

(1) Research equipment that is to be used in a clinical trial that has received written approval from a duly constituted institutional review board of an accredited school of medicine or osteopathy located in Missouri to establish its safety and efficacy and does not increase the bed complement of the institution in which the equipment is to be located. HOUSE AMENDMENT NO. 5

Amend House Committee Substitute for Senate Committee Substitute for Senate Bill No. 973, Page 1, In the Title, Lines 2-3, by deleting the words "dispensing maintenance medication"; and inserting the words "health care"; and

Further amend said bill, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"**191.1150. 1. This section shall be known as the "Caregiver, Advise, Record, and Enable (CARE) Act".**

2. As used in this section, the following terms shall mean:

(1) "After-care", assistance that is provided by a caregiver to a patient after the patient's discharge from a hospital that is related to the condition of the patient at the time of discharge, including assisting with activities of daily living, as defined in section 198.006; instrumental activities of daily living, as defined in section 198.006; or carrying out medical or nursing tasks as permitted by law;

(2) "Admission", a patient's admission into a hospital as an in-patient;

(3) "Ambulatory surgical center", as defined in section 197.200;

(4) "Caregiver", an individual who is eighteen years of age or older, is duly designated as a caregiver by a patient pursuant to this section, and who provides after-care assistance to such patient in the patient's residence;

(5) "Discharge", a patient's release from a hospital or an ambulatory surgical center to the patient's residence following an admission;

(6) "Hospital", as defined in section 197.020;

3. A hospital or ambulatory surgical center shall provide each patient or, if applicable, the patient's legal guardian with an opportunity to designate a caregiver following the patient's admission into a hospital or entry into an ambulatory surgical center and prior to the patient's discharge. Such designation shall include a written consent of the patient or the patient's legal guardian to release otherwise confidential medical information to the designated caregiver if such medical record would be needed to enable the completion of after-care tasks. The written consent shall be in compliance with federal and state laws concerning the release of personal health information. Prior to discharge, a patient may elect to change his or her caregiver in the event that the original designated caregiver becomes unavailable, unwilling, or unable to care for the patient. Designation of a caregiver by a patient or a patient's legal guardian does not obligate any person to arrange or perform any after-care tasks for the patient.

4. The hospital or ambulatory surgical center shall document the patient's or the patient's legal guardian's designation of caregiver, the relationship of the caregiver to the patient, and the caregiver's available contact information.

5. If the patient or the patient's legal guardian declines to designate a caregiver, the hospital or ambulatory surgical center shall document such information.

6. The hospital or ambulatory surgical center shall notify a patient's caregiver of the patient's discharge or transfer to another facility as soon as practicable, which may be after the patient's physician issues a discharge order. In the event that the hospital or ambulatory surgical center is unable to contact the designated caregiver, the lack of contact shall not interfere with, delay, or otherwise affect the medical care provided to the patient or an appropriate discharge of the patient. The hospital or ambulatory surgical center shall document the attempt to contact the caregiver.

7. Prior to being discharged, if the hospital or ambulatory surgical center is able to contact the caregiver and caregiver is willing to assist, the hospital or ambulatory surgical center shall provide the caregiver with the patient's discharge plan, if such plan exists, or instructions for the after-care needs of the patient and give the caregiver the opportunity to ask questions about the after-care needs

of the patient.

8. A hospital or ambulatory surgical center is not required nor obligated to determine the ability of a caregiver to understand or perform any of the after-care tasks outlined in this section.

9. Nothing in this section shall authorize or require compensation of a caregiver by a state agency or a health carrier, as defined in section 376.1350.

10. Nothing in this section shall require a hospital or ambulatory surgical center to take actions that are inconsistent with the standards of the federal Medicare program under Title XVIII of the Social Security Act and its conditions of participation in the Code of Federal Regulations or the standards of a national accrediting organization with deeming authority under Section 1865(a)(1) of the Social Security Act.

11. Nothing in this section shall create a private right of action against a hospital, ambulatory surgical center, a hospital or ambulatory surgical center employee, or an individual with whom a hospital or ambulatory surgical center has a contractual relationship.

12. A hospital, ambulatory surgical center, hospital or ambulatory surgical center employee, or an individual with whom a hospital or ambulatory surgical center has a contractual relationship shall not be liable in any way for an act or omission of the caregiver.

13. No act or omission under this section by a hospital, ambulatory surgical center, hospital or ambulatory surgical center employee, or an individual with whom a hospital or ambulatory surgical center has a contractual relationship shall give rise to a citation, sanction, or any other adverse action by any licensing authority to whom such individual or entity is subject.

14. Nothing in this section shall be construed to interfere with the rights of an attorney in fact under a durable power of health care pursuant to sections 404.800 to 404.872."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 6

Further amend said bill and page, Section A, Line 2, by inserting after all of said section and line the following:

"**334.1200. PURPOSE**

The purpose of this compact is to facilitate interstate practice of physical therapy with the goal of improving public access to physical therapy services. The practice of physical therapy occurs in the state where the patient/client is located at the time of the patient/client encounter. The compact preserves the regulatory authority of states to protect public health and safety through the current system of state licensure.

This compact is designed to achieve the following objectives:

1. Increase public access to physical therapy services by providing for the mutual recognition of

other member state licenses;

2. Enhance the states' ability to protect the public's health and safety;

3. Encourage the cooperation of member states in regulating multistate physical therapy practice;

4. Support spouses of relocating military members;

5. Enhance the exchange of licensure, investigative, and disciplinary information between member states; and

6. Allow a remote state to hold a provider of services with a compact privilege in that state accountable to that state's practice standards.

334.1203. DEFINITIONS

As used in this compact, and except as otherwise provided, the following definitions shall apply:

1. "Active Duty Military" means full-time duty status in the active uniformed service of the United States, including members of the National Guard and Reserve on active duty orders pursuant to 10 U.S.C. Section 1209 and 1211.

334.1224. RULEMAKING

A. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within four years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

A. Oversight

1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

3. The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

B. Default, Technical Assistance, and Termination

1. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the commission; and

b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities

incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

6. The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

C. Dispute Resolution

1. Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

2. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement

1. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

334.1230. DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR PHYSICAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

A. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

B. Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

C. Any member state may withdraw from this compact by enacting a statute repealing the same.

1. A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's physical therapy licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this compact shall be construed to invalidate or prevent any physical therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

E. This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

334.1233. CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party state, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters."; and

This assistance in no way is intended to relieve the pharmacist from his or her responsibilities for compliance with this chapter and he or she will be responsible for the actions of the auxiliary personnel acting in his or her assistance. This chapter shall also not be construed to prohibit or interfere with any legally registered practitioner of medicine, dentistry, or podiatry, or veterinary medicine only for use in animals, or the practice of optometry in accordance with and as provided in sections 195.070 and 336.220 in the compounding, administering, prescribing, or dispensing of his or her own prescriptions.

2. Any pharmacist who accepts a prescription order for a medication therapeutic plan shall have a written protocol from the physician who refers the patient for medication therapy services. The written protocol and the prescription order for a medication therapeutic plan shall come from the physician only, and shall not come from a nurse engaged in a collaborative practice arrangement under section 334.104, or from a physician assistant engaged in a supervision agreement under section 334.735.

In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither board shall separately promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

HOUSE AMENDMENT NO. 1

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 2

Amend House Committee Substitute for Senate Bill No. 640, Page 2, Section 301.125, Line 26, by inserting immediately after all of said line the following:

"301.130. 1. The director of revenue, upon receipt of a proper application for registration, required fees and any other information which may be required by law, shall issue to the applicant a certificate of registration in such manner and form as the director of revenue may prescribe and a set of license plates, or other evidence of registration, as provided by this section. Each set of license plates shall bear the name or abbreviated name of this state, the words "SHOW-ME STATE", the month and year in which the registration shall expire, and an arrangement of numbers or letters, or both, as shall be assigned from year to year by the director of revenue. The plates shall also contain fully reflective material with a common color scheme and design for each type of license plate issued pursuant to this chapter. The plates shall be clearly visible at night, and shall be aesthetically attractive. Special plates for qualified disabled veterans will have the "DISABLED VETERAN" wording on the license plates in preference to the words "SHOW-ME STATE" and special plates for members of the National Guard will have the "NATIONAL GUARD" wording in preference to the words "SHOW-ME STATE".

2. The arrangement of letters and numbers of license plates shall be uniform throughout each classification of registration. The director may provide for the arrangement of the numbers in groups or otherwise, and for other distinguishing marks on the plates.

3. All property-carrying commercial motor vehicles to be registered at a gross weight in excess of twelve thousand pounds, all passenger-carrying commercial motor vehicles, local transit buses, school buses, trailers, semitrailers, motorcycles, motortricycles, motorscooters and driveaway vehicles shall be registered with the director of revenue as provided for in subsection 3 of section 301.030, or with the state

highways and transportation commission as otherwise provided in this chapter, but only one license plate shall be issued for each such vehicle, except as provided in this subsection. The applicant for registration of any property-carrying commercial vehicle registered at a gross weight in excess of twelve thousand pounds may request and be issued two license plates for such vehicle, and if such plates are issued, the director of revenue shall provide for distinguishing marks on the plates indicating one plate is for the front and the other is for the rear of such vehicle. The director may assess and collect an additional charge from the applicant in an amount not to exceed the fee prescribed for personalized license plates in subsection 1 of section 301.144.

4. The plates issued to manufacturers and dealers shall bear the letters and numbers as prescribed by section 301.560, and the director may place upon the plates other letters or marks to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue or the state highways and transportation commission and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. Each such plate may be encased in a transparent cover so long as the plate is plainly visible and its reflective qualities are not impaired. License plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plates on trailers, motorcycles, motortricycles and motorscooters shall be displayed on the rear of such vehicles either horizontally or vertically, with the letters and numbers plainly visible. The license plate on buses, other than school buses, and on trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall be displayed on the front of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up or if two plates are issued for the vehicle pursuant to subsection 3 of this section, displayed in the same manner on the front and rear of such vehicles. The license plate or plates authorized by section 301.140, when properly attached, shall be prima facie evidence that the required fees have been paid.

6. (1) The director of revenue shall issue annually or biennially a tab or set of tabs as provided by law as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates. Beginning January 1, 2010, the director may prescribe any additional information recorded on the tab or tabs to ensure that the tab or tabs positively correlate with the license plate or plates issued by the department of revenue for such vehicle. Such tabs shall be produced in each license bureau office.

(2) The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs in the designated area of the license plate, no more than one per plate.

(3) A tab or set of tabs issued by the director of revenue when attached to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been paid.

(4) Except as otherwise provided in this section, the director of revenue shall issue plates for a period of at least six years.

(5) For those commercial motor vehicles and trailers registered pursuant to section 301.041, the plate issued by the highways and transportation commission shall be a permanent nonexpiring license plate for which no tabs shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered pursuant to this section from the obligation to pay the annual registration fee due for the vehicle.

The permanent nonexpiring license plate shall be returned to the highways and transportation commission upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the highways and transportation commission shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the highways and transportation commission and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.

7. The director of revenue and the highways and transportation commission may prescribe rules and regulations for the effective administration of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

8. Notwithstanding the provisions of any other law to the contrary, owners of motor vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess of [eighteen] **twenty-four** thousand pounds gross weight may apply for special personalized license plates. Vehicles licensed for [eighteen] **twenty-four** thousand pounds that display special personalized license plates shall be subject to the provisions of subsections 1 and 2 of section 301.030. **On and after August 28, 2016, owners of motor vehicles, other than apportioned motor vehicles or commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight, may apply for any preexisting or hereafter statutorily created special personalized license plates.**

9. No later than January 1, [2009] **2019**, the director of revenue shall commence the reissuance of new license plates of such design as [directed by the director] **approved by the advisory committee under section 301.125** consistent with the terms, conditions, and provisions of [this] section **301.125** and this chapter. Except as otherwise provided in this section, in addition to all other fees required by law, applicants for registration of vehicles with license plates that expire during the period of reissuance, applicants for registration of trailers or semitrailers with license plates that expire during the period of reissuance and applicants for registration of vehicles that are to be issued new license plates during the period of reissuance shall pay the cost of the plates required by this subsection. The additional cost prescribed in this subsection shall not be charged to persons receiving special license plates issued under section 301.073 or 301.443. Historic motor vehicle license plates registered pursuant to section 301.131 and specialized license plates are exempt from the provisions of this subsection. Except for new, replacement, and transfer applications, permanent nonexpiring license plates issued to commercial motor vehicles and trailers registered under section 301.041 are exempt from the provisions of this subsection.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

"**379.1700. As used in sections 379.1700 to 379.1708, the following terms shall mean:**

(1) "Digital network", any online-enabled application, software, website, or system offered or utilized by a transportation network company that enables the prearrangement of rides with transportation network company drivers;

(2) "Personal vehicle", a vehicle that is used by a transportation network company driver and is:

(a) Owned, leased, or otherwise authorized for use by the transportation network company driver; and

(b) Not a taxicab, limousine, or for-hire vehicle under chapter 390;

(3) "Prearranged ride", the provision of transportation by a driver to a rider, beginning when a driver accepts a ride requested by a rider through a digital network controlled by a transportation network company, continuing while the driver transports a requesting rider, and ending when the last requesting rider departs from the personal vehicle. A prearranged ride shall not include shared expense carpool or vanpool arrangements or transportation provided using a taxi, limousine, or other for-hire vehicle under chapter 390;

(4) "Transportation network company", a corporation, partnership, sole proprietorship, or other entity that is licensed and operating in Missouri that uses a digital network to connect transportation network company riders to transportation network company drivers who provide prearranged rides. A transportation network company shall not be deemed to control, direct, or manage the personal vehicles or transportation network company drivers that connect to its digital network, except if agreed to by written contract;

(5) "Transportation network company driver" or "driver", an individual who:

(a) Receives connections to potential riders and related services from a transportation network company in exchange for payment of a fee to the transportation network company; and

(b) Uses a personal vehicle to offer or provide a prearranged ride to riders upon connection through a digital network controlled by a transportation network company in return for compensation or payment of a fee;

(6) "Transportation network company rider" or "rider", an individual or persons who use a transportation network company's digital network to connect with a transportation network driver who provides prearranged rides to the rider in the driver's personal vehicle between points chosen by the rider.

379.1702. 1. Beginning April 1, 2017, a transportation network company driver or transportation network company on the driver's behalf shall maintain primary automobile insurance that:

(1) Recognizes that the driver is a transportation network company driver or otherwise uses a vehicle to transport riders for compensation; and

(2) Covers the driver while the driver is logged on to the transportation network company's digital network or while the driver is engaged in a prearranged ride.

2. The following automobile insurance requirements shall apply while a participating transportation network company driver is logged on to the transportation network company's digital network and is available to receive transportation requests but is not engaged in a prearranged ride:

(1) Primary automobile liability insurance in the amount of at least fifty thousand dollars for death and bodily injury per person, one hundred thousand dollars for death and bodily injury per incident, and twenty-five thousand dollars for property damage;

(3) The coverage requirements of this subsection may be satisfied by any of the following:

(a) Automobile insurance maintained by the transportation network company driver;

(c) Any combination of paragraphs (a) and (b) of this subdivision.

3. The following automobile insurance requirements shall apply while a transportation network company driver is engaged in a prearranged ride:

(3) The coverage requirements of this subsection may be satisfied by any of the following:

(a) Automobile insurance maintained by the transportation network company driver;

(b) Automobile insurance maintained by the transportation network company; or

(c) Any combination of paragraphs (a) and (b) of this subdivision.

4. If insurance maintained by a driver in subsection 2 or 3 of this section has lapsed or does not provide the required coverage, insurance maintained by a transportation network company shall provide the coverage required by this section beginning with the first dollar of a claim and shall have

the duty to defend such claim. If the insurance maintained by the driver does not otherwise exclude coverage for loss or injury while the driver is logged on to a transportation network's digital network or while the driver provides a prearranged ride, but does not provide insurance coverage at the minimum limits required by subsection 2 or 3 of this section, the transportation network company shall maintain insurance coverage that provides excess coverage beyond the driver's policy limits up to the limits required by subsection 2 or 3 of this section, as applicable.

5. Coverage under an automobile insurance policy maintained by the transportation network company shall not be dependent on a personal automobile insurer first denying a claim nor shall a personal automobile insurance policy be required to first deny a claim.

6. Insurance required by this section may be placed with an insurer authorized to issue policies of automobile insurance in the state of Missouri or with an eligible surplus lines insurer under chapter 384.

7. Insurance satisfying the requirements of this section shall be deemed to satisfy the motor vehicle financial responsibility requirements for a motor vehicle under chapter 303.

8. A transportation network company driver shall carry proof of coverage satisfying subsections 2 and 3 of this section with him or her at all times during his or her use of a vehicle in connection with a transportation network company's digital network. In the event of an accident, a transportation network company driver shall provide this insurance coverage information to the directly interested parties, automobile insurers, and investigating police officers, upon request under section 303.024. Upon such request, a transportation network company driver shall also disclose to directly interested parties, automobile insurers, and investigating police officers whether the driver was logged on to the transportation network company's digital network or on a prearranged ride at the time of an accident.

379.1704. The transportation network company shall disclose in writing to transportation network company drivers the following before they are allowed to accept a request for a prearranged ride on the transportation network company's digital network:

(1) The insurance coverage, including the types of coverage and the limits for each coverage, that the transportation network company provides while the transportation network company driver uses a personal vehicle in connection with a transportation network company's digital network; and

(2) That the transportation network company driver's own automobile insurance policy might not provide any coverage while the driver is logged on to the transportation network company's digital network and is available to receive transportation requests or is engaged in a prearranged ride depending on the policy's terms.

379.1706. A transportation network company shall make the following disclosure to a prospective driver in the prospective driver's terms of service:

IF THE VEHICLE THAT YOU PLAN TO USE TO PROVIDE TRANSPORTATION NETWORK COMPANY SERVICES HAS A LIEN AGAINST IT, USING THE VEHICLE FOR TRANSPORTATION NETWORK COMPANY SERVICES MAY VIOLATE THE TERMS OF YOUR CONTRACT WITH THE LIENHOLDER.

IF A TRANSPORTATION NETWORK COMPANY'S INSURER MAKES A PAYMENT FOR A CLAIM COVERED UNDER COMPREHENSIVE COVERAGE OR COLLISION COVERAGE,

THE TRANSPORTATION NETWORK COMPANY SHALL CAUSE ITS INSURER TO ISSUE THE PAYMENT DIRECTLY TO THE BUSINESS REPAIRING THE VEHICLE OR JOINTLY TO THE OWNER OF THE VEHICLE AND THE PRIMARY LIENHOLDER ON THE COVERED VEHICLE.

The disclosure set forth in this subsection shall be placed prominently in the prospective driver's written terms of service, and the prospective driver shall acknowledge the terms of service electronically or by signature.

379.1708. 1. Insurers that write automobile insurance in Missouri may exclude or limit any and all coverage afforded under an automobile insurance policy, including a motor vehicle liability policy, issued to an owner or operator of a vehicle for any loss or injury that occurs while:

(1) A driver is logged on to a transportation network company's digital network;

(2) A driver provides a prearranged ride; or

(3) A motor vehicle is being used to transport or carry persons or property for any compensation or suggested donation;

2. The right to exclude all coverage under subsection 1 of this section may apply to any coverage included in an automobile insurance policy including, but not limited to:

(1) Liability coverage for bodily injury and property damage;

(2) Uninsured and underinsured motorist coverage;

(3) Medical payments coverage;

(4) Comprehensive physical damage coverage; and

(5) Collision physical damage coverage.

Such exclusions shall apply notwithstanding any financial responsibility requirement or uninsured motorist coverage requirement under the motor vehicle financial responsibility law, chapter 303, or section 379.203, respectively. Nothing in this section implies or requires that a personal automobile insurance policy provide coverage while the driver is logged on to the transportation network company's digital network, while the driver is engaged in a prearranged ride, or while the driver otherwise uses a vehicle to transport passengers or property for compensation.

3. Nothing shall be deemed to preclude an insurer from providing coverage for the transportation network company driver's vehicle, if it chooses to do so by contract or endorsement.

4. Automobile insurers that exclude the coverage described under section 379.1702 shall have no duty to defend or indemnify any claim expressly excluded thereunder. Nothing in this section shall be deemed to invalidate or limit an exclusion contained in a policy, including any policy in use or approved for use in Missouri prior to the enactment of this section that excludes coverage for vehicles used to carry persons or property for a charge or available for hire by the public.

5. An automobile insurer that defends or indemnifies a claim against a driver that is excluded under the terms of its policy shall have a right of contribution against other insurers that provide automobile insurance to the same driver in satisfaction of the coverage requirements of section 379.1702 at the time of loss.

6. In a claims coverage investigation, transportation network companies and any insurer

providing coverage under section 379.1702 shall cooperate to facilitate the exchange of relevant information with each other and any insurer of the transportation network company driver if applicable, including the precise times that a transportation network company driver logged on and off of the transportation network company's digital network in the twelve-hour period immediately preceding and in the twelve-hour period immediately following the accident and disclose to one another a clear description of the coverage, exclusions, and limits provided under any automobile insurance maintained under section 379.1702.

387.600. As used in sections 387.600 to 387.630, the following terms shall mean:

(1) "Digital network", any online-enabled application, website, or system offered or utilized by a transportation network company that enables the prearrangement of rides with transportation network company drivers;

(2) "Personal vehicle", a vehicle that is used by a transportation network company driver and is:

(a) Owned, leased, or otherwise authorized for use by the transportation network company driver; and

(b) Not a taxicab, limousine, or for-hire vehicle under chapter 390;

(3) "Prearranged ride", the provision of transportation by a driver to a rider, beginning when a driver accepts a ride requested by a rider through a digital network controlled by a transportation network company, continuing while the driver transports a requesting rider, and ending when the last requesting rider departs from the personal vehicle. A prearranged ride shall not include shared expense carpool or vanpool arrangements or transportation provided using a taxi, limousine, or other for-hire vehicle under chapter 390;

(4) "Transportation network company", a corporation, partnership, sole proprietorship, or other entity that is licensed and operating in Missouri that uses a digital network to connect transportation network company riders to transportation network company drivers who provide prearranged rides. A transportation network company shall not be deemed to control, direct, or manage the personal vehicles or transportation network company drivers that connect to its digital network, except if agreed to by written contract;

(5) "Transportation network company driver" or "driver", an individual who:

(a) Receives connections to potential riders and related services from a transportation network company in exchange for payment of a fee to the transportation network company; and

(b) Uses a personal vehicle to offer or provide a prearranged ride to riders upon connection through a digital network controlled by a transportation network company in return for compensation or payment of a fee;

(6) "Transportation network company rider" or "rider", an individual or persons who use a transportation network company's digital network to connect with a transportation network driver who provides prearranged rides to the rider in the driver's personal vehicle between points chosen by the rider.

387.602. Notwithstanding any other provision of law, transportation network companies shall not be considered common carriers, contract carriers, or motor carriers, as defined under section 390.020, or for-hire vehicle service. A transportation network company driver shall not be required to register any vehicle the driver uses to provide prearranged rides as a commercial vehicle or as a

for-hire vehicle.

387.604. Beginning August 28, 2016, any person operating a transportation network company in the state shall be required to obtain a permit from the department of revenue. The department shall issue permits to applicants who meet the requirements for a transportation network company as provided under sections 387.600 to 387.630 and who pay an annual, nonrefundable permit fee of five thousand dollars to the department. While operating as a transportation network company, such company shall maintain an agent for service of process within the state of Missouri.

387.608. On behalf of a transportation network company driver, a transportation network company may charge a fare for the services provided to riders; provided that, if a fare is collected from a rider, the transportation network company shall disclose to the rider the fare calculation method in the vehicle on its website or within the software application service. The transportation network company shall also provide riders with the applicable rates being charged and the option to receive an estimated fare before the rider enters the transportation network company driver's vehicle.

387.610. The transportation network company shall meet the requirements of either subsection of this section at its option:

(1) Display in its software application or website a picture of the transportation network driver and the license plate number of the motor vehicle utilized for providing the prearranged ride before the passenger enters the transportation network company driver's vehicle; or

(2) Have clearly visible external markings on the front and back or both sides of the transportation network motor vehicles to easily identify the vehicle as a transportation network vehicle. Vehicle markings shall be no less than six inches tall and six inches wide. The transportation network driver shall display photo identification within the vehicle at all times.

387.612. After the completion of a prearranged ride secured on a digital network, within a reasonable period of time following the completion of a trip, a transportation network company shall transmit an electronic receipt to the transportation network company rider on behalf of the transportation network company driver that lists:

(1) The origin and destination of the trip;

(2) The total time and distance of the trip; and

(3) An itemization of the total fare paid, if any.

387.620. Drivers shall be independent contractors and not employees of the transportation network company if all of the following conditions are met:

(1) The transportation network company does not prescribe specific hours during which a transportation network company driver must be logged into the transportation network company's digital network;

(2) The transportation network company imposes no restrictions on the transportation network company driver's ability to utilize digital networks from other transportation network companies;

(3) The transportation network company does not assign a transportation network company driver a particular territory in which prearranged rides can be provided;

(4) The transportation network company does not restrict a transportation network company driver from engaging in any other occupation or business; and

(5) The transportation network company and transportation network company driver agree in writing that the driver is an independent contractor of the transportation network company.

387.622. 1. The sheriff shall suspend or revoke the concealed carry permit or, if applicable, the certificate of qualification for a concealed carry endorsement. If the person holds an endorsement, the department of revenue shall issue a notice of such suspension or revocation of the concealed carry endorsement and take action to remove the concealed carry endorsement from the individual's driving record. The director of revenue shall notify the licensee that he or she must apply for a new license pursuant

6. Such rules and policies may restrict the possession of concealed firearms on campus as expressly provided in subdivisions (2) to (4) of this subsection; any additional restrictions shall not conflict with subdivisions (5) and (6) of this subsection and shall be based on specific, enhanced safety considerations demonstrated by the public higher education institution, subject to de novo judicial review under section 536.050, appertaining to the conduct being regulated. 7. A public higher education institution shall not impose any taxes, fees, or other monetary charges as a condition for the lawful possession or carry of concealed firearms. If a private person seeks the return of a firearm in the possession of a public higher education institution that such person is entitled to possess, the public higher education institution shall make it available for return within two days following written demand for such firearm.

8. Any person aggrieved by a deprivation of, or a threatened deprivation of, a concealed firearm or ammunition at a public higher education institution in violation of this section, or aggrieved by a denial of, or a threatened denial of, access to any portion of a public higher education in violation of this section, may, in addition to any other remedy available, maintain a claim in small claims court. The court shall have the authority to award equitable relief to such aggrieved person in addition to any other remedy available in such court. RESOLUTIONS

Senator Emery offered the following resolution:

SENATE RESOLUTION NO. 2196

Whereas, sustained investment in electric, natural gas, water, and sewer utility infrastructure is vital to the economic vitality and well-being of the State of Missouri; and

Whereas, Missouri electric, natural gas, water, and sewer utility companies compete with utility companies in other states for the capital necessary to sustain investment in utility infrastructure in Missouri; and

Whereas, Missouri electric, natural gas, water, and sewer utility companies must achieve reasonable rates of return as compared to the rates of return achieved by utility companies in other states to ensure sustained investment in utility infrastructure in Missouri; and

Whereas, the utility regulatory process in Missouri, as it applies to electric, natural gas, water, and sewer corporations, is governed primarily by Chapter 393, RSMo, which is largely unchanged since original enactment in 1913; and

Whereas, the utility regulatory process and framework must be periodically evaluated in order to promote the interests of fairness and balance among all constituencies, by addressing policy and practice advances in areas including nontraditional regulatory rate plans, performance-based regulatory rate plans, incentive regulatory rate plans, capital recovery schedules, consistency of utility regulatory policy with generally accepted accounting principles, consistency of utility regulatory policy with financial accounting standards, consistency of utility regulatory policy with generally accepted engineering principles, communication between and among participants in the regulatory process, time schedules for the initiation and conclusion of proceedings before utility regulatory agencies, the role, function, and needs of the Public Service Commission, the role, function, and needs of the Office of Public Counsel, and the overall structure and cost of governmental utility regulatory agencies and the utility regulatory process:

Now Therefore Be It Resolved that the members of the Senate of the Ninety-eighth General Assembly, Second Regular Session, hereby establish the Senate Committee on Utility Regulation and Infrastructure Investment; and

Be It Further Resolved that such committee be composed of seven members of the Senate, to be appointed by the President Pro Tempore, with four members being of the majority party and three members being of the minority party; and

Be It Further Resolved that such committee conduct in-depth studies and make appropriate recommendations concerning: how the Missouri utility regulatory process and framework, and the results of such process and framework, compares to other states for electric, natural gas, water, and sewer utility companies; and how the utility regulatory process in Missouri can, or should, be modernized to be more efficient and effective, to ensure sustained investment in utility infrastructure and promote the interests of fairness and balance among all constituencies, including consumers and shareholders of regulated utility companies; and

Be It Further Resolved that such committee may present a final report, together with its recommendations for any legislative action it deems necessary for submission to the General Assembly by December 31, 2016, at which point the committee shall be dissolved; and

Be It Further Resolved that such committee may solicit any input and information necessary to fulfill its obligations from the Missouri Public Service Commission, the Department of Economic Development, the Office of Public Counsel, political subdivisions of this state, regulated utilities, and consumer groups; and

Be It Further Resolved that Senate Research shall provide such legal, research, clerical, technical and bill drafting services as the committee may require in the performance of its duties; and

Be It Further Resolved that members and staff members assigned to the committee shall serve without compensation, but may be reimbursed for reasonable and necessary expenses associated with the performance of their official duties.

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2332, Page 33, Section 562.014, Line 6 of said page, by inserting after all of said line the following:

"563.031. 1. A person may, subject to the provisions of subsection 2 of this section, use physical force upon another person when and to the extent he or she reasonably believes such force to be necessary to defend himself or herself or a third person from what he or she reasonably believes to be the use or imminent use of unlawful force by such other person, unless:

(1) The actor was the initial aggressor; except that in such case his or her use of force is nevertheless justifiable provided:

(a) He or she has withdrawn from the encounter and effectively communicated such withdrawal to such other person but the latter persists in continuing the incident by the use or threatened use of unlawful force; or

(b) He or she is a law enforcement officer and as such is an aggressor pursuant to section 563.046; or

(c) The aggressor is justified under some other provision of this chapter or other provision of law;

(2) Under the circumstances as the actor reasonably believes them to be, the person whom he or she seeks to protect would not be justified in using such protective force;

(3) The actor was attempting to commit, committing, or escaping after the commission of a forcible felony.

2. A person may not use deadly force upon another person under the circumstances specified in subsection 1 of this section unless:

(1) He or she reasonably believes that such deadly force is necessary to protect himself, or herself or her unborn child, or another against death, serious physical injury, or any forcible felony;

(2) Such force is used against a person who unlawfully enters, remains after unlawfully entering, or attempts to unlawfully enter a dwelling, residence, or vehicle lawfully occupied by such person; or

(3) Such force is used against a person who unlawfully enters, remains after unlawfully entering, or attempts to unlawfully enter private property that is owned or leased by an individual claiming a justification of using protective force under this section.

3. A person **who is not engaged in an unlawful activity** does not have a duty to retreat from **[**a dwelling, residence, or vehicle where the person is not unlawfully entering or unlawfully remaining. A person does not have a duty to retreat from private property that is owned or leased by such individual**] any place he or she has a right to be**.

4. The justification afforded by this section extends to the use of physical restraint as protective force provided that the actor takes all reasonable measures to terminate the restraint as soon as it is reasonable to do so.

5. The defendant shall have the burden of injecting the issue of justification under this section. If a defendant asserts that his or her use of force is described under subdivision (2) of subsection 2 of this section, the burden shall then be on the state to prove beyond a reasonable doubt that the defendant did not reasonably believe that the use of such force was necessary to defend against what he or she reasonably believed was the use or imminent use of unlawful force."; and

SENATE AMENDMENT NO. 3

Amend Senate Substitute for House Bill No. 1472, Page 1, In the Title, Line 5 by inserting immediately after the word "plans" the following: ", with an effective date for a certain section"; and

Further amend said bill and page, section A, line 4 of said page, by inserting after all of said line the following:

"104.1205. The board of trustees of the Missouri state employees' retirement system shall:

(1) Establish a defined contribution plan for outside employees which, among other things, provides for immediate vesting;

(2) Select a third-party administrator to provide such services as the board determines to be necessary for the proper administration of the defined contribution plan;

(3) Select the investment products which shall be made available to the participants in the defined contribution plan;

(4) Annually establish the contribution rate used for purposes of subsection 3 of section 104.1066 for employees of institutions who are other than outside employees, which shall be done by considering all such employees to be part of the general employee population within the Missouri state employees' retirement system;

(5) Establish the contribution rate for outside employees which shall be equal to **[**one**] five and one-half** percent of payroll **[**less than the normal cost contribution rate established pursuant to subdivision (4) of this section**]**;

(6) Require outside employees to contribute two percent of the employee's pay to the defined contribution plan which shall be credited to a separate account within the outside employee's individual account. The employing institution, pursuant to the provisions of 26 U.S.C. Section 414(h)(2), shall pick up and pay such contributions. The contributions so picked up shall be treated as employer contributions for purposes of determining the outside employee's pay that is includable in the outside employee's gross income for federal income tax purposes. The outside employee's contributions picked up by the employing institution shall be:

(a) Paid from the same source of funds used for the payment of pay to an outside employee. A deduction shall be made from each outside employee's pay equal to the amount of the outside employee's contributions picked up by the employing institution; and

(b) Paid by the employing institution in lieu of the contributions by the outside employee, although designated as employee contributions. The outside employee shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the employing institution to the defined contribution plan; and

[(6)**] (7)** Establish such rules and regulations as may be necessary to carry out the purposes of this section."; and

Further amend said bill, page 13, section 476.521, line 17 of said page, by inserting after all said line

Senator Schaefer offered **SA 4**:

SENATE AMENDMENT NO. 4

Amend Senate Substitute for House Bill No. 1472, Page 1, Section A, Line 4 of said page, by inserting after all of said line the following:

"**104.037. If a retired member of the Missouri department of transportation and highway patrol employees' retirement system or the Missouri state employees' retirement system is elected to any state office, appointed to any state office, or is reemployed by a department and such member reimburses the retirement system for any amount received as retirement benefits, such member shall be considered an active member of the retirement system, and upon retirement, the member's creditable service shall be calculated as if the member had never retired and received any retirement benefits.**

104.380. **1. Except as provided in subsection 2 of this section,** if a retired member is elected to any state office or is appointed to any state office or is employed by a department in a position normally requiring the performance by the person of duties during not less than one thousand forty hours per year, the member shall not receive an annuity for any month or part of a month for which the member serves as an officer or employee, but the member shall be considered to be a new employee with no previous creditable service and must accrue creditable service continuously for at least one year in order to receive any additional annuity. Any retired member who again becomes an employee and who accrues additional creditable service and later retires shall receive an additional amount of monthly annuity calculated to include only the creditable service and the average compensation earned by the member since such employment or creditable service earned as a member of the general assembly. Years of membership service and twelfths of a year are to be used in calculating any additional annuity except for creditable service earned as a member of the general assembly, and such additional annuity shall be based on the type of service accrued. In either event, the original annuity and the additional annuity, if any, shall be paid commencing with the end of the first month after the month during which the member's term of office has been completed, or the member's employment terminated. If a retired member is employed by a department in a position that does not normally require the person to perform duties during at least one thousand forty hours per year, the member shall not be considered an employee as defined pursuant to section 104.010. A retired member who becomes reemployed as an employee on or after August 28, 2001, in a position covered by the Missouri department of transportation and highway patrol employees' retirement system shall not be eligible to receive retirement benefits or additional creditable service from the state employees' retirement system. Annual benefit increases paid under section 104.415 shall not accrue while a retired member is employed as described in this section. Any future annual benefit increases paid after the member terminates such employment will be paid in the same month as the member's original annual benefit increases were paid. Benefits paid under subsection 3 of section 104.374 are not applicable to any additional annuity paid under this section.

2. If a retired member of the Missouri department of transportation and highway patrol employees' retirement system or the Missouri state employees' retirement system is elected to any state office, appointed to any state office, or is reemployed by a department and such member reimburses the retirement system for any amount received as retirement benefits, such member shall be considered an active member of the retirement system, and upon retirement, the member's creditable service shall be calculated as if the member had never retired and received any retirement benefits.

104.1039. **1. Except as provided in subsection 2 of this section,** if a retiree is employed as an employee by a department, the retiree shall not receive an annuity payment for any calendar month in which the retiree is so employed. While reemployed the retiree shall be considered to be a new employee with no previous credited service and must accrue credited service continuously for at least one year in order to receive any additional annuity. Such retiree shall receive an additional annuity in addition to the original annuity, calculated based only on the credited service and the pay earned by such retiree during reemployment and paid in accordance with the annuity option originally elected; provided such retiree who ceases to receive an annuity pursuant to this section shall not receive such additional annuity if such retiree is employed by a department in a position that is covered by a state-sponsored defined benefit retirement plan not created pursuant to this chapter. The original annuity and any additional annuity shall be paid commencing as of the end of the first month after the month during which the retiree's reemployment terminates. Cost-of-living adjustments paid under section 104.1045 shall not accrue while a retiree is employed as described in this section. Any future cost-of-living adjustments paid after the retiree terminates such employment will be paid in the same month as the retiree's original annual benefit increases were paid.

2. If a retired member of the Missouri department of transportation and highway patrol employees' retirement system or the Missouri state employees' retirement system is elected to any state office, appointed to any state office, or is reemployed by a department and such member reimburses the retirement system for any amount received as retirement benefits, such member shall be considered an active member of the retirement system, and upon retirement, the member's creditable service shall be calculated as if the member had never retired and received any retirement benefits."; and

Further amend the title and enacting clause accordingly.

Senator Schaefer moved that the above amendment be adopted.

At the request of Senator Dixon, **HB 1472**, with **SS** and **SA 4** (pending), was placed on the Informal Calendar.

SENATE RESOLUTION NO. 2214

Whereas, Harry Truman was born in 1884 at Lamar, Missouri, and spent most of his life in Independence, Missouri; and

Whereas, Harry Truman served honorably in the United States Army in Europe during the World War I; and

Whereas, Harry Truman married Bess Wallace in 1919, to whom he was married for fifty-three years until his death in 1972; and

Whereas, Harry Truman was elected as a local county official in 1922 in Jackson County, Missouri, and faithfully promoted improved transportation projects during his tenure; and

Whereas, Harry Truman was elected to the United States Senate in 1934, re-elected in 1940, and elected Vice President of the United States in 1944; and

Whereas, after serving as Vice President for only eighty-two days, Harry Truman became the President of the United States following the tragic death of President Franklin Roosevelt; and

Whereas, during his presidency many crucial decisions were made, including the decision to use the atomic bomb to end World War II, the adoption of the Marshall Plan to rebuild Europe, and the policy of containment to deal with the threat of Communism in the world; and

Whereas, Harry Truman was elected President in his own right in 1948 in an upset victory, and led the nation until his term ended on January 20, 1953, at which time he returned to Missouri, seeking neither fame nor excessive financial gain as an ex-president:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, hereby honor Harry S Truman, the thirty-third President of the United States, for his steadfast leadership of the United States of America.

Senator Sater offered the following resolution:

SENATE RESOLUTION NO. 2215

Whereas, MO HealthNet, Missouri's Medicaid program, provides statewide medical assistance to low-income and vulnerable Missourians, including access to prescription drugs through MO HealthNet's Pharmacy Program; and

Whereas, prescription drugs, often a vital element in a patient's treatment plan and continued well-being, have grown increasingly expensive in recent years; and

Whereas, in 2016 alone, Americans will spend more than $328 billion on prescription drug, $110 billion of which will be paid by Medicare, Medicaid, and veterans' insurance; and

Whereas, in the MO HealthNet program, costs for specialty drugs and generic equivalent drugs have risen 59% in recent years, resulting in prescription drug costs of over $1.8 billion; and

Whereas, in 2014, the cost of one drug provided to just 311 MO HealthNet participants was $26 million. The cost of another drug, prescribed to about 15,000 MO HealthNet participants, totaled more than $75 million; and

Whereas, the continued trend of increased prescription drug costs is unsustainable and represents a budgetary crisis for the MO HealthNet program, as well as increased hardship and uncertainty for the health and welfare of Missouri residents:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, hereby establish the Senate Interim Committee on MO HealthNet Pharmacy Benefits; and

Be It Further Resolved that such committee be composed of five members of the Senate, to be appointed by the President Pro Tempore, with three members being of the majority party and two members being of the minority party; and

Be It Further Resolved that such committee conduct in-depth studies and make appropriate recommendations concerning pharmacy benefits under the MO HealthNet program and potential cost savings strategies; and

Be It Further Resolved that such committee may present a final report, together with its recommendations for any legislative action it deems necessary for submission to the Missouri Senate by December 31, 2016, at which point the committee shall be dissolved; and

Be It Further Resolved that such committee may solicit any input and information necessary to fulfill its obligations from the appropriate state departments and agencies, including the Department of Social Services, as well as health care provider and patient advocacy organizations;

and

Be It Further Resolved that the staffs of Senate Research and Senate Appropriations shall provide such legal, research, clerical, technical, and bill drafting services as the committee may require in the performance of its duties; and

Be It Further Resolved that the committee, its members, and any staff assigned to the committee shall receive reimbursement for their actual and necessary expenses incurred in attending meetings of the committee.

Senator Cunningham offered the following resolution:

SENATE RESOLUTION NO. 2216

Whereas, long-term care provides a broad range of medical, personal, and social services and supports in-home and community settings for persons in need of care due to age, illness, accident, or disability, including many Missouri veterans who have served and protected Missouri residents and the nation; and

Whereas, over ten million people in the United States need some form of long-term care services. However, in 2014, according to the Henry J. Kaiser Family Foundation, the average occupancy rate of certified beds in certified nursing facilities in Missouri was 72.5%, which was the ninth lowest in the nation. Some counties in Missouri have significantly lower occupancy rates, resulting in an overabundance of available beds for the current long-term care facility resident population; and

Whereas, in Missouri, the average annual cost of a semi-private room in nursing home is nearly $51,000. While some nursing home residents are able to pay the cost of care with long-term care insurance or private savings, many more rely on familial assistance and government programs such as Medicaid, Medicare, and veterans' assistance. On average, over 70% of the total cost of a resident's stay in a long-term care facility is paid by either the federal or state government; and

Whereas, the general underutilization of beds in Missouri long-term care facilities, the disproportionate distribution of beds to residents in many counties, and the high cost of care for vital long-term care services for the elderly, disabled, and veteran populations has resulted in a crisis in the provision of adequate and financially-sustainable long-term care for Missouri residents:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, hereby establish the Senate Interim Committee on Long-Term Care Facilities; and

Be It Further Resolved that such committee be composed of five members of the Senate, to be appointed by the President Pro Tempore, with three members being of the majority party and two members being of the minority party; and

Be It Further Resolved that such committee conduct in-depth studies and make appropriate recommendations concerning:

(1) The relationship between certificate of need laws for long-term care facilities, the role of the Missouri Health Facilities Review Committee, and the current occupancy and utilization of long-term care beds in Missouri, including beds in hospitals, long-term care facilities, and veterans homes;

(2) Methods to improve quality of care and reduce costs in long-term care facilities, including exploring alternative financial strategies such as public-private partnerships; and

(3) The role of legislators serving on the Missouri Health Facilities Review Committee; and

Be It Further Resolved that such committee may present a final report, together with its recommendations for any legislative action it deems necessary for submission to the Missouri Senate by December 31, 2016, at which point the committee shall be dissolved; and

Be It Further Resolved that such committee may solicit input and information necessary to fulfill its obligations from the Department of Health and Senior Services, the Department of Social Services, the Department of Mental Health, the Missouri Veterans Commission, the Missouri Health Facilities Review Committee, and appropriate leaders in the long-term care industry in Missouri; and

Be It Further Resolved that the staffs of Senate Research and Senate Appropriations shall provide such legal, research, clerical, technical, and bill drafting services as the committee may require in the performance of its duties; and

Be It Further Resolved that the committee, its members, and any staff assigned to the committee shall receive reimbursement for their actual and necessary expenses incurred in attending meetings of the committee.

HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Bill No. 932, Page 2, Section 370.230, Line 23, by inserting after all of said section and line the following:

"**375.971. 1. As used in this section, the following terms mean:**

(1) "Federal home loan bank", a federal home loan bank established under the federal Home Loan Bank Act, 12 U.S.C. Section 1421, et seq.;

(2) "Insurer-member", an insurer who is a member of a federal home loan bank.

2. Notwithstanding any other provision to the contrary, no federal home loan bank shall be stayed or prohibited from exercising its rights regarding collateral pledged by an insurer-member.

3. If a federal home loan bank exercises its rights regarding collateral pledged by an insurer-member who is subject to a delinquency proceeding, the federal home loan bank shall repurchase any outstanding capital stock that is in excess of that amount of federal home loan bank stock that the insurer-member is required to hold as a minimum investment, to the extent the federal home loan bank in good faith determines the repurchase to be permissible under applicable laws, regulations, regulatory obligations, and the federal home loan bank's capital plan, and consistent with the federal home loan bank's current capital stock practices applicable to its entire membership.

4. Following the appointment of a receiver for an insurer-member, the federal home loan bank shall, within ten business days after a request from the receiver, provide a process and establish a timeline for the following:

(1) The release of collateral that exceeds the amount required to support secured obligations remaining after any repayment of loans as determined in accordance with the applicable agreements between the federal home loan bank and the insurer-member;

(2) The release of any of the insurer-member's collateral remaining in the federal home loan bank's possession following repayment of all outstanding secured obligations of the insurer-member in full;

(3) The payment of fees owed by the insurer-member and the operation of deposits and other accounts of the insurer-member with the federal home loan bank; and

(4) The possible redemption or repurchase of federal home loan bank stock or excess stock of any class that an insurer-member is required to own.

5. Upon request from a receiver, the federal home loan bank shall provide any available options for an insurer-member subject to a delinquency proceeding to renew or restructure a loan to defer associated prepayment fees, subject to market conditions, the terms of any loans outstanding to the insurer-member, the applicable policies of the federal home loan bank, and the federal home loan bank's compliance with federal laws and regulations.

6. Notwithstanding any other provision of law to the contrary, the receiver for an insurer-member shall not void any transfer of, or any obligation to transfer, money or any other property arising under or in connection with any federal home loan bank security agreement, or any pledge, security, collateral, or guarantee agreement, or any other similar arrangement or credit enhancement relating

to a federal home loan bank security agreement made in the ordinary course of business and in compliance with the applicable federal home loan bank agreement. However, a transfer may be avoided under this subsection if the transfer was made with intent to hinder, delay, or defraud the insurer-member, the receiver for the insurer-member, or existing or future creditors. This subsection shall not affect a receiver's rights regarding advances to an insurer-member in delinquency proceedings under 12 CFR Part 1266.4."; and

With House Amendment No. 1.

HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Bill No. 735, Page 1, Section A, Line 5, by inserting after all of said section and line the following:

"452.375. 1. As used in this chapter, unless the context clearly indicates otherwise:

(1) "Custody" means joint legal custody, sole legal custody, joint physical custody or sole physical custody or any combination thereof;

(2) **"In vitro human embryo", any human embryo at any stage of development which is not conceived within a female;**

(3) "Joint legal custody" means that the parents share the decision-making rights, responsibilities, and authority relating to the health, education and welfare of the child, and, unless allocated, apportioned, or decreed, the parents shall confer with one another in the exercise of decision-making rights, responsibilities, and authority;

[(3)] **(4)** "Joint physical custody" means an order awarding each of the parents significant, but not necessarily equal, periods of time during which a child resides with or is under the care and supervision of each of the parents. Joint physical custody shall be shared by the parents in such a way as to assure the child of frequent, continuing and meaningful contact with both parents;

[(4)] **(5) "Surrogate", a woman who is not an ovum donor, but in whose womb an in vitro human embryo is implanted;**

(6) "Third-party custody" means a third party designated as a legal and physical custodian pursuant to subdivision (5) of subsection 5 of this section.

2. The court shall determine custody in accordance with the best interests of the child. The court shall consider all relevant factors including:

(1) The wishes of the child's parents as to custody and the proposed parenting plan submitted by both

parties;

(2) The needs of the child for a frequent, continuing and meaningful relationship with both parents and the ability and willingness of parents to actively perform their functions as mother and father for the needs of the child;

(3) The interaction and interrelationship of the child with parents, siblings, and any other person who may significantly affect the child's best interests;

(4) Which parent is more likely to allow the child frequent, continuing and meaningful contact with the other parent;

(5) The child's adjustment to the child's home, school, and community;

(6) The mental and physical health of all individuals involved, including any history of abuse of any individuals involved. If the court finds that a pattern of domestic violence as defined in section 455.010 has occurred, and, if the court also finds that awarding custody to the abusive parent is in the best interest of the child, then the court shall enter written findings of fact and conclusions of law. Custody and visitation rights shall be ordered in a manner that best protects the child and any other child or children for whom the parent has custodial or visitation rights, and the parent or other family or household member who is the victim of domestic violence from any further harm;

(7) The intention of either parent to relocate the principal residence of the child; and

(8) The wishes of a child as to the child's custodian.

The fact that a parent sends his or her child or children to a home school, as defined in section 167.031, shall not be the sole factor that a court considers in determining custody of such child or children.

3. (1) In any court proceedings relating to custody of a child, the court shall not award custody or unsupervised visitation of a child to a parent if such parent or any person residing with such parent has been found guilty of, or pled guilty to, any of the following offenses when a child was the victim:

(a) A felony violation of section 566.030, 566.032, 566.040, 566.060, 566.062, 566.064, 566.067, 566.068, 566.070, 566.083, 566.090, 566.100, 566.111, 566.151, 566.203, 566.206, 566.209, 566.212, or 566.215;

(b) A violation of section 568.020;

(c) A violation of subdivision (2) of subsection 1 of section 568.060;

(d) A violation of section 568.065;

(e) A violation of section 568.080;

(f) A violation of section 568.090; or

(g) A violation of section 568.175.

(2) For all other violations of offenses in chapters 566 and 568 not specifically listed in subdivision (1) of this subsection or for a violation of an offense committed in another state when a child is the victim that would be a violation of chapter 566 or 568 if committed in Missouri, the court may exercise its discretion in awarding custody or visitation of a child to a parent if such parent or any person residing with such parent has been found guilty of, or pled guilty to, any such offense.

4. The general assembly finds and declares that it is the public policy of this state that frequent, continuing and meaningful contact with both parents after the parents have separated or dissolved their marriage is in the best interest of the child, except for cases where the court specifically finds that such contact is not in the best interest of the child, and that it is the public policy of this state to encourage parents to participate in decisions affecting the health, education and welfare of their children, and to resolve disputes involving their children amicably through alternative dispute resolution. In order to effectuate these policies, the court shall determine the custody arrangement which will best assure both parents participate in such decisions and have frequent, continuing and meaningful contact with their children so long as it is in the best interests of the child.

5. Prior to awarding the appropriate custody arrangement in the best interest of the child, the court shall consider each of the following as follows:

(1) Joint physical and joint legal custody to both parents, which shall not be denied solely for the reason that one parent opposes a joint physical and joint legal custody award. The residence of one of the parents shall be designated as the address of the child for mailing and educational purposes;

(2) Joint physical custody with one party granted sole legal custody. The residence of one of the parents shall be designated as the address of the child for mailing and educational purposes;

(3) Joint legal custody with one party granted sole physical custody;

(4) Sole custody to either parent; or

(5) Third-party custody or visitation:

(a) When the court finds that each parent is unfit, unsuitable, or unable to be a custodian, or the welfare of the child requires, and it is in the best interests of the child, then custody, temporary custody or visitation may be awarded to any other person or persons deemed by the court to be suitable and able to provide an adequate and stable environment for the child. Before the court awards custody, temporary custody or visitation to a third person under this subdivision, the court shall make that person a party to the action;

(b) Under the provisions of this subsection, any person may petition the court to intervene as a party in interest at any time as provided by supreme court rule.

6. If the parties have not agreed to a custodial arrangement, or the court determines such arrangement is not in the best interest of the child, the court shall include a written finding in the judgment or order based on the public policy in subsection 4 of this section and each of the factors listed in subdivisions (1) to (8) of subsection 2 of this section detailing the specific relevant factors that made a particular arrangement in the best interest of the child. If a proposed custodial arrangement is rejected by the court, the court shall include a written finding in the judgment or order detailing the specific relevant factors resulting in the rejection of such arrangement.

7. Upon a finding by the court that either parent has refused to exchange information with the other parent, which shall include but not be limited to information concerning the health, education and welfare of the child, the court shall order the parent to comply immediately and to pay the prevailing party a sum equal to the prevailing party's cost associated with obtaining the requested information, which shall include but not be limited to reasonable attorney's fees and court costs.

8. As between the parents of a child, no preference may be given to either parent in the awarding of custody because of that parent's age, sex, or financial status, nor because of the age or sex of the child.

9. Any judgment providing for custody shall include a specific written parenting plan setting forth the terms of such parenting plan arrangements specified in subsection [7] **8** of section 452.310. Such plan may be a parenting plan submitted by the parties pursuant to section 452.310 or, in the absence thereof, a plan determined by the court, but in all cases, the custody plan approved and ordered by the court shall be in the court's discretion and shall be in the best interest of the child.

10. Unless a parent has been denied custody rights pursuant to this section or visitation rights under section 452.400, both parents shall have access to records and information pertaining to a minor child, including, but not limited to, medical, dental, and school records. If the parent without custody has been granted restricted or supervised visitation because the court has found that the parent with custody or any child has been the victim of domestic violence, as defined in section 455.010, by the parent without custody, the court may order that the reports and records made available pursuant to this subsection not include the address of the parent with custody or the child. Unless a parent has been denied custody rights pursuant to this section or visitation rights under section 452.400, any judgment of dissolution or other applicable court order shall specifically allow both parents access to such records and reports.

11. Except as otherwise precluded by state or federal law, if any individual, professional, public or private institution or organization denies access or fails to provide or disclose any and all records and information, including, but not limited to, past and present dental, medical and school records pertaining to a minor child, to either parent upon the written request of such parent, the court shall, upon its finding that the individual, professional, public or private institution or organization denied such request without good cause, order that party to comply immediately with such request and to pay to the prevailing party all costs incurred, including, but not limited to, attorney's fees and court costs associated with obtaining the requested information.

12. An award of joint custody does not preclude an award of child support pursuant to section 452.340 and applicable supreme court rules. The court shall consider the factors contained in section 452.340 and applicable supreme court rules in determining an amount reasonable or necessary for the support of the child.

13. If the court finds that domestic violence or abuse, as defined in section 455.010 has occurred, the court shall make specific findings of fact to show that the custody or visitation arrangement ordered by the court best protects the child and the parent or other family or household member who is the victim of domestic violence, as defined in section 455.010, and any other children for whom such parent has custodial or visitation rights from any further harm.

14. If a dispute is brought before a court of this state involving the custody of in vitro human embryos, the court shall render a decision according to the following standards:

(1) The court shall determine custody in accordance with the best interest of the in vitro human embryo. It is presumed that it is in the best interest of the in vitro human embryo to place him or her in the custody of the ovum donor or spermatozoon donor who intends to develop the in vitro human embryo to birth, subject to rebuttal evidence;

(2) The court shall resolve the dispute between the parties in the manner that provides the best chance for the in vitro human embryo to develop and grow. The court shall not approve either the termination of the in vitro human embryo or an outcome that leaves the in vitro human embryo indefinitely in an environment in which it does not develop and grow;

(3) The following persons have standing to petition the court or to intervene in a case: the ovum donor, spermatozoon donor, the surrogate in which the in vitro human embryo at issue has been placed, or any other party involved in the negotiations for the creation of the in vitro human embryo at issue;

(4) The court may uphold an agreement between the parties to an action establishing or terminating parental rights as not against public policy. Notwithstanding the provisions of chapters 211 and 435, the noncustodial party may terminate his or her parental rights by filing an affidavit with the court. Upon receipt of such an affidavit, the court shall enter an order terminating such noncustodial party's parental rights. If parental rights have been terminated under this subdivision, then a claim for child support by the custodial party shall not be maintained against the noncustodial party; and

(5) All agreements brought before the court concerning the disposition of in vitro human embryos shall be subject to the provisions of this section."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

In which the concurrence of the Senate is respectfully requested.

Also,

2. Any county may decrease the annual budget twice during any fiscal year in which the county experiences a verifiable decline in funds of two percent or more, and such amount could not be estimated or anticipated when the budget was adopted, provided that any decrease in appropriations shall not unduly affect any one officeholder. 4. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.

5. In any first class county having a charter form of government and having a population of nine hundred thousand or more, the proceeds of the sales tax authorized by this section shall be distributed so that an amount equal to three-eighths of the proceeds of the tax shall be distributed to the county and the remaining five-eighths shall be distributed to the cities, towns and villages and the unincorporated area of the county on the ratio that the population of each bears to the total population of the county. The population of each city, town or village and the unincorporated area of the county and the total population of the county shall be determined on the basis of the most recent federal decennial census.

6. In any county of the second classification with more than nineteen thousand seven hundred but fewer than nineteen thousand eight hundred inhabitants, the proceeds of the sales tax authorized by this section shall be distributed so that an amount equal to three-fourths of the proceeds of the tax shall be distributed to the county and the remaining one-fourth shall be distributed equally among the incorporated cities, towns, and villages of the county. Upon request from any city, town, or village within the county, the county shall make available for inspection the distribution report provided to the county by the department of revenue. Any expenses incurred by the county in supplying such report to a city, town, or village shall be paid by such city, town, or village.

7. In any first class county having a charter form of government and having a population of nine

hundred thousand or more, no tax shall be imposed pursuant to this section for the purpose of funding in whole or in part the construction, operation or maintenance of a sports stadium, field house, indoor or outdoor recreational facility, center, playing field, parking facility or anything incidental or necessary to a complex suitable for any type of professional sport or recreation, either upon, above or below the ground.

8. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall remit the balance in the account to the county and close the account of that county. The director of revenue shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 9

Amend House Committee Substitute for Senate Substitute for Senate Bill No. 799, Page 1, Section 136.005, Line 8, by inserting after all of said section and line the following:

"144.083. 1. The director of revenue shall require all persons who are responsible for the collection of taxes under the provisions of section 144.080 to procure a retail sales license at no cost to the licensee which shall be prominently displayed at the licensee's place of business, and the license is valid until revoked by the director or surrendered by the person to whom issued when sales are discontinued. The director shall issue the retail sales license within ten working days following the receipt of a properly completed application. Any person applying for a retail sales license or reinstatement of a revoked sales tax license who owes any tax under sections 144.010 to 144.510 or sections 143.191 to 143.261 must pay the amount due plus interest and penalties before the department may issue the applicant a license or reinstate the revoked license. All persons beginning business subsequent to August 13, 1986, and who are required to collect the sales tax shall secure a retail sales license prior to making sales at retail. Such license may, after ten days' notice, be revoked by the director of revenue only in the event the licensee shall be in default for a period of sixty days in the payment of any taxes levied under section 144.020 or sections 143.191 to 143.261. Notwithstanding the provisions of section 32.057 in the event of revocation, the director of revenue may publish the status of the business account including the date of revocation in a manner as determined

by the director.

2. The possession of a retail sales license and a statement from the department of revenue that the licensee owes no tax due under sections 144.010 to 144.510 or sections 143.191 to 143.261 shall be a prerequisite to the issuance or renewal of any city or county occupation license or any state license which is required for conducting any business where goods are sold at retail. The date of issuance on the statement that the licensee owes no tax due shall be no more than ninety days before the date of submission for application or renewal of the local license. The revocation of a retailer's license by the director shall render the occupational license or the state license null and void.

3. No person responsible for the collection of taxes under section 144.080 shall make sales at retail unless such person is the holder of a valid retail sales license. After all appeals have been exhausted, the director of revenue may notify the county or city law enforcement agency representing the area in which the former licensee's business is located that the retail sales license of such person has been revoked, and that any county or city occupation license of such person is also revoked. The county or city may enforce the provisions of this section, and may prohibit further sales at retail by such person.

4. In addition to the provisions of subsection 2 of this section, beginning January 1, 2009, the possession of a statement from the department of revenue stating no tax is due under sections 143.191 to 143.265 or sections 144.010 to 144.510 shall also be a prerequisite to the issuance or renewal of any city or county occupation license or any state license required for conducting any business where goods are sold at retail. The statement of no tax due shall be dated no longer than ninety days before the date of submission for application or renewal of the city or county license.

5. Notwithstanding any law or rule to the contrary, sales tax shall only apply to the sale price paid by the final purchaser and not to any off-invoice discounts or other pricing discounts or mechanisms negotiated between manufacturers, wholesalers, and retailers.

6. Beginning January 1, 2017, a statement from the department of revenue stating no tax is due as required in this section shall be submitted by any person or entity that submits any bid to perform any work on any project upon which public funds are expended. All bids submitted shall also include a copy of the bidder's city and county business licenses, if applicable. No bid shall be awarded to any person or entity that submits any bid but fails to submit the statement that no tax is due and a copy of all the bidder's applicable business licenses as required in this subsection."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCS** for **SB 833**, entitled:

An Act to repeal sections 313.800, 313.817, 327.272, 381.022, and 381.058, RSMo, and to enact in lieu thereof nine new sections relating to financial transactions.

With House Amendment Nos. 1, 2, 3, 4 and 6.

HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Bill No. 833, Page 7, Section 327.272, Lines 49-54, by deleting all of said lines and inserting in lieu thereof the following:

"**5. Nothing in this section shall be construed to preclude the practice of title insurance business or the business of title insurance as provided in chapter 381, or to preclude the practice of law or law business as governed by the Missouri supreme court and as provided in chapter 484.**"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 2

Amend House Committee Substitute for Senate Bill No. 833, Page 1, Section A, Line 4, by inserting after all of said section and line the following:

"144.010. 1. The following words, terms, and phrases when used in sections 144.010 to 144.525 have the meanings ascribed to them in this section, except when the context indicates a different meaning:

(1) "Admission" includes seats and tables, reserved or otherwise, and other similar accommodations and charges made therefor and amount paid for admission, exclusive of any admission tax imposed by the federal government or by sections 144.010 to 144.525;

(2) "Business" includes any activity engaged in by any person, or caused to be engaged in by him, with the object of gain, benefit or advantage, either direct or indirect, and the classification of which business is of such character as to be subject to the terms of sections 144.010 to 144.525. A person is "engaging in business" in this state for purposes of sections 144.010 to 144.525 if such person "engages in business in this state" or "maintains a place of business in this state" under section 144.605. The isolated or occasional sale of tangible personal property, service, substance, or thing, by a person not engaged in such business, does not constitute engaging in business within the meaning of sections 144.010 to 144.525 unless the total amount of the gross receipts from such sales, exclusive of receipts from the sale of tangible personal property by persons which property is sold in the course of the partial or complete liquidation of a household, farm or nonbusiness enterprise, exceeds three thousand dollars in any calendar year. In determining any tax due under sections 144.010 to 144.525 on the gross receipts, charges incident to the extension of credit shall be specifically exempted. For the purposes of sections 144.010 to 144.525 the total amount of the sale price above mentioned shall be deemed to be the amount received. It shall also include the lease or rental consideration where the right to continuous possession or use of any article of tangible personal property is granted under a lease or contract and such transfer of possession would be taxable if outright sale were made and, in such cases, the same shall be taxable as if outright sale were made and considered as a sale of such article, and the tax shall be computed and paid by the lessee upon the rentals paid;

(5) "Livestock", cattle, calves, sheep, swine, ratite birds, including but not limited to, ostrich and emu, aquatic products as [defined] **described** in section 277.024, llamas, alpaca, buffalo, elk documented as obtained from a legal source and not from the wild, goats, horses, other equine, or rabbits raised in confinement for human consumption;

Research or experimentation activities do not include activities such as ordinary testing or inspection of materials or products for quality control, efficiency surveys, advertising promotions or research in connection with literary, historical or similar projects;

(10) "Sale" or "sales" includes installment and credit sales, and the exchange of properties as well as the sale thereof for money, every closed transaction constituting a sale, and means any transfer, exchange or barter, conditional or otherwise, in any manner or by any means whatsoever, of tangible personal property for valuable consideration and the rendering, furnishing or selling for a valuable consideration any of the substances, things and services herein designated and defined as taxable under the terms of sections 144.010 to 144.525;

(11) "Sale at retail" means any transfer made by any person engaged in business as defined herein of the ownership of, or title to, tangible personal property to the purchaser, for use or consumption and not for resale in any form as tangible personal property, for a valuable consideration; except that, for the purposes

(1) Subject to a tax in this or any other state;

(2) For resale;

(3) Excluded from tax under this chapter;

(4) Subject to tax but exempt under this chapter; or

(5) Exempt from the sales tax laws of another state, if the subsequent sale is in such other state. The purchase of tangible personal property by a taxpayer shall not be deemed to be for resale if such property is used or consumed by the taxpayer in providing a service on which tax is not imposed by subsection 1 of section 144.020, except purchases made in fulfillment of any obligation under a defense contract with the United States government.

2. Director of Revenue, 295 S.W.3d 465, (Mo. 2009) and ICC Management, Inc. v. Director of Revenue, 290 S.W.3d 699, (Mo. 2009). The provisions of this section are intended to clarify the exemption or exclusion of purchases for resale from sales and use taxes as originally enacted in this chapter.

144.020. 1. A tax is hereby levied and imposed for the privilege of titling new and used motor vehicles, trailers, boats, and outboard motors purchased or acquired for use on the highways or waters of this state which are required to be titled under the laws of the state of Missouri and, except as provided in subdivision (9) of this subsection, upon all sellers for the privilege of engaging in the business of selling tangible personal property or rendering taxable service at retail in this state. The rate of tax shall be as follows:

(7) A tax equivalent to four percent of the amount paid or charged for intrastate tickets by every person operating a railroad, sleeping car, dining car, express car, boat, airplane and such buses and trucks as are licensed by the division of motor carrier and railroad safety of the department of economic development of Missouri, engaged in the transportation of persons for hire;

(8) A tax equivalent to four percent of the amount paid or charged for rental or lease of tangible personal property, provided that if the lessor or renter of any tangible personal property had previously purchased the property under the conditions of sale at retail or leased or rented the property and the tax was paid at the time of purchase, lease or rental, the lessor, sublessor, renter or subrenter shall not apply or collect the tax on the subsequent lease, sublease, rental or subrental receipts from that property. The purchase, rental or lease of motor vehicles, trailers, motorcycles, mopeds, motortricycles, boats, and outboard motors shall be taxed and the tax paid as provided in this section and section 144.070. This definition shall be construed as the successor to subdivision (7) of section 173.205 for purposes of eligibility requirements of other financial assistance programs that refer to section 173.205.

2. The failure of an approved virtual institution to continuously maintain all of the requirements in subdivision (4) of subsection 1 of this section shall preclude such institution's students or applicants from being eligible for assistance under sections 173.1104 and 173.1105.

173.1104. 1. An applicant shall be eligible for initial or renewed financial assistance only if, at the time of application and throughout the period during which the applicant is receiving such assistance, the applicant:

3. Financial assistance shall be allotted for one academic year, but a recipient shall be eligible for renewed assistance until he or she has obtained a baccalaureate degree, provided such financial assistance shall not exceed a total of ten semesters or fifteen quarters or their equivalent. Standards of eligibility for renewed assistance shall be the same as for an initial award of financial assistance, except that for renewal, an applicant shall demonstrate a grade-point average of two and five-tenths on a four-point scale, or the equivalent on another scale. 173.1105. 1. An applicant who is an undergraduate postsecondary student at an approved private**, [**or**]**

public**, or virtual** institution and who meets the other eligibility criteria shall be eligible for financial assistance, with a minimum and maximum award amount as follows:

(1) For academic years 2010-11, 2011-12, 2012-13, and 2013-14:

(a) One thousand dollars maximum and three hundred dollars minimum for students attending institutions classified as part of the public two-year sector;

Any award amount shall be reduced by the amount of a student's payment from the A+ schools program or any successor program to it. For purposes of this subsection, the term "increment group" shall mean a group organized by expected family contribution in five hundred dollar increments into which all eligible students shall be placed.

3. If appropriated funds are insufficient to fund the program as described, the maximum award shall be reduced across all sectors by the percentage of the shortfall. If appropriated funds exceed the amount necessary to fund the program, the additional funds shall be used to increase the number of recipients by raising the cutoff for the expected family contribution rather than by increasing the size of the award.

4. Every three years, beginning with academic year 2009-10, the award amount may be adjusted to increase no more than the Consumer Price Index for All Urban Consumers (CPI-U), 1982-1984 = 100, not seasonally adjusted, as defined and officially recorded by the United States Department of Labor, or its successor agency, for the previous academic year. The coordinating board shall prepare a report prior to the legislative session for use of the general assembly and the governor in determining budget requests which shall include the amount of funds necessary to maintain full funding of the program based on the baseline established for the program upon the effective date of sections 173.1101 to 173.1107. Any increase in the award amount shall not become effective unless an increase in the amount of money appropriated to the program necessary to cover the increase in award amount is passed by the general assembly.

173.1107. A recipient of financial assistance may transfer from one approved public **[**or**],** private**, or virtual** institution to another without losing eligibility for assistance under sections 173.1101 to 173.1107, but the coordinating board shall make any necessary adjustments in the amount of the award. If a recipient

of financial assistance at any time is entitled to a refund of any tuition, fees, or other charges under the rules and regulations of the institution in which he or she is enrolled, the institution shall pay the portion of the refund which may be attributed to the state grant to the coordinating board. The coordinating board will use these refunds to make additional awards under the provisions of sections 173.1101 to 173.1107."; and

2. There is hereby established the "Show-Me Compassionate Medical Education Research Project Committee", which shall consist of representatives from each of the medical schools in this state and the director of the department of mental health, or the director's designee. The committee shall:

(1) Conduct an initial meeting on August 28, 2016, to organize, and meet as necessary thereafter to implement any research project conducted; and

(2) Set the date for the show-me compassionate medical education day designated under section 9.154. The date selected shall be for 2017 and every year thereafter.

3. Any single center or multicenter study undertaken by the committee or its member schools may include, but need not be limited to, the following:

(1) Development of study protocols designed to identify the root causes that contribute to the risk of depression and suicide for medical students;

(2) Examination of the culture and academic program of medical schools that may contribute to the risk of depression and suicide for medical students;

(3) Collection of any relevant additional data including, but not limited to, consultation and collaboration with mental health professionals and mental health resources in the communities where medical schools are located;

(4) Collaboration between the medical schools in this state in order to share information and to identify and make recommendations under subdivision (5) of this subsection; and

(5) Based on the data and findings under subdivisions (1) to (3) of this subsection:

(b) Recommendation of any statutory or regulatory changes regarding licensure of medical professionals and recommendation of any changes to common practices associated with medical training or medical practice that the committee believes will accomplish the goals set out in this section.

4. The committee shall prepare an annual report that shall include any information under subdivision (5) of subsection 3 of this section and any measures reported by any medical school as a result of the findings under this section. The report shall be made available annually on each medical school's website and to the Missouri general assembly.

610.100. 1. As used in sections 610.100 to 610.150, the following words and phrases shall mean:

(1) "Arrest", an actual restraint of the person of the defendant, or by his or her submission to the custody of the officer, under authority of a warrant or otherwise for a criminal violation which results in the issuance of a summons or the person being booked;

(2) "Arrest report", a record of a law enforcement agency of an arrest and of any detention or confinement incident thereto together with the charge therefor;

(3) "Inactive", an investigation in which no further action will be taken by a law enforcement agency or officer for any of the following reasons:

2. Each law enforcement agency of this state, of any county, and of any municipality shall maintain

records of all incidents reported to the agency, investigations and arrests made by such law enforcement agency. All incident reports and arrest reports shall be open records. Notwithstanding any other provision of law other than the provisions of subsections **[**4, 5 and 6**] 5, 6, and 7** of this section or section 320.083, investigative reports of all law enforcement agencies are closed records until the investigation becomes inactive. If any person is arrested and not charged with an offense against the law within thirty days of the person's arrest, the arrest report shall thereafter be a closed record except that the disposition portion of the record may be accessed and except as provided in section 610.120.

3. Except as provided in subsections **[**4, 5, 6 and 7**] 5, 6, 7, and 8** of this section, if any portion of a record or document of a law enforcement officer or agency, other than an arrest report, which would otherwise be open, contains information that is reasonably likely to pose a clear and present danger to the safety of any victim, witness, undercover officer, or other person; or jeopardize a criminal investigation, including records which would disclose the identity of a source wishing to remain confidential or a suspect not in custody; or which would disclose techniques, procedures or guidelines for law enforcement investigations or prosecutions, that portion of the record shall be closed and shall be redacted from any record made available pursuant to this chapter.

4. **(1) Notwithstanding any other provision of this section or law to the contrary, any portion of a record or document of a law enforcement officer or agency, or public institution of higher education, involving a suicide or attempted suicide shall be a closed record for thirty days after the suicide or attempted suicide.**

(2) Notwithstanding the provisions of subsection 1 of this section, if a suicide occurred, such records shall be released prior to thirty days to any relative of the individual within the second degree of consanguinity or affinity upon request.

(3) Notwithstanding the provisions of subsection 1 of this section, in the case of an attempted suicide, such records shall be released to the individual who attempted to commit suicide at the individual's request or upon the request of the individual's parent or guardian if the individual is a minor, or the individual's spouse or relative within the second degree of consanguinity or affinity if the individual is incapacitated.

(4) Notwithstanding the provisions of subsection 1 of this section, in the case of suicide or attempted suicide, such records may be released for the following purposes:

(a) Criminal, civil, administrative, or other legal proceedings;

(b) Law enforcement investigative or other purposes;

(c) To any covered entity, as defined in the Health Insurance Portability and Accountability Act of 1996, as amended, that is providing or may provide services to any individual or his or her relative within the second degree of consanguinity or affinity; or

(d) If the release of such information is immediately necessary for the preservation of the health and safety of any individual or for public health and welfare.

5. Any person, including a family member of such person within the first degree of consanguinity if such person is deceased or incompetent, attorney for a person, or insurer of a person involved in any incident or whose property is involved in an incident, may obtain any records closed pursuant to this section

or section 610.150 for purposes of investigation of any civil claim or defense, as provided by this subsection. Any individual, his or her family member within the first degree of consanguinity if such individual is deceased or incompetent, his or her attorney or insurer, involved in an incident or whose property is involved in an incident, upon written request, may obtain a complete unaltered and unedited incident report concerning the incident, and may obtain access to other records closed by a law enforcement agency pursuant to this section. Within thirty days of such request, the agency shall provide the requested material or file a motion pursuant to this subsection with the circuit court having jurisdiction over the law enforcement agency stating that the safety of the victim, witness or other individual cannot be reasonably ensured, or that a criminal investigation is likely to be jeopardized. If, based on such motion, the court finds for the law enforcement agency, the court shall either order the record closed or order such portion of the record that should be closed to be redacted from any record made available pursuant to this subsection.

[5.**] 6.** Any person may bring an action pursuant to this section in the circuit court having jurisdiction to authorize disclosure of the information contained in an investigative report of any law enforcement agency, which would otherwise be closed pursuant to this section. The court may order that all or part of the information contained in an investigative report be released to the person bringing the action. In making the determination as to whether information contained in an investigative report shall be disclosed, the court shall consider whether the benefit to the person bringing the action or to the public outweighs any harm to the public, to the law enforcement agency or any of its officers, or to any person identified in the investigative report in regard to the need for law enforcement agencies to effectively investigate and prosecute criminal activity. The investigative report in question may be examined by the court in camera. The court may find that the party seeking disclosure of the investigative report shall bear the reasonable and necessary costs and attorneys' fees of both parties, unless the court finds that the decision of the law enforcement agency not to open the investigative report was substantially unjustified under all relevant circumstances, and in that event, the court may assess such reasonable and necessary costs and attorneys' fees to the law enforcement agency.

[6.**] 7.** Any person may apply pursuant to this subsection to the circuit court having jurisdiction for an order requiring a law enforcement agency to open incident reports and arrest reports being unlawfully closed pursuant to this section. If the court finds by a preponderance of the evidence that the law enforcement officer or agency has knowingly violated this section, the officer or agency shall be subject to a civil penalty in an amount up to one thousand dollars. If the court finds that there is a knowing violation of this section, the court may order payment by such officer or agency of all costs and attorneys' fees, as provided by section 610.027. If the court finds by a preponderance of the evidence that the law enforcement officer or agency has purposely violated this section, the officer or agency shall be subject to a civil penalty in an amount up to five thousand dollars and the court shall order payment by such officer or agency of all costs and attorney fees, as provided in section 610.027. The court shall determine the amount of the penalty by taking into account the size of the jurisdiction, the seriousness of the offense, and whether the law enforcement officer or agency has violated this section previously.

[7.**] 8.** The victim of an offense as provided in chapter 566 may request that his or her identity be kept confidential until a charge relating to such incident is filed.

610.200. **1. Except as provided in subsection 2 of this section,** all law enforcement agencies that maintain a daily log or record that lists suspected crimes, accidents, or complaints shall make available the following information for inspection and copying by the public:

(1) The time, substance, and location of all complaints or requests for assistance received by the agency;

(2) The time and nature of the agency's response to all complaints or requests for assistance; and

(3) If the incident involves an alleged crime or infraction:

(a) The time, date, and location of occurrence;

(b) The name and age of any victim, unless the victim is a victim of a crime under chapter 566;

(c) The factual circumstances surrounding the incident; and

(d) A general description of any injuries, property or weapons involved.

2. Notwithstanding any other provision of law to the contrary, no law enforcement agency or public institution of higher education shall release any portion of a record or document of a law enforcement officer or agency involving a suicide or attempted suicide unless such release complies with the requirements of subsection 4 of section 610.100.

Section B. Because immediate action is necessary to ensure the well-being of medical students in this state, the enactment of sections 9.154, 191.594, and 191.596 of section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the enactment of sections 9.154, 191.594, and 191.596 of section A of this act shall be in full force and effect upon its passage and approval."; and

16. A sponsor shall develop the policies and procedures for:

(1) The review of a charter school proposal including an application that provides sufficient information for rigorous evaluation of the proposed charter and provides clear documentation that the education program and academic program are aligned with the state standards and grade-level expectations, and provides clear documentation of effective governance and management structures, and a sustainable operational plan;

(2) The granting of a charter;

(3) The performance [framework] **contract** that the sponsor will use to evaluate the performance of charter schools**. (4) The sponsor's intervention, renewal, and revocation policies, including the conditions under which the charter sponsor may intervene in the operation of the charter school, along with actions and consequences that may ensue, and the conditions for renewal of the charter at the end of the term, consistent with subsections 8 and 9 of section 160.405;

(5) Additional criteria that the sponsor will use for ongoing oversight of the charter; and

(6) Procedures to be implemented if a charter school should close, consistent with the provisions of subdivision (15) of subsection 1 of section 160.405.

The department shall provide guidance to sponsors in developing such policies and procedures.

17. (1) A sponsor shall provide timely submission to the state board of education of all data necessary to demonstrate that the sponsor is in material compliance with all requirements of sections 160.400 to 160.425 and section 167.349. sponsor. The state board shall notify each sponsor of the standards for sponsorship of charter schools, delineating both what is mandated by statute and what best practices dictate. The state board shall evaluate sponsors to determine compliance with these standards every three years. The evaluation shall include a sponsor's policies and procedures in the areas of charter application approval; required charter agreement terms and content; sponsor performance evaluation and compliance monitoring; and charter renewal, intervention, and revocation decisions. Nothing shall preclude the department from undertaking an evaluation at any time for cause.

(2) If the department determines that a sponsor is in material noncompliance with its sponsorship duties, the sponsor shall be notified and given reasonable time for remediation. If remediation does not address the compliance issues identified by the department, the commissioner of education shall conduct a public hearing and thereafter provide notice to the charter sponsor of corrective action that will be recommended to the state board of education. Corrective action by the department may include withholding the sponsor's funding and suspending the sponsor's authority to sponsor a school that it currently sponsors or to sponsor any additional school until the sponsor is reauthorized by the state board of education under section 160.403.

(3) The charter sponsor may, within thirty days of receipt of the notice of the commissioner's recommendation, provide a written statement and other documentation to show cause as to why that action should not be taken. Final determination of corrective action shall be determined by the state board of education based upon a review of the documentation submitted to the department and the charter sponsor.

(4) If the state board removes the authority to sponsor a currently operating charter school under any provision of law, the Missouri charter public school commission shall become the sponsor of the school.

18. If a sponsor notifies a charter school of closure under subsection 8 of section 160.405, the department of elementary and secondary education shall exercise its financial withholding authority under subsection 12 of section 160.415 to assure all obligations of the charter school shall be met. The state, charter sponsor, or resident district shall not be liable for any outstanding liability or obligations of the charter school.

160.403. 1. The department of elementary and secondary education shall establish an annual application and approval process for all entities eligible to sponsor charters as set forth in section 160.400 which are not sponsoring a charter school as of August 28, 2012**, except that the Missouri charter public school commission shall not be required to undergo the application and approval process**. No later than November 1, 2012, the department shall make available information and guidelines for all eligible sponsors concerning the opportunity to apply for sponsoring authority under this section.

2. The application process for sponsorship shall require each interested eligible sponsor**, except for the Missouri charter public school commission,** to submit an application by February first that includes the following:

(2) Evidence of the applicant sponsor's budget and personnel capacity;

(3) An outline of the request for proposal that the applicant sponsor would, if approved as a charter sponsor, issue to solicit charter school applicants consistent with sections 160.400 to 160.425 **and section 167.349**;

(4) The performance [framework] **contract** that the applicant sponsor would, if approved as a charter sponsor, use to [guide the establishment of a charter contract and for ongoing oversight and a description of how it would] evaluate the charter schools it sponsors; and

(5) The applicant sponsor's renewal, revocation, and nonrenewal processes consistent with section 160.405.

3. By April first of each year, the department shall decide whether to grant or deny a sponsoring authority to a sponsor applicant. This decision shall be made based on the applicant [charter's] **sponsor's** compliance with sections 160.400 to 160.425 **and section 167.349** and properly promulgated rules of the department.

4. Within thirty days of the department's decision, the department shall execute a renewable sponsoring contract with each entity it has approved as a sponsor. The term of each authorizing contract shall be six years and renewable. [No eligible sponsor which is not currently sponsoring a charter school as of August 28, 2012, shall commence charter sponsorship without approval from the state board of education and a sponsor contract with the state board of education in effect.]

160.405. 1. A person, group or organization seeking to establish a charter school shall submit the proposed charter, as provided in this section, to a sponsor. If the sponsor is not a school board, the applicant shall give a copy of its application to the school board of the district in which the charter school is to be located and to the state board of education, within five business days of the date the application is filed with the proposed sponsor. The school board may file objections with the proposed sponsor, and, if a charter is granted, the school board may file objections with the state board of education. The charter shall [be] **include** a legally binding performance contract that describes the obligations and responsibilities of the school and the sponsor as outlined in sections 160.400 to 160.425 and section 167.349 and shall [also include] **address the following**:

(12) A description of the charter school's policies on student discipline and student admission, which shall include a statement, where applicable, of the validity of attendance of students who do not reside in the district but who may be eligible to attend under the terms of judicial settlements and procedures that ensure admission of students with disabilities in a nondiscriminatory manner;

(13) A description of the charter school's grievance procedure for parents or guardians;

(14) A description of the agreement **and time frame for implementation** between the charter school and the sponsor as to when a sponsor shall intervene in a charter school, when a sponsor shall revoke a charter for failure to comply with subsection 8 of this section, and when a sponsor will not renew a charter under subsection 9 of this section;

(15) Procedures to be implemented if the charter school should close, as provided in subdivision (6) of subsection 16 of section 160.400 including:

(17) For all new or revised charters, procedures to be used upon closure of the charter school requiring that unobligated assets of the charter school be returned to the department of elementary and secondary education for their disposition, which upon receipt of such assets shall return them to the local school district in which the school was located, the state, or any other entity to which they would belong.

Charter schools operating on August 27, 2012, shall have until August 28, 2015, to meet the requirements of this subsection.

2. Proposed charters shall be subject to the following requirements:

(1) A charter shall be submitted to the sponsor, and follow the sponsor's policies and procedures for

review and granting of a charter approval, and be approved by the state board of education by [December first of the year] **January thirty-first** prior to **the school year of** the proposed opening date of the charter school;

(2) A charter may be approved when the sponsor determines that the requirements of this section are met, determines that the applicant is sufficiently qualified to operate a charter school, and that the proposed charter is consistent with the sponsor's charter sponsorship goals and capacity. The sponsor's decision of approval or denial shall be made within ninety days of the filing of the proposed charter;

(3) If the charter is denied, the proposed sponsor shall notify the applicant in writing as to the reasons for its denial and forward a copy to the state board of education within five business days following the denial;

(4) If a proposed charter is denied by a sponsor, the proposed charter may be submitted to the state board of education, along with the sponsor's written reasons for its denial. If the state board determines that the applicant meets the requirements of this section, that the applicant is sufficiently qualified to operate the charter school, and that granting a charter to the applicant would be likely to provide educational benefit to the children of the district, the state board may grant a charter and act as sponsor of the charter school. The state board shall review the proposed charter and make a determination of whether to deny or grant the proposed charter within sixty days of receipt of the proposed charter, provided that any charter to be considered by the state board of education under this subdivision shall be submitted no later than March first prior to the school year in which the charter school intends to begin operations. The state board of education shall notify the applicant in writing as the reasons for its denial, if applicable; and

(5) The sponsor of a charter school shall give priority to charter school applicants that propose a school oriented to high-risk students and to the reentry of dropouts into the school system. If a sponsor grants three or more charters, at least one-third of the charters granted by the sponsor shall be to schools that actively recruit dropouts or high-risk students as their student body and address the needs of dropouts or high-risk students through their proposed mission, curriculum, teaching methods, and services. For purposes of this subsection, a "high-risk" student is one who is at least one year behind in satisfactory completion of course work or obtaining high school credits for graduation, has dropped out of school, is at risk of dropping out of school, needs drug and alcohol treatment, has severe behavioral problems, has been suspended from school three or more times, has a history of severe truancy, is a pregnant or parenting teen, has been referred for enrollment by the judicial system, is exiting incarceration, is a refugee, is homeless or has been homeless sometime within the preceding six months, has been referred by an area school district for enrollment in an alternative program, or qualifies as high risk under department of elementary and secondary education guidelines. "Dropout" shall be defined through the guidelines of the school core data report. The provisions of this subsection do not apply to charters sponsored by the state board of education.

3. If a charter is approved by a sponsor, the charter application shall be submitted to the state board of education, along with a statement of finding **by the sponsor** that the application meets the requirements of sections 160.400 to 160.425 and section 167.349 and a monitoring plan under which the charter sponsor shall evaluate the academic performance**, including annual performance reports,** of students enrolled in the charter school. The state board of education [may, within sixty days, disapprove the granting of the charter] **shall approve or deny a charter application within sixty days of receipt of the application**. The state board of education may [disapprove] **deny** a charter on grounds that the application fails to meet the requirements of sections 160.400 to 160.425 and section 167.349 or that a charter sponsor previously failed to meet the statutory responsibilities of a charter sponsor. **Any denial of a charter application made by**

the state board of education shall be in writing and shall identify the specific failures of the application to meet the requirements of sections 160.400 to 160.425 and section 167.349, and the written denial shall be provided within ten business days to the sponsor.

4. A charter school shall, as provided in its charter:

(1) Be nonsectarian in its programs, admission policies, employment practices, and all other operations;

(2) Comply with laws and regulations of the state, county, or city relating to health, safety, and state minimum educational standards, as specified by the state board of education, including the requirements relating to student discipline under sections 160.261, 167.161, 167.164, and 167.171, notification of criminal conduct to law enforcement authorities under sections 167.115 to 167.117, academic assessment under section 160.518, transmittal of school records under section 167.020, the minimum [number of school days and hours] **amount of school time** required under section [160.041] **171.031**, and the employee criminal history background check and the family care safety registry check under section 168.133;

(3) Except as provided in sections 160.400 to 160.425 **and as specifically provided in other sections**, be exempt from all laws and rules relating to schools, governing boards and school districts;

(4) Be financially accountable, use practices consistent with the Missouri financial accounting manual, provide for an annual audit by a certified public accountant, publish audit reports and annual financial reports as provided in chapter 165, provided that the annual financial report may be published on the department of elementary and secondary education's internet website in addition to other publishing requirements, and provide liability insurance to indemnify the school, its board, staff and teachers against tort claims. A charter school that receives local educational agency status under subsection 6 of this section shall meet the requirements imposed by the Elementary and Secondary Education Act for audits of such agencies and comply with all federal audit requirements for charters with local [education] **educational** agency status. For purposes of an audit by petition under section 29.230, a charter school shall be treated as a political subdivision on the same terms and conditions as the school district in which it is located. For the purposes of securing such insurance, a charter school shall be eligible for the Missouri public entity risk management fund pursuant to section 537.700. A charter school that incurs debt shall include a repayment plan in its financial plan;

(5) Provide a comprehensive program of instruction for at least one grade or age group from [kindergarten] **early childhood** through grade twelve, [which may include early childhood education if funding for such programs is established by statute,] as specified in its charter;

(6) (a) Design a method to measure pupil progress toward the pupil academic standards adopted by the state board of education pursuant to section 160.514, establish baseline student performance in accordance with the performance contract during the first year of operation, collect student performance data as defined by the annual performance report throughout the duration of the charter to annually monitor student academic performance, and to the extent applicable based upon grade levels offered by the charter school, participate in the statewide system of assessments, comprised of the essential skills tests and the nationally standardized norm-referenced achievement tests, as designated by the state board pursuant to section 160.518, complete and distribute an annual report card as prescribed in section 160.522, which shall also include a statement that background checks have been completed on the charter school's board members, **and** report to its sponsor, the local school district, and the state board of education as to its teaching methods and any educational innovations and the results thereof**[**, and provide data required for the study of charter schools pursuant to subsection 4 of section 160.410**]**. No charter school shall be considered in the Missouri

school improvement program review of the district in which it is located for the resource or process standards of the program.

(b) For proposed [high risk] **high-risk** or alternative charter schools, sponsors shall approve performance measures based on mission, curriculum, teaching methods, and services. Sponsors shall also approve comprehensive academic and behavioral measures to determine whether students are meeting performance standards on a different time frame as specified in that school's charter. Student performance shall be assessed comprehensively to determine whether a [high risk] **high-risk** or alternative charter school has documented adequate student progress. Student performance shall be based on sponsor-approved comprehensive measures as well as standardized public school measures. Annual presentation of charter school report card data to the department of elementary and secondary education, the state board, and the public shall include comprehensive measures of student progress.

(c) Nothing in this subdivision shall be construed as permitting a charter school to be held to lower performance standards than other public schools within a district; however, the charter of a charter school may permit students to meet performance standards on a different time frame as specified in its charter. The performance standards for alternative and special purpose charter schools that target high-risk students as defined in subdivision (5) of subsection 2 of this section shall be based on measures defined in the school's performance contract with its sponsors;

(7) Comply with all applicable federal and state laws and regulations regarding students with disabilities, including sections 162.670 to 162.710, the Individuals with Disabilities Education Act (20 U.S.C. Section 1400) and Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. Section 794) or successor legislation;

(8) Provide along with any request for review by the state board of education the following:

(a) Documentation that the applicant has provided a copy of the application to the school board of the district in which the charter school is to be located, except in those circumstances where the school district is the sponsor of the charter school; and

(b) A statement outlining the reasons for approval or [disapproval] **denial** by the sponsor, specifically addressing the requirements of sections 160.400 to 160.425 and 167.349.

5. (1) Proposed or existing high-risk or alternative charter schools may include alternative arrangements for students to obtain credit for satisfying graduation requirements in the school's charter application and charter. Alternative arrangements may include, but not be limited to, credit for off-campus instruction, embedded credit, work experience through an internship arranged through the school, and independent studies. When the state board of education approves the charter, any such alternative arrangements shall be approved at such time.

(2) The department of elementary and secondary education shall conduct a study of any charter school granted alternative arrangements for students to obtain credit under this subsection after three years of operation to assess student performance, graduation rates, educational outcomes, and entry into the workforce or higher education.

6. The charter of a charter school may be amended at the request of the governing body of the charter school and on the approval of the sponsor. The sponsor and the governing board and staff of the charter school shall jointly review the school's performance, management and operations during the first year of operation and then every other year after the most recent review or at any point where the operation or

management of the charter school is changed or transferred to another entity, either public or private. The governing board of a charter school may amend the charter, if the sponsor approves such amendment, or the sponsor and the governing board may reach an agreement in writing to reflect the charter school's decision to become a local educational agency. In such case the sponsor shall give the department of elementary and secondary education written notice no later than March first of any year, with the agreement to become effective July first. The department may waive the March first notice date in its discretion. The department shall identify and furnish a list of its regulations that pertain to local educational agencies to such schools within thirty days of receiving such notice.

7. Sponsors shall annually review the charter school's compliance with statutory standards including:

(1) Participation in the statewide system of assessments, as designated by the state board of education under section 160.518;

(2) Assurances for the completion and distribution of an annual report card as prescribed in section 160.522;

(3) The collection of baseline data during the first three years of operation to determine the longitudinal success of the charter school;

(4) A method to measure pupil progress toward the pupil academic standards adopted by the state board of education under section 160.514; and

(5) Publication of each charter school's annual performance report.

8. (1) (a) A sponsor's [intervention] policies shall give schools clear, adequate, evidence-based, and timely notice of contract violations or performance deficiencies and mandate intervention based upon findings of the state board of education of the following:

a. The charter school provides a high school program which fails to maintain a graduation rate of at least seventy percent in three of the last four school years unless the school has dropout recovery as its mission;

b. The charter school's annual performance report results are below the district's annual performance report results based on the performance standards that are applicable to the grade level configuration of both the charter school and the district in which the charter school is located in three of the last four school years; and

c. The charter school is identified as a persistently lowest achieving school by the department of elementary and secondary education.

(b) A sponsor shall have a policy to revoke a charter during the charter term if there is:

a. Clear evidence of underperformance as demonstrated in the charter school's annual performance report in three of the last four school years; or

b. A violation of the law or the public trust that imperils students or public funds.

(c) A sponsor shall revoke a charter or take other appropriate remedial action, which may include placing the charter school on probationary status for no more than [twelve] **twenty-four** months, provided that no more than one designation of probationary status shall be allowed for the duration of the charter contract, at any time if the charter school commits a serious breach of one or more provisions of its charter or on any of the following grounds: failure to meet the performance contract as set forth in its charter,

failure to meet generally accepted standards of fiscal management, failure to provide information necessary to confirm compliance with all provisions of the charter and sections 160.400 to 160.425 and 167.349 within forty-five days following receipt of written notice requesting such information, or violation of law.

(2) The sponsor may place the charter school on probationary status to allow the implementation of a remedial plan, which may require a change of methodology, a change in leadership, or both, after which, if such plan is unsuccessful, the charter may be revoked.

(3) At least sixty days before acting to revoke a charter, the sponsor shall notify the governing board of the charter school of the proposed action in writing. The notice shall state the grounds for the proposed action. The school's governing board may request in writing a hearing before the sponsor within two weeks of receiving the notice.

(4) The sponsor of a charter school shall establish procedures to conduct administrative hearings upon determination by the sponsor that grounds exist to revoke a charter. Final decisions of a sponsor from hearings conducted pursuant to this subsection are subject to an appeal to the state board of education, which shall determine whether the charter shall be revoked.

(5) A termination shall be effective only at the conclusion of the school year, unless the sponsor determines that continued operation of the school presents a clear and immediate threat to the health and safety of the children.

(6) A charter sponsor shall make available the school accountability report card information as provided under section 160.522 and the results of the academic monitoring required under subsection 3 of this section.

9. (1) A sponsor shall take all reasonable steps necessary to confirm that each charter school sponsored by such sponsor is in material compliance and remains in material compliance with all material provisions of the charter and sections 160.400 to 160.425 and 167.349. Every charter school shall provide all information necessary to confirm ongoing compliance with all provisions of its charter and sections 160.400 to 160.425 and 167.349 in a timely manner to its sponsor.

(2) The sponsor's renewal process of the charter school shall be based on the thorough analysis of a comprehensive body of objective evidence and consider if:

(a) The charter school has maintained results on its annual performance report that meet or exceed the district in which the charter school is located based on the performance standards that are applicable to the grade-level configuration of both the charter school and the district in which the charter school is located in three of the last four school years;

(b) The charter school is organizationally and fiscally viable determining at a minimum that the school does not have:

a. A negative balance in its operating funds;

b. A combined balance of less than three percent of the amount expended for such funds during the previous fiscal year; or

c. Expenditures that exceed receipts for the most recently completed fiscal year;

(c) The charter is in compliance with its legally binding performance contract and sections 160.400 to 160.425 and section 167.349**; and**

(d) The charter school has an annual performance report consistent with a classification of accredited for three of the last four years and is fiscally viable as described in paragraph (b) of this subdivision. If such is the case, the charter school may have an expedited renewal process as defined by rule of the department of elementary and secondary education.

(3) (a) Beginning August first during the year in which a charter is considered for renewal, a charter school sponsor shall demonstrate to the state board of education that the charter school is in compliance with federal and state law as provided in sections 160.400 to 160.425 and section 167.349 and the school's performance contract including but not limited to those requirements specific to academic performance.

(b) Along with data reflecting the academic performance standards indicated in paragraph (a) of this subdivision, the sponsor shall submit a revised charter application to the state board of education for review.

(c) Using the data requested and the revised charter application under paragraphs (a) and (b) of this subdivision, the state board of education shall determine if compliance with all standards enumerated in this subdivision has been achieved. The state board of education at its next regularly scheduled meeting shall vote on the revised charter application.

(d) If a charter school sponsor demonstrates the objectives identified in this subdivision, the state board of education shall renew the school's charter.

10. A school district may enter into a lease with a charter school for physical facilities.

11. A governing board or a school district employee who has control over personnel actions shall not take unlawful reprisal against another employee at the school district because the employee is directly or indirectly involved in an application to establish a charter school. A governing board or a school district employee shall not take unlawful reprisal against an educational program of the school or the school district because an application to establish a charter school proposes the conversion of all or a portion of the educational program to a charter school. As used in this subsection, "unlawful reprisal" means an action that is taken by a governing board or a school district employee as a direct result of a lawful application to establish a charter school and that is adverse to another employee or an educational program.

12. Charter school board members shall be subject to the same liability for acts while in office as if they were regularly and duly elected members of school boards in any other public school district in this state. The governing board of a charter school may participate, to the same extent as a school board, in the Missouri public entity risk management fund in the manner provided under sections 537.700 to 537.756.

13. Any entity, either public or private, operating, administering, or otherwise managing a charter school shall be considered a quasi-public governmental body and subject to the provisions of sections 610.010 to 610.035.

14. The chief financial officer of a charter school shall maintain:

(1) A surety bond in an amount determined by the sponsor to be adequate based on the cash flow of the school; or

(2) An insurance policy issued by an insurance company licensed to do business in Missouri on all employees in the amount of five hundred thousand dollars or more that provides coverage in the event of employee theft.

15. The department of elementary and secondary education shall calculate an annual performance

report for each charter school and shall publish it in the same manner as annual performance reports are calculated and published for districts and attendance centers.

16. The joint committee on education shall create a committee to investigate facility access and affordability for charter schools. The committee shall be comprised of equal numbers of the charter school sector and the public school sector and shall report its findings to the general assembly by December 31, 2016.

160.408. 1. For purposes of this section, "high-quality charter school" means a charter school operating in the state of Missouri that meets the following requirements:

(1) Receives eighty-five percent or more of the total points on the annual performance report for three out of the last four school years by comparing points earned to the points possible on the annual performance report for three of the last four school years;

(2) Maintains a graduation rate of at least eighty percent for three of the last four school years, if the charter school provides a high school program;

(3) Is in material compliance with its legally binding performance contract and sections 160.400 to 160.425 and section 167.349; and

(4) Is organizationally and fiscally viable as described in paragraph (b) of subdivision (2) of subsection 9 of section 160.405.

2. Notwithstanding any other provision of law, high-quality charter schools shall be provided expedited opportunities to replicate and expand into unaccredited districts, a metropolitan district, or an urban school district containing most or all of a home rule city with more than four hundred thousand inhabitants and located in more than one county. Such replication and expansion shall be subject to the following:

(1) The school seeking to replicate or expand shall submit its proposed charter to a proposed sponsor. The charter shall include a legally binding performance contract that meets the requirements of sections 160.400 to 160.425 and section 167.349;

(2) The sponsor's decision to approve or deny shall be made within sixty days of the filing of the proposed charter with the proposed sponsor;

(3) If a charter is approved by a sponsor, the charter application shall be filed with the state board of education with a statement of finding from the sponsor that the application meets the requirements of sections 160.400 to 160.425 and section 167.349 and a monitoring plan under which the sponsor shall evaluate the academic performance of students enrolled in the charter school. Such filing shall be made by January thirty-first prior to the school year in which the charter school intends to begin operations.

3. The term of the charter for schools operating under this section shall be five years, and the charter may be renewed for terms of up to ten years. Renewal shall be subject to the provisions of paragraphs (a) to (d) of subdivision (3) of subsection 9 of section 160.405.

160.410. 1. A charter school shall enroll:

(1) All pupils resident in the district in which it operates;

(2) Nonresident pupils eligible to attend a district's school under an urban voluntary transfer program;

(3) **Nonresident pupils who transfer from an unaccredited district under section 167.131, provided that the charter school is an approved charter school, as defined in section 167.131, and subject to all other provisions of section 167.131;**

(4) In the case of a charter school whose mission includes student drop-out prevention or recovery, any nonresident pupil from the same or an adjacent county who resides in a residential care facility, a transitional living group home, or an independent living program whose last school of enrollment is in the school district where the charter school is established, who submits a timely application; and

[(4)] **(5)** In the case of a workplace charter school, any student eligible to attend under subdivision (1) or (2) of this subsection whose parent is employed in the business district, who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level or building. The configuration of a business district shall be set forth in the charter and shall not be construed to create an undue advantage for a single employer or small number of employers.

2. If capacity is insufficient to enroll all pupils who submit a timely application, the charter school shall have an admissions process that assures all applicants of an equal chance of gaining admission **and does not discriminate based on parents' ability to pay fees or tuition** except that:

(1) A charter school may establish a geographical area around the school whose residents will receive a preference for enrolling in the school, provided that such preferences do not result in the establishment of racially or socioeconomically isolated schools and provided such preferences conform to policies and guidelines established by the state board of education;

(2) A charter school may also give a preference for admission of children whose siblings attend the school or whose parents are employed at the school or in the case of a workplace charter school, a child whose parent is employed in the business district or at the business site of such school; and

(3) Charter alternative and special purpose schools may also give a preference for admission to high-risk students, as defined in subdivision (5) of subsection 2 of section 160.405, when the school targets these students through its proposed mission, curriculum, teaching methods, and services.

3. A charter school shall not limit admission based on race, ethnicity, national origin, disability, income level, proficiency in the English language or athletic ability, but may limit admission to pupils within a given age group or grade level. Charter schools may limit admission based on gender only when the school is a single-gender school. Students of a charter school [that are present for the January membership count as defined in section 163.011] **who have been enrolled for a full academic year** shall be counted in the performance of the charter school on the statewide assessments in that calendar year, unless otherwise exempted as English language learners. **For purposes of this subsection, "full academic year" means the last Wednesday in September through the administration of the Missouri assessment program test without transferring out of the school and re-enrolling.**

[4. The department of elementary and secondary education shall commission a study of the performance of students at each charter school in comparison with an equivalent group of district students representing an equivalent demographic and geographic population and a study of the impact of charter schools upon the constituents they serve in the districts in which they are located, to be conducted by the joint committee on education. The charter school study shall include analysis of the administrative and instructional practices of each charter school and shall include findings on innovative programs that illustrate best

practices and lend themselves to replication or incorporation in other schools. The joint committee on education shall coordinate with individuals representing charter schools and the districts in which charter schools are located in conducting the study. The study of a charter school's student performance in relation to a comparable group shall be designed to provide information that would allow parents and educators to make valid comparisons of academic performance between the charter school's students and an equivalent group of district students representing an equivalent demographic and geographic population. The student performance assessment and comparison shall include, but may not be limited to:

(1) Missouri assessment program test performance and aggregate growth over several years;

(2) Student reenrollment rates;

(3) Educator, parent, and student satisfaction data;

(4) Graduation rates in secondary programs; and

(5) Performance of students enrolled in the same public school for three or more consecutive years. The impact study shall be undertaken every two years to determine the impact of charter schools on the constituents they serve in the districts where charter schools are operated. The impact study shall include, but is not limited to, determining if changes have been made in district policy or procedures attributable to the charter school and to perceived changes in attitudes and expectations on the part of district personnel, school board members, parents, students, the business community and other education stakeholders. The department of elementary and secondary education shall make the results of the studies public and shall deliver copies to the governing boards of the charter schools, the sponsors of the charter schools, the school board and superintendent of the districts in which the charter schools are operated.**]**

[5.**] 4.** A charter school shall make available for public inspection, and provide upon request, to the parent, guardian, or other custodian of any school-age pupil resident in the district in which the school is located the following information:

(1) The school's charter;

(2) The school's most recent annual report card published according to section 160.522;

(3) The results of background checks on the charter school's board members; and

(4) If a charter school is operated by a management company, a copy of the written contract between the governing board of the charter school and the educational management organization or the charter management organization for services. The charter school may charge reasonable fees, not to exceed the rate specified in section 610.026 for furnishing copies of documents under this subsection.

[6.**] 5.** When a student attending a charter school who is a resident of the school district in which the charter school is located moves out of the boundaries of such school district, the student may complete the current semester and shall be considered a resident student. The student's parent or legal guardian shall be responsible for the student's transportation to and from the charter school.

[7.**] 6.** If a change in school district boundary lines occurs under section 162.223, 162.431, 162.441, or 162.451, or by action of the state board of education under section 162.081, including attachment of a school district's territory to another district or dissolution, such that a student attending a charter school prior to such change no longer resides in a school district in which the charter school is located, then the student may complete the current academic year at the charter school. The student shall be considered a

resident student. The student's parent or legal guardian shall be responsible for the student's transportation to and from the charter school.

[8.**]** **7.** The provisions of sections 167.018 and 167.019 concerning foster children's educational rights are applicable to charter schools.

160.415. 1. For the purposes of calculation and distribution of state school aid under section 163.031, pupils enrolled in a charter school shall be included in the pupil enrollment of the school district within which each pupil resides. Each charter school shall report the names, addresses, and eligibility for free and reduced **price** lunch, special education, or limited English proficiency status, as well as eligibility for categorical aid, of pupils resident in a school district who are enrolled in the charter school to the school district in which those pupils reside. The charter school shall report the average daily attendance data, free and reduced **price** lunch count, special education pupil count, and limited English proficiency pupil count to the state department of elementary and secondary education. Each charter school shall promptly notify the state department of elementary and secondary education and the pupil's school district when a student discontinues enrollment at a charter school.

2. Except as provided in subsections 3 and 4 of this section, the aid payments for charter schools shall be as described in this subsection.

(1) A school district having one or more resident pupils attending a charter school shall pay to the charter school an annual amount equal to the product of the charter school's weighted average daily attendance and the state adequacy target, multiplied by the dollar value modifier for the district, plus local tax revenues per weighted average daily attendance from the incidental and teachers' funds in excess of the performance levy as defined in section 163.011 plus all other state aid attributable to such pupils.

(2) The district of residence of a pupil attending a charter school shall also pay to the charter school any other federal or state aid that the district receives on account of such child.

(4) The amounts provided pursuant to this subsection shall be prorated for partial year enrollment for a pupil.

3. A workplace charter school shall receive payment for each eligible pupil as provided under subsection 2 of this section, except that if the student is not a resident of the district and is participating in a voluntary interdistrict transfer program, the payment for such pupils shall be the same as provided under section 162.1060.

4. A charter school that has declared itself as a local educational agency shall receive from the department of elementary and secondary education an annual amount equal to the product of the charter school's weighted average daily attendance and the state adequacy target, multiplied by the dollar value modifier for the district, plus local tax revenues per weighted average daily attendance from the incidental

and teachers funds in excess of the performance levy as defined in section 163.011 plus all other state aid attributable to such pupils. If a charter school declares itself as a local [education] **educational** agency, the department of elementary and secondary education shall, upon notice of the declaration, reduce the payment made to the school district by the amount specified in this subsection and pay directly to the charter school the annual amount reduced from the school district's payment.

5. If a school district fails to make timely payments of any amount for which it is the disbursal agent, the state department of elementary and secondary education shall authorize payment to the charter school of the amount due pursuant to subsection 2 of this section and shall deduct the same amount from the next state school aid apportionment to the owing school district. If a charter school is paid more or less than the amounts due pursuant to this section, the amount of overpayment or underpayment shall be adjusted equally in the next twelve payments by the school district or the department of elementary and secondary education, as appropriate. Any dispute between the school district and a charter school as to the amount owing to the charter school shall be resolved by the department of elementary and secondary education, and the department's decision shall be the final administrative action for the purposes of review pursuant to chapter 536. During the period of dispute, the department of elementary and secondary education shall make every administrative and statutory effort to allow the continued education of children in their current public charter school setting.

6. The charter school and a local school board may agree by contract for services to be provided by the school district to the charter school. The charter school may contract with any other entity for services. Such services may include but are not limited to food service, custodial service, maintenance, management assistance, curriculum assistance, media services and libraries and shall be subject to negotiation between the charter school and the local school board or other entity. Documented actual costs of such services shall be paid for by the charter school.

13. Charter schools shall not have the power to acquire property by eminent domain.

14. The governing body of a charter school is authorized to accept grants, gifts or donations of any kind and to expend or use such grants, gifts or donations. Such exclusions shall apply notwithstanding any financial responsibility requirement or uninsured motorist coverage requirement under the motor vehicle financial responsibility law, chapter 303, or section 379.203, respectively. 4. Automobile insurers that exclude the coverage described under section 379.1702 shall have no duty to defend or indemnify any claim expressly excluded thereunder. Nothing in this section shall be deemed to invalidate or limit an exclusion contained in a policy, including any policy in use or approved for use in Missouri prior to the enactment of this section that excludes coverage for vehicles used to carry persons or property for a charge or available for hire by the public.

5. An automobile insurer that defends or indemnifies a claim against a driver that is excluded under the terms of its policy shall have a right of contribution against other insurers that provide automobile insurance to the same driver in satisfaction of the coverage requirements of section 379.1702 at the time of loss.

6. In a claims coverage investigation, transportation network companies and any insurer providing coverage under section 379.1702 shall cooperate to facilitate the exchange of relevant information with each other and any insurer of the transportation network company driver if applicable, including the precise times that a transportation network company driver logged on and off of the transportation network company's digital network in the twelve-hour period immediately preceding and in the twelve-hour period immediately following the accident and disclose to one another a clear description of the coverage, exclusions, and limits provided under any automobile insurance maintained under section 379.1702.

2. Upon receipt of a rider complaint alleging a violation of the zero tolerance policy, the transportation network company shall immediately suspend such transportation network company driver's access to the transportation network company's digital network, and shall conduct an investigation into the reported incident. The suspension shall last the duration of the investigation.

3. The transportation network company shall maintain records relevant to the enforcement of this requirement for a period of at least two years from the date that a rider complaint is received by the transportation network company.

387.624. 1. Before allowing an individual to accept trip requests through a transportation network company's digital network:

Nothing in this section shall apply to an earnings tax.

2. The department of revenue may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly

pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

387.632. 1. Beginning August 28, 2016, and annually thereafter, a taxicab, a taxicab driver, a taxicab company as those terms are defined in section 67.1800, shall make an election filed with the department of revenue to comply with either:

Further amend said bill, Page 11, Section 227.600, Line 57, by inserting after all of said section and line the following:

"447.708. 1. For eligible projects, the director of the department of economic development, with notice to the directors of the departments of natural resources and revenue, and subject to the other provisions of sections 447.700 to 447.718, may not create a new enterprise zone but may decide that a prospective

operator of a facility being remedied and renovated pursuant to sections 447.700 to 447.718 may receive the tax credits and exemptions pursuant to sections 135.100 to 135.150 and sections 135.200 to 135.257. The tax credits allowed pursuant to this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. For purposes of this subsection:

(1) For receipt of the ad valorem tax abatement pursuant to section 135.215, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs. The city, or county if the eligible project is not located in a city, must provide ad valorem tax abatement of at least fifty percent for a period not less than ten years and not more than twenty-five years;

(2) For receipt of the income tax exemption pursuant to section 135.220 and tax credit for new or expanded business facilities pursuant to sections 135.100 to 135.150, and 135.225, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof. For purposes of sections 447.700 to 447.718, the tax credits described in section 135.225 are modified as follows: the tax credit shall be four hundred dollars per employee per year, an additional four hundred dollars per year for each employee exceeding the minimum employment thresholds of ten and twenty-five jobs for new and existing businesses, respectively, an additional four hundred dollars per year for each person who is a person difficult to employ as defined by section 135.240, and investment tax credits at the same amounts and levels as provided in subdivision (4) of subsection 1 of section 135.225;

(3) For eligibility to receive the income tax refund pursuant to section 135.245, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof, and otherwise comply with the provisions of section 135.245 for application and use of the refund and the eligibility requirements of this section;

(4) The eligible project operates in compliance with applicable environmental laws and regulations, including permitting and registration requirements, of this state as well as the federal and local requirements;

(5) The eligible project operator shall file such reports as may be required by the director of economic development or the director's designee;

(6) The taxpayer may claim the state tax credits authorized by this subsection and the state income exemption for a period not in excess of ten consecutive tax years. For the purpose of this section, "taxpayer" means an individual proprietorship, partnership or corporation described in section 143.441 or 143.471 who operates an eligible project. The director shall determine the number of years the taxpayer may claim the state tax credits and the state income exemption based on the projected net state economic benefits attributed to the eligible project;

(7) For the purpose of meeting the new job requirement prescribed in subdivisions (1), (2) and (3) of this subsection, it shall be required that at least ten new jobs be created and maintained during the taxpayer's tax period for which the credits are earned, in the case of an eligible project that does not replace a similar facility in Missouri. "New job" means a person who was not previously employed by the taxpayer or related taxpayer within the twelve-month period immediately preceding the time the person was employed by that taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned. For the purposes of this section, related taxpayer has the same meaning

as defined in subdivision (9) of section 135.100;

(8) For the purpose of meeting the existing job retention requirement, if the eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, it shall be required that at least twenty-five existing jobs be retained at, and in connection with the eligible project, on a full-time basis during the taxpayer's tax period for which the credits are earned. "Retained job" means a person who was previously employed by the taxpayer or related taxpayer, at a facility similar to the eligible project that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, within the tax period immediately preceding the time the person was employed by the taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned;

(9) In the case where an eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, the owner and operator of the eligible project shall provide the director with a written statement explaining the reason for discontinuing operations at the closed facility. The statement shall include a comparison of the activities performed at the closed facility prior to the date the facility ceased operating, to the activities performed at the eligible project, and a detailed account describing the need and rationale for relocating to the eligible project. If the director finds the relocation to the eligible project significantly impaired the economic stability of the area in which the closed facility was located, and that such move was detrimental to the overall economic development efforts of the state, the director may deny the taxpayer's request to claim tax benefits;

(10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment used at the eligible project during any tax year shall be determined by dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month of the tax year. If the eligible project is in operation for less than the entire tax year, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment created at the eligible project during any tax year shall be determined by dividing the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month during the portion of the tax year during which the eligible project was in operation, by the number of full calendar months during such period;

(11) For the purpose of this section, "new qualified investment" means new business facility investment as defined and as determined in subdivision (7) of section 135.100 which is used at and in connection with the eligible project. "New qualified investment" shall not include small tools, supplies and inventory. "Small tools" means tools that are portable and can be hand held.

2. The determination of the director of economic development pursuant to subsection 1 of this section shall not affect requirements for the prospective purchaser to obtain the approval of the granting of real property tax abatement by the municipal or county government where the eligible project is located.

3. (1) The director of the department of economic development, with the approval of the director of the

department of natural resources, may, in addition to the tax credits allowed in subsection 1 of this section, grant a remediation tax credit to the applicant for up to one hundred percent of the costs of materials, supplies, equipment, labor, professional engineering, consulting and architectural fees, permitting fees and expenses, demolition, asbestos abatement, and direct utility charges for performing the voluntary remediation activities for the preexisting hazardous substance contamination and releases, including, but not limited to, the costs of performing operation and maintenance of the remediation equipment at the property beyond the year in which the systems and equipment are built and installed at the eligible project and the costs of performing the voluntary remediation activities over a period not in excess of four tax years following the taxpayer's tax year in which the system and equipment were first put into use at the eligible project, provided the remediation activities are the subject of a plan submitted to, and approved by, the director of natural resources pursuant to sections 260.565 to 260.575. The tax credit may also include up to one hundred percent of the costs of demolition that are not directly part of the remediation activities, provided that the demolition is on the property where the voluntary remediation activities are occurring, the demolition is necessary to accomplish the planned use of the facility where the remediation activities are occurring, and the demolition is part of a redevelopment plan approved by the municipal or county government and the department of economic development. The demolition may occur on an adjacent property if the project is located in a municipality which has a population less than twenty thousand and the above conditions are otherwise met. The adjacent property shall independently qualify as abandoned or underutilized. The amount of the credit available for demolition not associated with remediation cannot exceed the total amount of credits approved for remediation including demolition required for remediation.

(2) The amount of remediation tax credits issued shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development.

(3) The director may, with the approval of the director of natural resources, extend the tax credits allowed for performing voluntary remediation maintenance activities, in increments of three-year periods, not to exceed five consecutive three-year periods. The tax credits allowed in this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. The remediation tax credit may be taken in the same tax year in which the tax credits are received or may be taken over a period not to exceed twenty years.

(4) The project facility shall be projected to create at least ten new jobs or at least twenty-five retained jobs, or a combination thereof, as determined by the department of economic development, to be eligible for tax credits pursuant to this section.

(5) No more than seventy-five percent of earned remediation tax credits may be issued when the remediation costs were paid, and the remaining percentage may be issued when the department of natural resources issues a letter of completion letter or covenant not to sue following completion of the voluntary remediation activities. It shall not include any costs associated with ongoing operational environmental compliance of the facility or remediation costs arising out of spills, leaks, or other releases arising out of the ongoing business operations of the facility. In the event the department of natural resources issues a letter of completion for a portion of a property, an impacted media such as soil or groundwater, or for a site or a portion of a site improvement, a prorated amount of the remaining percentage may be released based on the percentage of the total site receiving a letter of completion.

4. In the exercise of the sound discretion of the director of the department of economic development or

the director's designee, the tax credits and exemptions described in this section may be terminated, suspended or revoked, if the eligible project fails to continue to meet the conditions set forth in this section. In making such a determination, the director shall consider the severity of the condition violation, actions taken to correct the violation, the frequency of any condition violations and whether the actions exhibit a pattern of conduct by the eligible facility owner and operator. The director shall also consider changes in general economic conditions and the recommendation of the director of the department of natural resources, or his or her designee, concerning the severity, scope, nature, frequency and extent of any violations of the environmental compliance conditions. The taxpayer or person claiming the tax credits or exemptions may appeal the decision regarding termination, suspension or revocation of any tax credit or exemption in accordance with the procedures outlined in subsections 4 **[**to 6**] and 5** of section 135.250. The director of the department of economic development shall notify the directors of the departments of natural resources and revenue of the termination, suspension or revocation of any tax credits as determined in this section or pursuant to the provisions of section 447.716.

5. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits, exemptions or refund otherwise allowed in subdivisions (2), (3) and (4) of subsection 1 of this section and the tax credits otherwise allowed in section 135.110, or the tax credits, exemptions and refund otherwise allowed in sections 135.215, 135.220, 135.225 and 135.245, respectively, for the same facility for the same tax period.

6. The total amount of the tax credits allowed in subsection 1 of this section may not exceed the greater of:

(1) That portion of the taxpayer's income attributed to the eligible project; or

(2) One hundred percent of the total business' income tax if the eligible facility does not replace a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; fifty percent of the total business' income tax if the eligible facility replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; or twenty-five percent of the total business income if the taxpayer operates, in addition to the eligible facility, any other facilities in Missouri. In no case shall a taxpayer operating more than one eligible project in Missouri be allowed to offset more than twenty-five percent of the taxpayer's business income in any tax period. That portion of the taxpayer's income attributed to the eligible project as referenced in subdivision (1) of this subsection, for which the credits allowed in sections 135.110 and 135.225 and subsection 3 of this section, may apply, shall be determined in the same manner as prescribed in subdivision (6) of section 135.100. That portion of the taxpayer's franchise tax attributed to the eligible project for which the remediation tax credit may offset, shall be determined in the same manner as prescribed in paragraph (a) of subdivision (6) of section 135.100.

7. Taxpayers claiming the state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use. Otherwise, the taxpayer's right to claim such state tax benefits shall be forfeited. Unused business facility and enterprise zone tax credits shall not be carried forward but shall be initially claimed for the tax period during which the eligible project was first capable of being used, and during any

applicable subsequent tax periods.

8. Taxpayers claiming the remediation tax credit allowed in subsection 3 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use, or during the taxpayer's tax period immediately after the tax period in which the voluntary remediation activities were performed.

9. The recipient of remediation tax credits, for the purpose of this subsection referred to as assignor, may assign, sell or transfer, in whole or in part, the remediation tax credit allowed in subsection 3 of this section to any other person, for the purpose of this subsection referred to as assignee. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address and the assignee's tax period and the amount of tax credits to be transferred. The number of tax periods during which the assignee may subsequently claim the tax credits shall not exceed twenty tax periods, less the number of tax periods the assignor previously claimed the credits before the transfer occurred.

10. In the case where an operator and assignor of an eligible project has been certified to claim state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section, and sells or otherwise transfers title of the eligible project to another taxpayer or assignee who continues the same or substantially similar operations at the eligible project, the director shall allow the assignee to claim the credits for a period of time to be determined by the director; except that, the total number of tax periods the tax credits may be earned by the assignor and the assignee shall not exceed ten. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address, and the assignee's tax period, and the amount of tax credits to be transferred.

11. For the purpose of the state tax benefits described in this section, in the case of a corporation described in section 143.471 or partnership, in computing Missouri's tax liability, such state benefits shall be allowed to the following:

(1) The shareholders of the corporation described in section 143.471;

(2) The partners of the partnership. The credit provided in this subsection shall be apportioned to the entities described in subdivisions (1) and (2) of this subsection in proportion to their share of ownership on the last day of the taxpayer's tax period.

12. Notwithstanding any provision of law to the contrary, in any county of the first classification that has a charter form of government and that has a population of over nine hundred thousand inhabitants, all demolition costs incurred during the redevelopment of any former automobile manufacturing plant shall be allowable costs eligible for tax credits under sections 447.700 to 447.718 so long as the redevelopment of such former automobile manufacturing plant shall be projected to create at least two hundred fifty new jobs or at least three hundred retained jobs, or a combination thereof, as determined by the department of economic development. The amount of allowable costs eligible for tax credits shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development, provided that no tax credit shall be issued under this subsection until July 1, 2017. For purposes of this subsection, "former automobile manufacturing plant" means a redevelopment area that qualifies as an eligible project

under section 447.700, that consists of at least one hundred acres, and that was used primarily for the manufacture of automobiles but, after 2007, ceased such manufacturing. "; and

Further amend said bill, Page 10, Section 227.600, Line 57, by inserting immediately after all of said section and line the following:

"301.130. 1. The director of revenue, upon receipt of a proper application for registration, required fees and any other information which may be required by law, shall issue to the applicant a certificate of registration in such manner and form as the director of revenue may prescribe and a set of license plates, or other evidence of registration, as provided by this section. Each set of license plates shall bear the name or abbreviated name of this state, the words "SHOW-ME STATE", the month and year in which the registration shall expire, and an arrangement of numbers or letters, or both, as shall be assigned from year to year by the director of revenue. The plates shall also contain fully reflective material with a common color scheme and design for each type of license plate issued pursuant to this chapter. The plates shall be clearly visible at night, and shall be aesthetically attractive. Special plates for qualified disabled veterans will have the "DISABLED VETERAN" wording on the license plates in preference to the words "SHOW-ME STATE" and special plates for members of the National Guard will have the "NATIONAL GUARD" wording in preference to the words "SHOW-ME STATE".

2. The arrangement of letters and numbers of license plates shall be uniform throughout each classification of registration. The director may provide for the arrangement of the numbers in groups or otherwise, and for other distinguishing marks on the plates.

3. All property-carrying commercial motor vehicles to be registered at a gross weight in excess of twelve thousand pounds, all passenger-carrying commercial motor vehicles, local transit buses, school buses, trailers, semitrailers, motorcycles, motortricycles, motorscooters and driveaway vehicles shall be registered with the director of revenue as provided for in subsection 3 of section 301.030, or with the state highways and transportation commission as otherwise provided in this chapter, but only one license plate shall be issued for each such vehicle, except as provided in this subsection. The applicant for registration of any property-carrying commercial vehicle registered at a gross weight in excess of twelve thousand pounds may request and be issued two license plates for such vehicle, and if such plates are issued, the director of revenue shall provide for distinguishing marks on the plates indicating one plate is for the front and the other is for the rear of such vehicle. The director may assess and collect an additional charge from the applicant in an amount not to exceed the fee prescribed for personalized license plates in subsection 1 of section 301.144.

4. The plates issued to manufacturers and dealers shall bear the letters and numbers as prescribed by section 301.560, and the director may place upon the plates other letters or marks to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue or the state highways and transportation commission and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. Each such plate may be encased in a transparent cover so long as the plate is plainly visible and its reflective qualities are not impaired. **Except as provided under subsection 10 of this section,** license plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plates on trailers, motorcycles, motortricycles and motorscooters shall be displayed on the rear of such vehicles either horizontally or vertically, with the letters and numbers plainly visible. The license plate on buses, other than school buses,

and on trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall be displayed on the front of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up or if two plates are issued for the vehicle pursuant to subsection 3 of this section, displayed in the same manner on the front and rear of such vehicles. The license plate or plates authorized by section 301.140, when properly attached, shall be prima facie evidence that the required fees have been paid.

6. (1) The director of revenue shall issue annually or biennially a tab or set of tabs as provided by law as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates. Beginning January 1, 2010, the director may prescribe any additional information recorded on the tab or tabs to ensure that the tab or tabs positively correlate with the license plate or plates issued by the department of revenue for such vehicle. Such tabs shall be produced in each license bureau office.

(2) The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs in the designated area of the license plate, no more than one per plate.

(3) A tab or set of tabs issued by the director of revenue when attached to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been paid.

(4) Except as otherwise provided in this section, the director of revenue shall issue plates for a period of at least six years.

(5) For those commercial motor vehicles and trailers registered pursuant to section 301.041, the plate issued by the highways and transportation commission shall be a permanent nonexpiring license plate for which no tabs shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered pursuant to this section from the obligation to pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the highways and transportation commission upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the highways and transportation commission shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the highways and transportation commission and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.

7. The director of revenue and the highways and transportation commission may prescribe rules and regulations for the effective administration of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

8. Notwithstanding the provisions of any other law to the contrary, owners of motor vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess of eighteen thousand pounds gross weight may apply for special personalized license plates. Vehicles licensed for eighteen thousand pounds that display special personalized license plates shall be subject to the provisions of subsections 1 and 2 of section 301.030.

9. No later than January 1, 2009, the director of revenue shall commence the reissuance of new license plates of such design as directed by the director consistent with the terms, conditions, and provisions of this section and this chapter. Except as otherwise provided in this section, in addition to all other fees required by law, applicants for registration of vehicles with license plates that expire during the period of reissuance, applicants for registration of trailers or semitrailers with license plates that expire during the period of reissuance and applicants for registration of vehicles that are to be issued new license plates during the period of reissuance shall pay the cost of the plates required by this subsection. The additional cost prescribed in this subsection shall not be charged to persons receiving special license plates issued under section 301.073 or 301.443. Historic motor vehicle license plates registered pursuant to section 301.131 and specialized license plates are exempt from the provisions of this subsection. Except for new, replacement, and transfer applications, permanent nonexpiring license plates issued to commercial motor vehicles and trailers registered under section 301.041 are exempt from the provisions of this subsection.

10. No later than January 1, 2017, the director of revenue shall establish a permit program to allow applicants for motor vehicle license plates issued under this section, and applicants for motor vehicle license plate renewals under this section, to apply for a permit exempting any motor vehicle licensed at twelve thousand pounds or less from the requirement that a license plate be displayed on the front and rear of such vehicle. Applicants approved for a one-license plate permit issued under this subsection shall be issued a special license plate bearing the emblem of the Missouri Association of State Troopers Emergency Relief Society upon payment of a one-time emblem-use contribution to the Missouri Association of State Troopers Emergency Relief Society. The license plate issued shall be displayed on the rear of such vehicle not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plate issued shall contain the Missouri Association of State Troopers Emergency Relief Society emblem and a symbol designed by the department of revenue indicating that the license plate is for rear display only. Such license shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. An applicant's status as a permit holder under this subsection shall be noted on the motor vehicle's registration. The director of the department of revenue may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void."; and

SENATE AMENDMENT NO. 2

Amend House Bill No. 1565, Page 1, In the Title, Line 3, by inserting immediately after "assistance" the following: ", with an emergency clause for a certain section"; and

Further amend said bill, page 7, section 208.010, line 210, by inserting after all of said line the following:

"208.152. 1. MO HealthNet payments shall be made on behalf of those eligible needy persons as defined in section 208.151 who are unable to provide for it in whole or in part, with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Inpatient hospital services, except to persons in an institution for mental diseases who are under the age of sixty-five years and over the age of twenty-one years; provided that the MO HealthNet division shall provide through rule and regulation an exception process for coverage of inpatient costs in those cases requiring treatment beyond the seventy-fifth percentile professional activities study (PAS) or the MO HealthNet children's diagnosis length-of-stay schedule; and provided further that the MO HealthNet division shall take into account through its payment system for hospital services the situation of hospitals which serve a disproportionate number of low-income patients;

(2) All outpatient hospital services, payments therefor to be in amounts which represent no more than eighty percent of the lesser of reasonable costs or customary charges for such services, determined in accordance with the principles set forth in Title XVIII A and B, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. Section 301, et seq.), but the MO HealthNet division may evaluate outpatient hospital services rendered under this section and deny payment for services which are determined by the MO HealthNet division not to be medically necessary, in accordance with federal law and regulations;

(3) Laboratory and X-ray services;

(4) Nursing home services for participants, except to persons with more than five hundred thousand dollars equity in their home or except for persons in an institution for mental diseases who are under the age of sixty-five years, when residing in a hospital licensed by the department of health and senior services or a nursing home licensed by the department of health and senior services or appropriate licensing authority of other states or government-owned and -operated institutions which are determined to conform to standards equivalent to licensing requirements in Title XIX of the federal Social Security Act (42 U.S.C. Section 301, et seq.), as amended, for nursing facilities. The MO HealthNet division may recognize through its payment methodology for nursing facilities those nursing facilities which serve a high volume of MO HealthNet patients. The MO HealthNet division when determining the amount of the benefit payments to be made on behalf of persons under the age of twenty-one in a nursing facility may consider nursing facilities furnishing care to persons under the age of twenty-one as a classification separate from other nursing facilities;

(5) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the participant is on a temporary leave of absence from the hospital or nursing home, provided that no such participant shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. As used in this subdivision, the term "temporary leave of absence" shall include all periods of time during which a participant is away from the hospital or nursing home overnight because he is visiting a friend or relative;

(6) Physicians' services, whether furnished in the office, home, hospital, nursing home, or elsewhere;

(7) Drugs and medicines when prescribed by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse; except that no payment for drugs and medicines prescribed on and after January 1, 2006, by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse may be made on behalf of any person who qualifies for prescription drug coverage under the provisions of P.L. 108-173;

(8) Emergency ambulance services and, effective January 1, 1990, medically necessary transportation to scheduled, physician-prescribed nonelective treatments;

(9) Early and periodic screening and diagnosis of individuals who are under the age of twenty-one to ascertain their physical or mental defects, and health care, treatment, and other measures to correct or ameliorate defects and chronic conditions discovered thereby. Such services shall be provided in accordance with the provisions of Section 6403 of P.L. 101-239 and federal regulations promulgated thereunder;

(10) Home health care services;

(11) Family planning as defined by federal rules and regulations; provided, however, that such family planning services shall not include abortions unless such abortions are certified in writing by a physician to the MO HealthNet agency that, in the physician's professional judgment, the life of the mother would be endangered if the fetus were carried to term;

(12) Inpatient psychiatric hospital services for individuals under age twenty-one as defined in Title XIX of the federal Social Security Act (42 U.S.C. Section 1396d, et seq.);

(13) Outpatient surgical procedures, including presurgical diagnostic services performed in ambulatory surgical facilities which are licensed by the department of health and senior services of the state of Missouri; except, that such outpatient surgical services shall not include persons who are eligible for coverage under Part B of Title XVIII, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended, if exclusion of such persons is permitted under Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended;

(14) Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his or her physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the average statewide charge for care and

treatment in an intermediate care facility for a comparable period of time. Such services, when delivered in a residential care facility or assisted living facility licensed under chapter 198 shall be authorized on a tier level based on the services the resident requires and the frequency of the services. A resident of such facility who qualifies for assistance under section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the fewest services. The rate paid to providers for each tier of service shall be set subject to appropriations. Subject to appropriations, each resident of such facility who qualifies for assistance under section 208.030 and meets the level of care required in this section shall, at a minimum, if prescribed by a physician, be authorized up to one hour of personal care services per day. Authorized units of personal care services shall not be reduced or tier level lowered unless an order approving such reduction or lowering is obtained from the resident's personal physician. Such authorized units of personal care services or tier level shall be transferred with such resident if he or she transfers to another such facility. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance is made;

(15) Mental health services. The state plan for providing medical assistance under Title XIX of the Social Security Act, 42 U.S.C. Section 301, as amended, shall include the following mental health services when such services are provided by community mental health facilities operated by the department of mental health or designated by the department of mental health as a community mental health facility or as an alcohol and drug abuse facility or as a child-serving agency within the comprehensive children's mental health service system established in section 630.097. The department of mental health shall establish by administrative rule the definition and criteria for designation as a community mental health facility and for designation as an alcohol and drug abuse facility. Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(c) Rehabilitative mental health and alcohol and drug abuse services including home and community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health or alcohol and drug abuse professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management. As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint

implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

(16) Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. Section 301, et seq.) subject to appropriation by the general assembly;

(17) The services of an advanced practice registered nurse with a collaborative practice agreement to the extent that such services are provided in accordance with chapters 334 and 335, and regulations promulgated thereunder;

(18) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection to reserve a bed for the participant in the nursing home during the time that the participant is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a participant under this subdivision during any period of six consecutive months such participant shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

(19) Prescribed medically necessary durable medical equipment. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(20) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the

MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(21) Prescribed medically necessary dental services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(22) Prescribed medically necessary optometric services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(23) Blood clotting products-related services. For persons diagnosed with a bleeding disorder, as defined in section 338.400, reliant on blood clotting products, as defined in section 338.400, such services include:

(a) Home delivery of blood clotting products and ancillary infusion equipment and supplies, including the emergency deliveries of the product when medically necessary;

(b) Medically necessary ancillary infusion equipment and supplies required to administer the blood clotting products; and

(c) Assessments conducted in the participant's home by a pharmacist, nurse, or local home health care agency trained in bleeding disorders when deemed necessary by the participant's treating physician;

(24) The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of the Medicare reimbursement rates and compared to the average dental reimbursement rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Dental services;

(2) Services of podiatrists as defined in section 330.010;

(3) Optometric services as defined in section 336.010;

(4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and wheelchairs;

(5) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides

relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions (14) and (15) of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the MO HealthNet state plan amendment submitted by the department of social services that would allow a provider

to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. Section 1396a (a)(13)(C).

10. The MO HealthNet division, may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

11. Any income earned by individuals eligible for certified extended employment at a sheltered workshop under chapter 178 shall not be considered as income for purposes of determining eligibility under this section.

12. If the Missouri Medicaid audit and compliance unit changes any interpretation or application of the requirements for reimbursement for MO HealthNet services from the interpretation or application that has been applied previously by the state in any audit of a MO HealthNet provider, the Missouri Medicaid audit and compliance unit shall notify all affected MO HealthNet providers five business days before such change shall take effect. Failure of the Missouri Medicaid audit and compliance unit to notify a provider of such change shall entitle the provider to continue to receive and retain reimbursement until such notification is provided and shall waive any liability of such provider for recoupment or other loss of any payments previously made prior to the five business days after such notice has been sent. Each provider shall provide the Missouri Medicaid audit and compliance unit a valid email address and shall agree to receive

communications electronically. The notification required under this section shall be delivered in writing by the United States Postal Service or electronic mail to each provider.

13. Nothing in this section shall be construed to abrogate or limit the department's statutory requirement to promulgate rules under chapter 536.

14. Beginning July 1, 2016, and subject to appropriations, providers of behavioral, social, and psychophysiological services for the prevention, treatment, or management of physical health problems shall be reimbursed utilizing the behavior assessment and intervention reimbursement codes 96150 to 96154 or their successor codes under the Current Procedural Terminology (CPT) coding system. Providers eligible for such reimbursement shall include psychologists.

Section B. Because immediate action is necessary to ensure adequate provision of behavior assessment and intervention services under the MO HealthNet program, the repeal and reenactment of section 208.152 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of section 208.152 of this act shall be in full force and effect July 1, 2016, or upon its passage and approval, whichever later occurs."; and

Further amend the title and enacting clause accordingly.

Senator Silvey moved that the above amendment be adopted, which motion prevailed.

2. For purposes of this section, "health benefits service package" shall mean, subject to federal approval, benefits covered by the MO HealthNet program as determined by the department of social services to meet the benchmark or benchmark-equivalent coverage requirement under 42 U.S.C. 1396a(k)(1).

3. The reimbursement rate to MO HealthNet providers for MO HealthNet services provided to individuals qualifying under the provisions of this section shall be comparable to commercial reimbursement payment levels with trend adjustment for comparable services. through a contracted actuary. The higher commercial comparable rates shall only apply for services provided to individuals qualifying under this section.

(2) The department of social services shall inform persons eligible under subsection 1 of this section that their benefits may be reduced or eliminated if federal funding decreases or is eliminated.

5. The MO HealthNet oversight committee shall conduct research and investigate any potential health-related savings and revenues associated with expanding eligibility to persons under subsection 1 of this section. The committee shall investigate the federal matching rate below which the state could not maintain the expanded eligibility to persons under subsection 1 of this section. If the amount is determined to be greater than ninety percent, the committee shall report its findings to the general assembly for its consideration prior to any vote under paragraph (b) of subdivision (1) of subsection 4 of this section. In conducting its research and investigation, the committee shall also determine the feasibility of:

(1) Implementing capped cost sharing for persons eligible under subsection 1 of this section which may be reduced based on healthy behaviors of participants;

(2) Expanding Medicaid coverage for certain health care services that are currently financed by the state; and

The department of elementary and secondary education shall develop a process for recognition of a school district's academic and career counseling program established in cooperation with parents and the local community no later than January 1, 2017.**

2. The state board of education shall promulgate rules and regulations for the implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

Each student prior to his or her ninth grade year at a public school, including a charter school, may develop with help from the school's guidance counselors a personal plan of study, which shall be reviewed regularly, as needed by school personnel and the student's parent or guardian and updated based upon the needs of the student. The plan shall include, but not be limited to:

2. All valid teaching certificates issued pursuant to law or state board policies and regulations prior to September 1, 1988, shall be exempt from the professional development requirements of this section and shall continue in effect until they expire, are revoked or suspended, as provided by law. When such certificates are required to be renewed, the state board or its designee shall grant to each holder of such a certificate the certificate most nearly equivalent to the one so held. Anyone who holds, as of August 28, 2003, a valid PC-I, PC-II, or continuous professional certificate shall, upon expiration of his or her current certificate, be issued the appropriate level of certificate based upon the classification system established pursuant to subsection 3 of this section.

3. Certificates of license to teach in the public schools of the state shall be based upon minimum requirements prescribed by the state board of education which shall include completion of a background check as prescribed in section 168.133. The state board shall provide for the following levels of professional certification: an initial professional certificate and a career continuous professional certificate.

(1) The initial professional certificate shall be issued upon completion of requirements established by the state board of education and shall be valid based upon verification of actual teaching within a specified time period established by the state board of education. The state board shall require holders of the four-year initial professional certificate to:

(a) Participate in a mentoring program approved and provided by the district for a minimum of two years;

(b) Complete thirty contact hours of professional development, which may include hours spent in class in an appropriate college curriculum, or for holders of a certificate under subdivision (4) of subsection 1 of this section, an amount of professional development in proportion to the certificate holder's hours in the classroom, if the certificate holder is employed less than full time; and

(c) Participate in a beginning teacher assistance program.

(2) (a) The career continuous professional certificate shall be issued upon verification of completion of four years of teaching under the initial professional certificate and upon verification of the completion of the requirements articulated in paragraphs (a), (b), and (c) of subdivision (1) of this subsection or paragraphs (a), (b), (c), and (d) of subdivision (5) of subsection 1 of this section.

(b) The career continuous professional certificate shall be continuous based upon verification of actual employment in an educational position as provided for in state board guidelines and completion of fifteen contact hours of professional development per year which may include hours spent in class in an appropriate college curriculum. Should the possessor of a valid career continuous professional certificate fail, in any given year, to meet the fifteen-hour professional development requirement, the possessor may, within two years, make up the missing hours. In order to make up for missing hours, the possessor shall first complete the fifteen-hour requirement for the current year and then may count hours in excess of the current year requirement as make-up hours. Should the possessor fail to make up the missing hours within two years, the certificate shall become inactive. In order to reactivate the certificate, the possessor shall complete twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate. The requirements of this paragraph shall be monitored and verified by the local school district which employs the holder of the career continuous professional certificate.

(c) A holder of a career continuous professional certificate shall be exempt from the professional development contact hour requirements of paragraph (b) of this subdivision if such teacher has a local professional development plan in place within such teacher's school district and meets two of the three following criteria:

a. Has ten years of teaching experience as defined by the state board of education;

b. Possesses a master's degree; or

c. Obtains a rigorous national certification as approved by the state board of education.

4. Policies and procedures shall be established by which a teacher who was not retained due to a reduction in force may retain the current level of certification. There shall also be established policies and procedures allowing a teacher who has not been employed in an educational position for three years or more to reactivate his or her last level of certification by completing twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate.

5. The state board shall, upon completion of a background check as prescribed in section 168.133, issue a professional certificate classification in the areas most closely aligned with an applicant's current areas of certification, commensurate with the years of teaching experience of the applicant, to any person who is hired to teach in a public school in this state and who possesses a valid teaching certificate from another state or certification under subdivision (4) of subsection 1 of this section, provided that the certificate holder shall annually complete the state board's requirements for such level of certification, and shall establish policies by which residents of states other than the state of Missouri may be assessed a fee for a certificate **of** license to teach in the public schools of Missouri. Such fee shall be in an amount sufficient to recover any or all costs associated with the issuing of a certificate of license to teach. The board shall promulgate rules to authorize the issuance of a provisional certificate of license, which shall allow the holder to assume classroom duties pending the completion of a criminal background check under section 168.133, for any applicant who:

(1) Is the spouse of a member of the Armed Forces stationed in Missouri;

(2) Relocated from another state within one year of the date of application;

(3) Underwent a criminal background check in order to be issued a teaching certificate of license from another state; and

(4) Otherwise qualifies under this section.

6. The state board may assess to holders of an initial professional certificate a fee, to be deposited into the excellence in education revolving fund established pursuant to section 160.268, for the issuance of the career continuous professional certificate. However, such fee shall not exceed the combined costs of issuance and any criminal background check required as a condition of issuance. Applicants for the initial ABCTE certificate shall be responsible for any fees associated with the program leading to the issuance of the certificate, but nothing in this section shall prohibit a district from developing a policy that permits fee reimbursement.

7. Any member of the public school retirement system of Missouri who entered covered employment with ten or more years of educational experience in another state or states and held a certificate issued by another state and subsequently worked in a school district covered by the public school retirement system

of Missouri for ten or more years who later became certificated in Missouri shall have that certificate dated back to his or her original date of employment in a Missouri public school.

173.750. 1. By July 1, 1995, the coordinating board for higher education, within existing resources provided to the department of higher education and by rule and regulation, shall have established and implemented a procedure for annually reporting the performance of graduates of public high schools in the state during the student's initial year in the public colleges and universities of the state. The purpose of such reports shall be to assist in determining how high schools are preparing students for successful college and university performance. The report produced pursuant to this subsection shall annually be furnished to the state board of education for reporting pursuant to subsection 4 of section 161.610 and shall not be used for any other purpose **until such time that a standard process and consistent, specific criteria for determining a student's need for remedial coursework is agreed upon by the coordinating board for higher education, higher education institutions, and the state board of education**.

2. The procedures shall be designed so that the reporting is made by the name of each high school in the state, with individual student data to be grouped according to the high school from which the students graduated. The data in the reports shall be disaggregated by race and sex. The procedures shall not be designed so that the reporting contains the name of any student. No grade point average shall be disclosed under subsection 3 of this section in any case where three or fewer students from a particular high school attend a particular college or university.

3. The data reported shall include grade point averages after the initial college year, calculated on, or adjusted to, a four point grade scale; the percentage of students returning to college after the first and second half of the initial college year, or after each trimester of the initial college year; the percentage of students taking noncollege level classes in basic academic courses during the first college year, or remedial courses in basic academic subjects of English, mathematics, or reading; and other such data as determined by rule and regulation of the coordinating board for higher education.

4. The department of elementary and secondary education shall conduct a review of its policies and procedures relating to remedial education in light of the best practices in remediation identified as required by subdivision (6) of subsection 2 of section 173.005 to ensure that school districts are informed about best practices to reduce the need for remediation. The department shall present its results to the joint committee on education by October 31, 2017."; and

Further amend said bill, Page 8, Section 163.031, Line 99, by inserting immediately after said line the following:

"171.031. 1. Each school board shall prepare annually a calendar for the school term, specifying the opening date**, days of planned attendance,** and providing a minimum term of at least one hundred seventy-four days for schools with a five-day school week or one hundred forty-two days for schools with a four-day school week, and one thousand forty-four hours of actual pupil attendance. **In the school year 2017-18 and subsequent years, one thousand forty-four hours of actual pupil attendance shall be required for the school term with no minimum number of school days.** In addition, such calendar shall include six make-up days for possible loss of attendance due to inclement weather as defined in subsection 1 of section 171.033. **In the school year 2017-18 and subsequent years, such calendar shall include thirty-six make-up hours for possible loss of attendance due to inclement weather, as defined under subsection 1 of section 171.033, with no minimum number of make-up days.**

2. Each local school district may set its opening date each year, which date shall be no earlier than ten calendar days prior to the first Monday in September. No public school district shall select an earlier start date unless the district follows the procedure set forth in subsection 3 of this section.

3. A district may set an opening date that is more than ten calendar days prior to the first Monday in September only if the local school board first gives public notice of a public meeting to discuss the proposal of opening school on a date more than ten days prior to the first Monday in September, and the local school board holds said meeting and, at the same public meeting, a majority of the board votes to allow an earlier opening date. If all of the previous conditions are met, the district may set its opening date more than ten calendar days prior to the first Monday in September. The condition provided in this subsection must be satisfied by the local school board each year that the board proposes an opening date more than ten days before the first Monday in September.

4. If any local district violates the provisions of this section, the department of elementary and secondary education shall withhold an amount equal to one quarter of the state funding the district generated under section 163.031 for each date the district was in violation of this section.

5. The provisions of subsections 2 to 4 of this section shall not apply to school districts in which school is in session for twelve months of each calendar year.

6. The state board of education may grant an exemption from this section to a school district that demonstrates highly unusual and extenuating circumstances justifying exemption from the provisions of subsections 2 to 4 of this section. Any exemption granted by the state board of education shall be valid for one academic year only.

7. **[**No school day for schools with a five-day school week shall be longer than seven hours except for vocational schools which may adopt an eight-hour day in a metropolitan school district and a school district in a first class county adjacent to a city not within a county, and any school that adopts a four-day school week in accordance with section 171.029.**] No cap on the number of hours in a school day shall be imposed on school districts.**

171.033. 1. "Inclement weather", for purposes of this section, shall be defined as ice, snow, extreme cold, flooding, or a tornado, but such term shall not include excessive heat.

2. A district shall be required to make up the first six days of school lost or cancelled due to inclement weather and half the number of days lost or cancelled in excess of six days if the makeup of the days is necessary to ensure that the district's students will attend a minimum of one hundred forty-two days and a minimum of one thousand forty-four hours for the school year except as otherwise provided in this section. Schools with a four-day school week may schedule such make-up days on Fridays. **Notwithstanding the above, in the school year 2017-18 and subsequent years, a district shall be required to make up the first thirty-six hours of school lost or cancelled due to inclement weather and half the number of hours lost or cancelled in excess of thirty-six if the makeup of the hours is necessary to ensure that the district's students attend a minimum of one thousand forty-four hours for the school year.**

3. In the 2009-10 school year and **all** subsequent years **through the 2016-17 school year** , a school district may be exempt from the requirement to make up days of school lost or cancelled due to inclement weather in the school district when the school district has made up the six days required under subsection 2 of this section and half the number of additional lost or cancelled days up to eight days, resulting in no more than ten total make-up days required by this section.

4. The commissioner of education may provide, for any school district **[**in which schools are in session for twelve months of each calendar year**]** that cannot meet the minimum school calendar requirement of at least one hundred seventy-four days for schools with a five-day school week or one hundred forty-two days for schools with a four-day school week and one thousand forty-four hours of actual pupil attendance **or, in the school year 2017-18 and subsequent years, one thousand forty-four hours of actual pupil attendance** , upon request, a waiver to be excused from such requirement. This waiver shall be requested from the commissioner of education and may be granted if the school was closed due to circumstances beyond school district control, including inclement weather, flooding or fire."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

3. Instruction in Braille reading and writing shall be sufficient to enable each student to communicate effectively and efficiently at a level commensurate with his sighted peers of comparable grade level and intellectual functioning. The student's individualized education plan shall specify:

HOUSE AMENDMENT NO. 4

Amend House Committee Substitute for Senate Committee Substitute for Senate Bill No. 996, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"**67.1790. 1. The governing body of any county of the first classification with more than two hundred sixty thousand but fewer than three hundred thousand inhabitants or any city within such county may impose by order or ordinance a sales tax on all retail sales made within the county or city that are subject to sales tax under chapter 144 for the purpose of funding early childhood education programs in the county or city. The tax shall not exceed one quarter of one percent and shall be imposed solely for the purpose of funding early childhood education programs in the county or city. The tax authorized in this section shall be in addition to all other sales taxes imposed by law and shall be stated separately from all other charges and taxes. The order or ordinance imposing a sales tax under this section shall not become effective unless the governing body of the county or city submits to the voters residing within the county or city, at a general election, a proposal to authorize the governing body of the county or city to impose a tax under this section.**

2. The question of whether the tax authorized by this section shall be imposed shall be submitted in substantially the following form:

OFFICIAL BALLOT

Shall ..... (name of county/city) impose a (countywide/citywide) sales tax at a rate of (insert rate) percent for the purpose of funding early childhood education in the county or city?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, the order or ordinance shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of the adoption of the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, the county or city may not impose the sales tax authorized under this section unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. On or after the effective date of any tax authorized under this section, the county or city that imposed the tax shall enter into an agreement with the director of the department of revenue for the purpose of collecting the tax authorized in this section. On or after the effective date of the tax the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 and 32.087 shall apply. All revenue collected under this section by the director of the department of revenue on behalf of any county or city, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Early Childhood Education Sales Tax Trust Fund" and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the trust fund and credited to the county or city for erroneous payments and overpayments made and may redeem dishonored checks and drafts deposited to the credit of such county or city. Any funds in the special trust fund that are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing body of the county or city may authorize the use of a bracket system similar to that authorized under section 144.285, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions. Beginning with the effective date of the tax, every retailer in the county or city shall add the sales tax to the sale price, and this tax shall be a debt of the purchaser to the retailer until paid and shall be recoverable at law in the same manner as the purchase price. For purposes of this section, all retail sales shall be deemed to be consummated at the place of business of the retailer.

5. All applicable provisions under sections 144.010 to 144.525 governing the state sales tax, and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax, and all exemptions granted to agencies of government, organizations, and persons under sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax. The same sales tax permit, exemption certificate, and retail certificate required under sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that, the

director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer under the state sales tax for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided under section 32.057 and sections 144.010 to 144.525 are hereby made applicable to violations of this section. If any person is delinquent in the payment of the amount required to be paid under this section, or in the event a determination has been made against the person for taxes and penalty under this section, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided under sections 144.010 to 144.525.

6. The governing body of any county or city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters at a general election. The ballot of submission shall be in substantially the following form:

Shall ..... (insert the name of the county or city) repeal the sales tax imposed at a rate of ..... (insert rate) percent for the purpose of funding early childhood education in the county or city?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. Whenever the governing body of any county or city that has adopted the sales tax authorized in this section receives a petition, signed by ten percent of the registered voters of the county or city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the county or city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

8. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the county or city shall notify the director of the department of revenue of the action at least thirty days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county or city, the director shall remit the balance in the account to the county or city and close the account of that county or city. The director shall notify each county or city of each instance of any amount refunded or any check redeemed from receipts due the county or city.

9. The governing body of each county or city imposing the tax authorized under this section shall select an existing community task force to administer the revenue from the tax received by the county or city. Such revenue shall be expended only upon approval of an existing community task force selected by the governing body of the county or city to administer the funds and only in accordance with a budget approved by the county or city governing body.

10. Notwithstanding any other provision of law, any tax authorized under the provisions of this section shall be submitted to the voters of the taxing jurisdiction for retention or repeal every five years using the same procedure by which the imposition of the tax was voted. If a majority of the votes cast on the proposal by the qualified voters of the taxing jurisdiction voting thereon are in favor of retention, the tax shall continue in effect. If a majority of the votes cast on the proposal by the qualified voters of the taxing jurisdiction voting thereon are not in favor of retention, the tax shall be repealed and that repeal shall become effective December thirty-first of the calendar year in which such repeal was approved."; and

As soon as practicable, the commission shall make public a copy of the vote to close the meeting revealing the vote of each member with no proxy votes allowed;

(4) Establishing the titles, duties and authority, and reasonable procedures for the election of the officers of the commission;

(8) The commission shall publish its bylaws and file a copy thereof, and a copy of any amendment thereto, with the appropriate agency or officer in each of the member states, if any;

(9) The commission shall maintain its financial records in accordance with the bylaws; and

(10) The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.

4. The commission shall have the following powers:

(1) The authority to promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rules shall have the force and effect of law and shall be binding on all member states;

(2) To bring and prosecute legal proceedings or actions in the name of the commission, provided that the standing of any state EMS authority or other regulatory body responsible for EMS personnel licensure to sue or be sued under applicable law shall not be affected;

(3) To purchase and maintain insurance and bonds;

(4) To borrow, accept, or contract for services of personnel, including, but not limited to, employees of a member state;

(5) To hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of the compact, and to establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

(9) To establish a budget and make expenditures;

(2) The commission may accept any and all appropriate revenue sources, donations, and grants of money, equipment, supplies, materials, and services.

(3) The commission may levy on and collect an annual assessment from each member state or impose fees on other parties to cover the cost of the operations and activities of the commission and its staff, which shall be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule binding upon all member states.

(4) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the member states, except by and with the authority of the member state.

(5) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

6. (1) The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity for any claim, damage to or loss of property, personal injury, or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing in this subdivision shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional, willful, or wanton misconduct of that person.

(2) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional, willful, or wanton misconduct.

(3) The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional, willful, or wanton misconduct of the person.

334.1527. 1. The commission shall provide for the development and maintenance of a coordinated

database and reporting system containing licensure, adverse action, and significant investigatory information on all licensed individuals in member states.

2. Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the coordinated database on all individuals to whom this compact is applicable as required by the rules of the commission, including:

(1) Identifying information;

(2) Licensure data;

(3) Significant investigatory information;

(4) Adverse actions against an individual's license;

(5) An indicator that an individual's privilege to practice is restricted, suspended, or revoked;

(6) Nonconfidential information related to alternative program participation;

(7) Any denial of application for licensure and the reasons for such denial; and

(8) Other information that may facilitate the administration of this compact, as determined by the rules of the commission.

3. The coordinated database administrator shall promptly notify all member states of any adverse action taken against, or significant investigative information on, any individual in a member state.

4. Member states contributing information to the coordinated database may designate information that shall not be shared with the public without the express permission of the contributing state.

5. Any information submitted to the coordinated database that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the coordinated database.

334.1530. 1. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

2. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any member state.

3. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

4. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) On the website of the commission; and

(2) On the website of each member state EMS authority or the publication in which each state would otherwise publish proposed rules.

5. The notice of proposed rulemaking shall include:

(1) The proposed time, date, and location of the meeting at which the rule will be considered and

voted upon;

(2) The text of the proposed rule or amendment and the reason for the proposed rule;

(3) A request for comments on the proposed rule from any interested person; and

(4) The manner in which interested parties may submit notice to the commission of their intention to attend the public hearing and any written comments.

6. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments which shall be made available to the public.

7. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

(1) At least twenty-five persons;

(2) A governmental subdivision or agency; or

(3) An association having at least twenty-five members.

8. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing.

(1) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

(2) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(3) No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subdivision shall not preclude the commission from making a transcript or recording of the hearing if it so chooses.

(4) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

9. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

10. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

11. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

12. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that shall be adopted

immediately in order to:

(1) Meet an imminent threat to public health, safety, or welfare;

(2) Prevent a loss of commission or member state funds;

(3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

(4) Protect public health and safety.

13. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

334.1533. 1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceedings in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.

3. The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

4. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(1) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default or any other action to be taken by the commission; and

(2) Providing remedial training and specific technical assistance regarding the default.

5. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

6. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by

the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

7. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

8. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact unless agreed upon in writing between the commission and the defaulting state.

9. The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

10. Upon a request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

11. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

12. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

13. By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

14. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

334.1536. 1. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

2. Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

3. Any member state may withdraw from this compact by enacting a statute repealing the same.

(1) A member state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(2) Withdrawal shall not affect the continuing requirement of the withdrawing state's EMS authority to comply with the investigative and adverse action reporting requirements of this act prior

to the effective date of withdrawal.

4. Nothing contained in this compact shall be construed to invalidate or prevent any EMS personnel licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

5. This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

334.1539. This compact shall be liberally construed so as to effectuate the purposes thereof. If this compact shall be held contrary to the constitution of any member state thereto, the compact shall remain in full force and effect as to the remaining member states. Nothing in this compact supersedes state law or rules related to licensure of EMS agencies."; and

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCS** for **SB 873**, entitled:

An Act to repeal section 173.670, RSMo, and to enact in lieu thereof two new sections relating to the science, technology, engineering and mathematics fund.

With House Amendment Nos. 1, 2, 3, House Amendment No. 1 to House Amendment No. 4, House Amendment No. 4, as amended, and House Amendment No. 5.

HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Bill No. 873, Page 1, In the Title, Lines 2 and 3, by deleting the phrase "the science, technology, engineering and mathematics fund" and inserting in lieu thereof the phrase "higher education"; and

Further amend said bill, Page 3, Section 173.670, Line 67, by inserting after all of said section and line the following:

"**173.2050. 1. The governing board of each public institution of higher education in this state shall engage in discussions with law enforcement agencies with jurisdiction over the premises of an institution to develop and enter into a memorandum of understanding concerning sexual assault, domestic violence, dating violence, and stalking, as defined in the federal Higher Education Act of 1965, 20 U.S.C. Section 1092(f), involving students both on and off campus.**

2. The memorandum of understanding shall contain detailed policies and protocols regarding sexual assault, domestic violence, dating violence, and stalking involving a student that comport with best practices and current professional practices. At a minimum, the memorandum shall set out procedural requirements for the reporting of an offense, protocol for establishing who has jurisdiction over an offense, and criteria for determining when an offense is to be reported to law enforcement.

3. The department of public safety in cooperation with the department of higher education shall promulgate rules and regulations to facilitate the implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 2

Amend House Committee Substitute for Senate Bill No. 873, Page 1, In the Title, Lines 2 and 3, by deleting the words, "the science, technology, engineering and mathematics fund" and inserting in lieu thereof the words, "higher education"; and

"620.806. 1. The Missouri job development fund, formerly established in the state treasury by section 620.478, shall now be known as the "Missouri Works Job Development Fund" and shall be administered by the department for the training program. The fund shall consist of all moneys which may be appropriated to it by the general assembly and also any gifts, contributions, grants, or bequests received from federal, private or other sources, including, but not limited to, any block grant or other sources of funding relating to job training, school-to-work transition, welfare reform, vocational and technical training, housing, infrastructure, development, and human resource investment programs which may be provided by the federal government or other sources.

2. The department may provide financial assistance through the training program to qualified companies that create new jobs which will result in the need for training, or that make new capital investment relating directly to the retention of jobs in an amount at least five times greater than the amount of any financial assistance. Financial assistance may also be provided to a consortium of **a majority of** qualified companies organized to provide common training to the consortium members' employees. Funds in the Missouri works job development fund shall be appropriated, for financial assistance through the training program, by the general assembly to the department and shall be administered by a local educational agency certified by the department for such purpose. Except for state-sponsored preemployment training, no qualified company shall receive more than fifty percent of its training program costs from the Missouri works job development fund. No funds shall be awarded or reimbursed to any qualified company for the training, retraining, or upgrading of skills of potential employees with the purpose of replacing or supplanting employees engaged in an authorized work stoppage. Upon approval by the department, training project costs, except the purchase of training equipment and training facilities, shall be eligible for reimbursement with funds from the Missouri works job development fund. Notwithstanding any provision of law to the contrary, no qualified company within a service industry shall be eligible for assistance under this subsection unless such qualified company provides services in interstate commerce, which shall mean that the qualified company derives a majority of its annual revenues from out of the state.

3. The department may provide assistance, through appropriations made from the Missouri works job development fund, to business and technology centers. Such assistance shall not include the lending of the state's credit for the payment of any liability of the fund. Such centers may be established by Missouri community colleges, or state-owned postsecondary technical colleges, to provide business and training services for growth industries as determined by current labor market information.

8. Any person aggrieved by a deprivation of, or a threatened deprivation of, a concealed firearm or ammunition at a public higher education institution in violation of this section, or aggrieved by a denial of, or a threatened denial of, access to any portion of a public higher education in violation of this section, may, in addition to any other remedy available, maintain a claim in small claims court. SENATE COMMITTEE SUBSTITUTE FOR

SENATE RESOLUTION NO. 2216

Whereas, long-term care provides a broad range of medical, personal, and social services and supports in-home and community settings for persons in need of care due to age, illness, accident, or disability, including many Missouri veterans who have served and protected Missouri residents and the nation; and

Whereas, over ten million people in the United States need some form of long-term care services. However, in 2014, according to the Henry J. Kaiser Family Foundation, the average occupancy rate of certified beds in certified nursing facilities in Missouri was 72.5%, which was the ninth lowest in the nation. Some counties in Missouri have significantly lower occupancy rates, resulting in an overabundance of available beds for the current long-term care facility resident population; and

Whereas, in Missouri, the average annual cost of a semi-private room in nursing home is nearly $51,000. While some nursing home residents are able to pay the cost of care with long-term care insurance or private savings, many more rely on familial assistance and government programs such as Medicaid, Medicare, and veterans' assistance. On average, over 70% of the total cost of a resident's stay in a long-term care facility is paid by either the federal or state government; and

Whereas, the general underutilization of beds in Missouri long-term care facilities, the disproportionate distribution of beds to residents in many counties, and the high cost of care for vital long-term care services for the elderly, disabled, and veteran populations have resulted in a crisis in the provision of adequate and financially-sustainable long-term care for Missouri residents:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, hereby establish the Senate Interim Committee on Long-Term Care Facilities; and

Be It Further Resolved that such committee be composed of six members of the Senate, to be appointed by the President Pro Tempore, with four members being of the majority party and two members being of the minority party; and

Be It Further Resolved that such committee conduct in-depth studies and make appropriate recommendations concerning:

(1) The relationship between certificate of need laws for long-term care facilities, the role of the Missouri Health Facilities Review Committee, and the current occupancy and utilization of long-term care beds in Missouri, including beds in hospitals, long-term care facilities, and veterans homes;

(2) Methods to improve quality of care and reduce costs in long-term care facilities, including exploring alternative financial strategies such as public-private partnerships; and

(3) The role of legislators serving on the Missouri Health Facilities Review Committee; and

Be It Further Resolved that such committee may present a final report, together with its recommendations for any legislative action it deems necessary for submission to the Missouri Senate by December 31, 2016, at which point the committee shall be dissolved; and

Be It Further Resolved that such committee may solicit input and information necessary to fulfill its obligations from the Department of Health and Senior Services, the Department of Social Services, the Department of Mental Health, the Missouri Veterans Commission, the Missouri Health Facilities Review Committee, and appropriate leaders in the long-term care industry in Missouri; and

Be It Further Resolved that the staffs of Senate Research and Senate Appropriations shall provide such legal, research, clerical, technical, and bill drafting services as the committee may require in the performance of its duties; and

Be It Further Resolved that the committee, its members, and any staff assigned to the committee shall receive reimbursement for their actual and necessary expenses incurred in attending meetings of the committee.

Also,

SENATE COMMITTEE SUBSTITUTE FOR

SENATE RESOLUTION NO. 2196

Whereas, sustained investment in electric, natural gas, water, and sewer utility infrastructure is vital to the economic vitality and well-being of the State of Missouri; and

Whereas, Missouri electric, natural gas, water, and sewer utility companies compete with utility companies in other states for the capital

necessary to sustain investment in utility infrastructure in Missouri; and

Whereas, Missouri electric, natural gas, water, and sewer utility companies must achieve reasonable rates of return as compared to the rates of return achieved by utility companies in other states to ensure sustained investment in utility infrastructure in Missouri; and

Whereas, the utility regulatory process in Missouri, as it applies to electric, natural gas, water, and sewer corporations, is governed primarily by Chapter 393, RSMo, which is largely unchanged since original enactment in 1913; and

Whereas, the utility regulatory process and framework must be periodically evaluated in order to promote the interests of fairness and balance among all constituencies, by addressing policy and practice advances in areas including nontraditional regulatory rate plans, performance-based regulatory rate plans, incentive regulatory rate plans, capital recovery schedules, consistency of utility regulatory policy with generally accepted accounting principles, consistency of utility regulatory policy with financial accounting standards, consistency of utility regulatory policy with generally accepted engineering principles, communication between and among participants in the regulatory process, time schedules for the initiation and conclusion of proceedings before utility regulatory agencies, the role, function, and needs of the Public Service Commission, the role, function, and needs of the Office of Public Counsel, and the overall structure and cost of governmental utility regulatory agencies and the utility regulatory process:

Now Therefore Be It Resolved that the members of the Senate of the Ninety-eighth General Assembly, Second Regular Session, hereby establish the Senate Committee on Utility Regulation and Infrastructure Investment; and

Be It Further Resolved that such committee be composed of six members of the Senate, to be appointed by the President Pro Tempore, with four members being of the majority party and two members being of the minority party; and

Be It Further Resolved that such committee conduct in-depth studies and make appropriate recommendations concerning: how the Missouri utility regulatory process and framework, and the results of such process and framework, compares to other states for electric, natural gas, water, and sewer utility companies; and how the utility regulatory process in Missouri can, or should, be modernized to be more efficient and effective, to ensure sustained investment in utility infrastructure and promote the interests of fairness and balance among all constituencies, including consumers and shareholders of regulated utility companies; and

Be It Further Resolved that such committee may present a final report, together with its recommendations for any legislative action it deems necessary for submission to the General Assembly by December 31, 2016, at which point the committee shall be dissolved; and

Be It Further Resolved that such committee may solicit any input and information necessary to fulfill its obligations from the Missouri Public Service Commission, the Department of Economic Development, the Office of Public Counsel, political subdivisions of this state, regulated utilities, and consumer groups; and

Be It Further Resolved that Senate Research shall provide such legal, research, clerical, technical and bill drafting services as the committee may require in the performance of its duties; and

Be It Further Resolved that such committee, its members, and any staff assigned to the committee shall receive reimbursement for their actual and necessary expenses incurred in attending meetings of such committee.

HOUSE AMENDMENT NO. 3

Amend House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 663, Page 46, Section 400.9-501, Line 30, by inserting after all of said section and line the following:

"400.9-516. (a) Except as otherwise provided in subsection (b), communication of a record to a filing office and tender of the filing fee or acceptance of the record by the filing office constitutes filing.

(b) Filing does not occur with respect to a record that a filing office refuses to accept because:

(1) The record is not communicated by a method or medium of communication authorized by the filing office;

(2) An amount equal to or greater than the applicable filing fee is not tendered;

(3) The filing office is unable to index the record because:

(A) In the case of an initial financing statement, the record does not provide a name for the debtor;

(B) In the case of an amendment or information statement, the record:

(i) Does not identify the initial financing statement as required by section 400.9-512 or 400.9-518, as applicable; or

(ii) Identifies an initial financing statement whose effectiveness has lapsed under section 400.9-515;

(C) In the case of an initial financing statement that provides the name of a debtor identified as an individual or an amendment that provides a name of a debtor identified as an individual which was not previously provided in the financing statement to which the record relates, the record does not identify the debtor's surname; or

(D) In the case of a record filed or recorded in the filing office described in section 400.9-501(a)(1), the record does not provide a sufficient description of the real property to which it relates;

(4) In the case of an initial financing statement or an amendment that adds a secured party of record, the record does not provide a name and mailing address for the secured party of record;

(5) In the case of an initial financing statement or an amendment that provides a name of a debtor which was not previously provided in the financing statement to which the amendment relates, the record does not:

(A) Provide a mailing address for the debtor; or

(B) Indicate whether the name provided as the name of the debtor is the name of an individual or an organization;

(6) In the case of an assignment reflected in an initial financing statement under section 400.9-514(a) or an amendment filed under section 400.9-514(b), the record does not provide a name and mailing address for the assignee; **or**

(7) In the case of a continuation statement, the record is not filed within the six-month period prescribed by section 400.9-515(d);

(8) The secretary of state has reasonable cause to believe the record is materially false or fraudulent; or

(9) The record on its face reveals, based on factors such as whether the debtor and the secured party are substantially the same person, the individual debtor is a transmitting utility, or whether the collateral described is within the scope of this chapter, that the record is being filed for a purpose other than a transaction that is within the scope of this chapter. This includes a record that asserts a claim against a current or former employee or officer of a federal, state, county, or other local governmental unit that relates to the performance of the officer's or employee's public duties, and for which the filer does not hold a properly executed security agreement or judgment from a court of competent jurisdiction.

(c) For purposes of subsection (b):

(1) A record does not provide information if the filing office is unable to read or decipher the information; **and**

(2) A record that does not indicate that it is an amendment or identify an initial financing statement to which it relates, as required by section 400.9-512, 400.9-514 or 400.9-518, is an initial financing statement; and

(3) A document, instrument, or record shall be presumed to be materially false or fraudulent if the document, instrument, or record is filed by an offender or on behalf of an offender. This presumption may be rebutted by providing the secretary of state the original or a copy of a sworn and notarized document signed by the obligor, debtor, or owner of the property designated as collateral stating that the person entered into a security agreement with the offender and authorized the filing of the instrument as provided in section 400.9-509. For the purposes of this subdivision the term "offender" shall have the same definition as provided in section 217.010, except, it shall only include inmates in the custody of the department of corrections.

(d) A record that is communicated to the filing office with tender of the filing fee, but which the filing office refuses to accept for a reason other than one set forth in subsection (b), is effective as a filed record except as against a purchaser of the collateral which gives value in reasonable reliance upon the absence of the record from the files.

(e) In the alternative to the provisions of sections 428.105 through 428.135, if an information statement filed with the secretary of state under section 400.9-518 alleges that a previously filed record was wrongfully filed, the secretary of state shall, without undue delay, determine whether the contested record was wrongfully filed. To determine whether the record was wrongfully filed, the secretary of state may require the person who filed the information statement or the secured party to provide any additional relevant information, including an original or copy of wrongfully filed, the secretary of state shall terminate the record and the record shall be void and ineffective. The secretary of state shall notify the secured party named in the contested record of the termination."; and

Further amend said bill, Page 56, Section 479.020, Line 40, by inserting after all of said line the following:

"486.245. **1.** The county clerk shall keep a register, listing the name and address of eachperson to whom he awards a notary commission and the date upon which he awards the commission. All such bonds, signatures and oaths shall be preserved permanently by the secretary of state.

2. The secretary of state shall maintain a database that includes but is not limited to information that is contained on each notary's seal or any lost seal of a notary public.

486.275. **1.** At the time of notarization a notary public shall sign his **or her** official signature on each notary certificate.

2. If a signature or record is required to be notarized, acknowledged, verified, or made under oath, notwithstanding the provisions of section 486.285 to the contrary, the requirement is satisfied if the electronic signature of the person authorized to perform such acts, together with all other information required to be included, is attached to, or logically associated with the signature or record.

3. The secretary of state shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

486.285. 1. **(1) A manufacturer of a notary public's seal shall register with the secretary of state and communicate to the secretary of state when it has issued a seal to a person in this state. After such communication, the secretary of state shall approve any seal issued by the manufacturer within ten days.**

(2) A copy of the notary's commission shall be maintained by such manufacturer.

(3) If a manufacturer violates the provisions of this subsection, the manufacturer shall be subject to a one thousand dollar fine for each violation.

"577.037. 1. Upon the trial of any person for any criminal offense or violations of county or municipal ordinances, or in any license suspension or revocation proceeding pursuant to the provisions of chapter 302, arising out of acts alleged to have been committed by any person while operating a vehicle, vessel, or aircraft, or acting as a flight crew member of any aircraft, while in an intoxicated condition or with an excessive blood alcohol content, the amount of alcohol in the person's blood at the time of the act, as shown by any chemical analysis of the person's blood, breath, saliva, or urine, is admissible in evidence and the provisions of subdivision (5) of section 491.060 shall not prevent the admissibility or introduction of such evidence if otherwise admissible.

2. If a chemical analysis of the defendant's breath, blood, saliva, or urine demonstrates there was eight-hundredths of one percent or more by weight of alcohol in the person's blood, this shall be prima facie evidence that the person was intoxicated at the time the specimen was taken. If a chemical analysis of the

defendant's breath, blood, saliva, or urine demonstrates that there was less than eight-hundredths of one percent of alcohol in the defendant's blood, any charge alleging a criminal offense related to the operation of a vehicle, vessel, or aircraft while in an intoxicated condition or with an excessive blood alcohol content shall be dismissed with prejudice unless one or more of the following considerations cause the court to find a dismissal unwarranted:

(1) There is evidence that the chemical analysis is unreliable as evidence of the defendant's intoxication at the time of the alleged violation due to the lapse of time between the alleged violation and the obtaining of the specimen;

(2) There is evidence that the defendant was under the influence of a controlled substance, or drug, or a combination of either or both with or without alcohol; or

(3) There is substantial evidence of intoxication from physical observations of witnesses or admissions of the defendant.

3. Percent by weight of alcohol in the blood shall be based upon grams of alcohol per one hundred milliliters of blood or grams of alcohol per two hundred ten liters of breath.

4. The foregoing provisions of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question of whether the person was intoxicated.

5. A chemical analysis of a person's breath, blood, saliva or urine, in order to give rise to the presumption or to have the effect provided for in subsection 2 of this section, shall have been performed as provided in sections 577.020 to 577.041 and in accordance with methods and standards approved by the state department of health and senior services.

6. For any criminal offense or violations of county or municipal ordinances, or in any license suspension or revocation proceeding pursuant to the provisions of chapter 302, arising out of acts alleged to have been committed by any person while operating a vehicle, vessel, or aircraft, or acting as a flight crew member of any aircraft, while in an intoxicated condition or with an excessive blood alcohol content occurring on or between the dates of December 30, 2012, and April 4, 2014, notwithstanding any other provision of law or regulation, a relevant chemical analysis of a person's breath shall be admissible in all proceedings after the effective date of this act, if the standard simulator solutions used to verify and calibrate evidential breath analyzers, had a vapor concentration within five percent of the following values:

(1) 0.10%;

(2) 0.08%; or

(3) 0.04%;

and otherwise was in accordance with methods and standards approved by the state department of health and senior services. This provision is a procedural rule and applies to all actions in progress whether commenced before or after the effective date of this act. Such chemical breath analysis shall be admissible in all proceedings after the effective date of this act even if the offense occurred before the effective date of this act.

7. It is the intent of the legislature to reverse, overturn and abrogate earlier case law interpretations related to the admissibility of chemical breath analyses to include, but not be limited

to, holdings in Stiers v. Dir. of Revenue, No. SC4840 (Mo. Jan. 12, 2016); and Stiers v. Dir. of Revenue, ED 101407, 2015 WL 343310 (Mo.App. E.D. Jan. 27, 2015).

577.037. 1. Upon the trial of any person for violation of any of the provisions of section 565.024, or section 565.060, or section 577.010 or 577.012, or upon the trial of any criminal action or violations of county or municipal ordinances or in any license suspension or revocation proceeding pursuant to the provisions of chapter 302 arising out of acts alleged to have been committed by any person while driving a motor vehicle while in an intoxicated condition, the amount of alcohol in the person's blood at the time of the act alleged as shown by any chemical analysis of the person's blood, breath, saliva or urine is admissible in evidence and the provisions of subdivision (5) of section 491.060 shall not prevent the admissibility or introduction of such evidence if otherwise admissible. If there was eight-hundredths of one percent or more by weight of alcohol in the person's blood, this shall be prima facie evidence that the person was intoxicated at the time the specimen was taken.

5. Any charge alleging a violation of section 577.010 or 577.012 or any county or municipal ordinance prohibiting driving while intoxicated or driving under the influence of alcohol shall be dismissed with prejudice if a chemical analysis of the defendant's breath, blood, saliva, or urine performed in accordance with sections 577.020 to 577.041 and rules promulgated thereunder by the state department of health and senior services demonstrate that there was less than eight-hundredths of one percent of alcohol in the defendant's blood unless one or more of the following considerations cause the court to find a dismissal unwarranted:

(1) There is evidence that the chemical analysis is unreliable as evidence of the defendant's intoxication at the time of the alleged violation due to the lapse of time between the alleged violation and the obtaining of the specimen;

Relating to the designation of certain awareness months.

Whereas, cystic fibrosis, commonly referred to as "CF", is a genetic disease affecting approximately 30,000 children and adults in the United States and nearly 70,000 children and adults worldwide, 717 of whom live in Missouri; and

Whereas, a defective gene causes the body to produce an abnormally thick, sticky mucus that clogs the lungs, and these secretions produce life-threatening lung infections and obstruct the pancreas, preventing digestive enzymes from reaching the intestines to help break down and absorb food; and

Whereas, more than 10 million Americans are symptomless carriers of the defective CF gene, and CF occurs in approximately one of every 3,500 live births in the United States; and

Whereas, the median age of survival for a person with CF is 39.3 years; and

Whereas, with advances in the treatment of CF, the number of adults with CF has steadily grown, and approximately 900 new cases of CF are diagnosed each year; and

Whereas, fifty percent of the CF population is 18 years of age and older, and people with CF have a variety of symptoms attributed to the more than 1,800 mutations of the CF gene; and

Whereas, infant blood screening to detect genetic defects is the most reliable and least costly method to identify persons likely to have CF; and

Whereas, early diagnosis of CF permits early treatment and enhances quality of life and longevity and the treatment of CF depends on the stage of the disease and the organs involved; and

Whereas, clearing mucus from the lungs is an important part of the daily CF treatment regimen, and other types of treatments include inhaled antibiotics and pancreatic enzymes, among others; and

Whereas, there are 8 world-class treatment centers in Missouri which specialize in the diagnosis of CF and the care of persons with CF; and

Whereas, a critical component of treating patients with CF includes access to innovative treatments, which can play a crucial role in the lives of patients with CF; and

Whereas, improving the length and quality of life for people with CF starts with awareness; and

Whereas, the brachial plexus is a network of nerves that conducts signals from the spine to the shoulder, arm, and hand; and

Whereas, injury to these nerves can result in lack of muscle control or feeling in the arm or hand, including Erb's palsy:

Now Therefore Be It Resolved that the members of the House of Representatives of the Ninety-eighth General Assembly, Second Regular Session, the Senate concurring therein, hereby designate the month of May of each year as "Cystic Fibrosis Awareness Month" and the month of October of each year as "Brachial Plexus Awareness Month in Missouri.

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to send a properly inscribed copy of this resolution to the Governor for his approval or rejection pursuant to the Missouri Constitution.

Senator Brown moved that **SS** for **HCS** for **HCR 73** be adopted.

Senator Schaaf assumed the Chair.

So we pray that You will be with us as the final bills are perfected and we shall know that with Your guidance we have done what You expected of us. We give You special thanks for those senators who will be leaving us, for their talents and time and themselves. Herewith I return to you Senate Committee Substitute for Senate Bill No. 591 entitled:

AN ACT

To repeal section 490.065, RSMo, and to enact in lieu thereof one new section relating to expert witnesses.

I disapprove of Senate Committee Substitute for Senate Bill No. 591. My reasons for disapproval are as follows:

Senate Committee Substitute for Senate Bill No. 591 (Senate Bill No. 591) would discard Missouri's well-established criteria guiding the admissibility of expert testimony and replace it with a much more intricate, complicated and costly procedure. These changes are not proposed to solve an existing problem but instead are designed to make it more difficult and expensive for parties to bring forward their case and recover their proper damages. The process presently in place is fair and equitable to all litigants and the substantial and harmful retreat that would be realized by adoption of this new approach will not receive my approval.

The new requirements contained in Senate Bill No. 591 would needlessly strain judicial resources,

require trial judges to conduct unnecessary hearings and become quasi-experts on complex subjects, and, in many cases, would impose a substantial financial burden on litigants. The current, long-standing procedure governing the admissibility of expert testimony has served our state court system well Senate Bill No. 591 would not improve upon this existing model but rather would abandon our current approach for the purpose of targeting injured litigants, whether individuals, small businesses or others, by making it more expensive – and perhaps cost prohibitive - to bring forward their claims. As revealed in the federal court system from where the language of this legislation is borrowed, these provisions could lead to extensive pretrial evidentiary proceedings that would needlessly clog our courts and unnecessarily drain financial resources from the parties.

Senate Bill No. 591 is a targeted attack on an injured party's ability to be justly compensated for their damages, a purpose that is confirmed by the fact that the bill would specifically retain our current expert admissibility standards for probate, juvenile and family court cases. Moreover, the legislation, designed to make it more difficult to admit expert testimony and avoid the use of "junk science," would nevertheless allow a property owner, "while not an expert," to testify as to the reasonable market value of their own land.

The inconsistent approach of Senate Bill No. 591 is indicative of the misguided impetus behind this legislation. Missouri trial judges properly understand and apply Missouri's common sense standards relating to the admissibility of expert testimony and it would be harmful and disruptive to adopt the federally authored changes contained in Senate Bill No. 591 into our Missouri courts.

In accordance with the above stated reasons for disapproval, I am returning Senate Committee Substitute for Senate Bill No. 591 without my approval.

> To repeal sections 167.638, 174.335, 197.315, 208.152, 208.952, 208.985, 335.300, 335.305, 335.310, 335.315, 335.320, 335.325, 335.330, 335.335, 335.340, 335.345, 335.350, 335.355, 338.200, 376.1235, 376.1237, and 536.031, RSMo, and to enact in lieu thereof forty-five new sections relating to health care, with a contingent effective date for certain sections.

I disapprove of Conference Committee Substitute No. 2 for House Committee Substitute for Senate

Substitute for Senate Bill No. 608. My reasons for disapproval are as follows:

Conference Committee Substitute No. 2 for House Committee Substitute for Senate Substitute for Senate Bill No. 608 (Senate Bill No. 608) would needlessly punish our state's most vulnerable citizens without improving access to care or bringing Missourians' tax dollars back to Missouri. While these kinds of market-based reforms and incentives may be acceptable in the context of an expanded Medicaid population that includes more working Missourians, they are cruel and punitive when imposed solely on some of our very poorest and most vulnerable citizens.

Senate Bill No. 608 would impose a host of new penalties and fees on those who are least able to afford them, namely: low-income families, the aged, blind, and disabled. Fees for missed appointments and increased fees for emergency room visits later deemed non-emergency may seem very reasonable to those of us who have access to reliable transportation, who are able to take time off work for appointments and who have ready-access to telephone or e-mail services. Missourians who are disabled or who live in extreme poverty often cannot take advantage of these blessings that others may take for granted.

Over the past four years, the legislature has refused to expand Medicaid eligibility to cover working adults making up to 138 percent of the poverty level, or about $15,000 a year for an individual, and Missouri has turned down billions of dollars in federal funding as a result. Currently, in order to qualify for Medicaid in Missouri, a single parent with two children can make no more than $3,600 a year.

Strengthening Medicaid would provide health coverage to an additional 300,000 working Missourians, create thousands jobs in high-paying health care fields and generate millions of dollars in revenues for other priorities. Due to the legislature's inaction, Missourians continue to pay taxes to the federal government only to see those dollars go to the other 32 states that have moved forward with Medicaid expansion.

Gouging the poor while continuing to send our tax dollars to other states is not reforming our Medicaid system.

In accordance with the above stated reasons for disapproval, I am returning Senate Committee Substitute for Senate Bill No. 608 without my approval.

Herewith I return to you Senate Bill No. 641 entitled:

AN ACT

To repeal section 143.121, RSMo, and to enact in lieu thereof one new section relating to a deduction for compensation payments for agricultural losses.

I disapprove of Senate Bill No. 641. My reasons for disapproval are as follows:

Senate Bill No. 641 would create a new income tax break that could eviscerate the 2017 budget by requiring the state to issue over $50 million in refunds for past payments received as part of any program that compensates agricultural producers through the United States Department of Agriculture for lost profits as a result of droughts, floods and other natural disasters.

While these payments have a beneficial purpose, I cannot support exempting them for purposes of income tax and certainly not doing so retroactively. These payments are specifically intended to replace lost income and represent profits that would otherwise be subject to taxation just like any other business profits. That is precisely why these payments are currently treated as income under federal law, current Missouri law, and the law of 39 other states. Of the states with a state income tax, only one does not treat these payments as income, and even in that state the tax break was not applied retroactively when enacted. Missouri should not join this lonely class.

The provision was specifically written to be retroactive to tax years beginning on or after January 1, 2014, in order to allow amended tax returns for the previous two years to claim a refund back to a year in which historically high payments were received. These individuals have already received these payments, paid taxes on them, and if Senate Bill No. 641 were to become law, would receive a windfall in the form of a refund for those taxes previously paid on that income. Due in large part to its retroactivity, the fiscal impact of Senate Bill No. 641 is estimated to be as high as $51.5 million in general revenue for Fiscal Year 2017. This fiscal impact is significant and, more troubling, not accounted for in the Fiscal Year 2017 budget.

Apart from being poor tax policy, Senate Bill No. 641 is poor fiscal policy. Again this year the General Assembly passed a budget and then passed tax breaks such as this to divert the very revenue upon which the budget was based. Because the Fiscal Year 2017 budget fails to account for the reduction of

revenue that would result from Senate Bill No. 641, executive action will be necessary to balance the budget if this bill were to become law.

In accordance with the above stated reasons for disapproval, I am returning Senate Bill No. 641 without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Conference Committee Substitute for House Committee Substitute for Senate Bill No. 656 (Senate Bill No. 656) entitled:

AN ACT

To repeal sections 50.535, 563.031, 571.030, 571.101, 571.104, 571.111, and 571.126, RSMo, and to enact in lieu thereof fourteen new sections relating to weapons, with penalty provisions, an emergency clause for a certain section, and an effective date for a certain section.

I disapprove of Senate Bill No. 656. My reasons for disapproval are as follows:

Senate Bill No. 656 would eliminate the current requirements that individuals obtain training, education, a background check and a permit in order to carry a concealed firearm in Missouri. Under Senate Bill No. 656, the safeguards in Missouri's concealed carry system would be thrown out and any individual who is allowed to possess a firearm would be automatically allowed to carry it concealed. In doing so, the bill would render meaningless the existing authority of sheriffs to deny concealed carry permits, allowing individuals to legally carry a concealed firearm even though they have been or would be denied a permit because their background check revealed criminal offenses or caused the sheriff to believe they posed a danger.

Since 2003, Missouri law has set forth a process for obtaining concealed carry permits.[1] Such permits are issued by Missouri sheriffs, who are charged with ensuring the safety of the communities they serve. As recently as 2013, the General Assembly passed and I signed a bill that reiterated the important role of Missouri sheriffs in issuing – and for proper public safety reasons denying where appropriate – concealed carry permits (Senate Bill No. 75 (2013)).

Missouri law requires classroom and range training, as well as a background check and review by the sheriff, before an applicant can obtain a concealed carry permit.

I support this system, and have signed bipartisan legislation that proposed sensible expansions to our concealed carry laws. Such changes include:

- Modifying training requirements (House Bill No. 294 (2011), House Bill No. 1647 (2012), Senate Bills No. 489 & 637 (2012));
- Expanding the list of places into which those with permits may carry concealed firearms (House Bill No. 294 (2011));
- Lowering the minimum age for obtaining a permit (House Bill No. 294 (2011));
- Lengthening the duration a concealed carry permit is valid from three years to five years (Senate Bill No. 75 (2013));
- Expanding the list of who is exempt from having to obtain permits (House Bill No. 294 (2011), House Bill No. 533 (2013), Senate Bill No. 745 (2014));
- Allowing those below the minimum age who serve our country in the armed forces to be able to obtain a permit (House Bill No. 1647 (2012));
- Vesting sole responsibility for maintaining concealed carry data in Missouri sheriffs (Senate Bill No. 75 (2013)).

While the above improvements received my support, Senate Bill No. 656, which would throw out the permit process and allow individuals to carry concealed firearms without any of the public safety protections that exist in current law, does not.

---

[1] Prior to August 28, 2013, Missouri's concealed carry permit was reflected as an endorsement on the successful applicant's driver or non-driver license, and was therefore referred to in law and otherwise as a "concealed carry endorsement." Use of the term "permit" herein includes endorsements issued prior to August 28, 2013.

Under current law, to obtain a concealed carry permit, an individual must pass a course of at least eight hours in length that contains training on: handgun safety in the classroom, on the range, at home, and while carrying; basic principles of marksmanship; care and cleaning of concealable firearms; safe storage of firearms at home; the requirements for obtaining a concealed carry permit; Missouri laws relating to firearms. Section 571.111.2 RSMo. This training must also include instruction on Missouri laws relating to justifiable use of force. *Id.* Instructors spend a significant period of the classroom time educating students not only on how to use firearms, but, more importantly, when they are justified in using firearms to protect themselves or others. This classroom instruction is obviously important for public safety, and for the student as well, who needs to know when he may justifiably draw and fire his weapon at another human being. There are life-and-death scenarios reviewed in the classroom, as well as scenarios in which an individual *is not* justified in using lethal force.

In addition to this education, the individual must demonstrate that he or she can safely load and unload a handgun, and must successfully complete a live firing exercise that requires the applicant to fire twenty rounds at a target. Section 571.111.2 RSMo. Then, with the instructor present, the applicant must fire another twenty rounds at the target, hitting the target with at least fifteen of those twenty rounds. *Id*.

After successfully completing the day-long classroom and range instruction, the applicant must go to the sheriff's office and pass a background check before being authorized to carry concealed. Approved trainers throughout our state have taught many thousands of Missourians how to properly and safely handle a concealed firearm. And sheriffs in Missouri have processed applications, conducted background checks and issued concealed carry permits on the same scale. In doing so, sheriffs have also appropriately rejected many individuals' applications under the provisions of section 571.101 RSMo., and those decisions have been upheld by courts on appeal. But Senate Bill No. 656 would remove sheriffs' ability to appropriately exercise that authority to protect their communities from individuals who they determine are a danger to themselves or others.

Under Senate Bill No. 656, the following individuals could automatically, without any scrutiny, training or notification, carry a concealed weapon:

- A person who has pled guilty to a felony and received a suspended imposition of sentence (currently prohibited by section 571.101.2(3) RSMo.);[2]
- An 18-year old high school student (an individual who is not in the military must be at least 19 years old to apply for a concealed carry permit under section 571.101.2(1) RSMo.);
- A person who has been charged with (but not yet convicted of) a felony (currently prohibited by section 571.101.2(5) RSMo.);
- A person who has been convicted of misdemeanor assault (currently prohibited by section 571.101.2(4) RSMo.);
- A person who has two or more misdemeanor DUIs within the last five years (currently

[2] A suspended imposition of sentence reflects a finding of guilt but does not reflect a conviction. Therefore, an individual receiving a suspended imposition of sentence is not prohibited from possessing a firearm under state and federal law, both of which only prohibit possession by those *convicted of* a felony. *See* section 571.070.1(1) RSMo. and 18 U.S.C. 922(g)(1). But Missouri's concealed carry law requires the sheriff to deny the application of one who has pled guilty to or been convicted of a felony. Section 571.101.1(3) RSMo.

prohibited by section 571.101.2(4) RSMo.);

- A person with two or more misdemeanor drug possession convictions within the last five years (currently prohibited by section 571.101.2(4) RSMo.).

Under current law in Missouri, none of these individuals may carry a concealed firearm. Under Senate Bill No. 656, all of them may do so. And they may do so with no training, no background check or screening, and no permit required.

Members of Missouri's law enforcement community, many of whom supported the enactment of the concealed carry law in 2003 and still today support the permit system, have also raised these concerns. I have heard them, and I share their concerns. Sheriffs and their deputies are charged with keeping their communities safe. Through their work, they come to know very well the residents of their jurisdictions. The drafters of Missouri's concealed carry permitting law recognized this and included in the 2003 law section 571.101.2(7) RSMo., which authorizes a sheriff to deny the application of a person who has engaged in a documented pattern of behavior that causes the sheriff to reasonably believe that the applicant is a danger to himself or others. And sheriffs in Missouri can readily identify individuals in their jurisdictions who, although not prohibited by federal or state law from possessing a firearm, would be ineligible for a permit to carry one concealed.

While a permit to carry a concealed weapon in Missouri would be wholly unnecessary under Senate Bill No. 656, our existing permitting process would still be available for individuals who wish to carry concealed weapons in other states through reciprocity and will lead to absurd and dangerous scenarios. For instance, an individual who applies for a permit and is denied based on the sheriff's determination that he is a danger to himself or others would nevertheless be allowed, under Senate Bill. No. 656, to carry a concealed weapon in Missouri the moment he leaves the sheriff's office. I cannot support a system that would ignore a determination by the chief law enforcement officer of a county that an individual is a danger to the community and should not be authorized to carry a concealed firearm.

Missouri's system for granting concealed permits has been in place for more than a decade, and it has worked. Senate Bill No. 656 flouts this system, allowing individuals with no training, no proven handgun capability, and no background check to carry concealed. Law enforcement officials have not called for this change, and for good reason. Allowing currently prohibited individuals to automatically carry concealed firearms would make Missouri less safe.

In accordance with the above stated reasons for disapproval, I am returning Conference Committee Substitute for House Committee Substitute for Senate Bill No. 656 without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Bill No. 844 entitled:

AN ACT

To repeal section 272.030 and 272.230, RSMo, and to enact in lieu thereof one new

section relating to livestock trespass.

I disapprove of Senate Bill No. 844. My reasons for disapproval are as follows:

Under current law, if any horses, cattle or other stock break over or through a fence and trespass on the property of another, the owner of the animals is liable for the damage caused to the other landowner. Under Senate Bill No. 844, the owner of the animals would not be responsible to his neighbor for the damage caused by his animals, unless the injured party can establish "the owner of the trespassing horses, cattle, or other stock was negligent." Current law properly assigns liability upon the owner of the animals that have caused the damage, and I will not approve legislation that shifts that risk to an innocent neighbor.
